B. Comprehension Progress

Class Progress Overview

Your [Reading Eggspress Comprehension Course Progress](#) report shows an overview of all the lessons completed, along with mapping the lessons against the Reading Eggspress learning path, showing you which of your students are working on or above grade. It also shows what lessons each of your students are currently working on.

Find Class Progress

Click on **Comprehension** on your left-hand navigation menu to show how your whole class is advancing.

The screenshot shows the 'Comprehension course progress' report for 23 students. It includes a navigation menu on the left, a top header with 'Reading' and 'Math' tabs, and several data visualization components:

- Class totals:** 350 Comprehension lessons completed, 10 Per student.
- Total lessons completed:** A bar chart showing the number of lessons completed per month from Sept to Aug.
- Class average course progress:** A line graph showing lesson numbers over time, with a legend for Grade 1 and Grade 2.
- Progress by category:** A table showing questions answered and average scores for different categories.
- Student progress:** A table listing students and their lesson completion status, with a corresponding bar chart showing progress for Grade 1 and Grade 2.

Assignments appear in purple to help you distinguish them from other lessons completed.

You can easily identify which of your students are working on or off grade based on the content they are completing.

At any time throughout reporting when you have your class listed you can **drill down on individual student results** by clicking on a student's name.

You can sort any of the columns by the metric displayed, simply by clicking on the header.
