THE INDUSTRY NEEDS *YOU*

DIGITAL SKILLS ARE IN HIGH DEMAND

The digital economy is growing exponentially, with two years of digital transformation occurring in just two months due to the global pandemic (NZ lot Alliance, 2020). This has an impact on everyone, as digital marketing strategies are now fundamental in all businesses. It is predicted that **149 million new digital technology jobs** will be created globally by **2025** (Scoop Media, 2021) — so now more than ever, NZ *needs* skilled professionals in the workforce.

“Without a digital skilled labour force, NZ will be unable to harness digital technology opportunities and the broader digitalisation of the economy.”

- NZ Tech CEO, Graeme Muller

There is no other Digital Marketing programme that will match the learning experience you receive at YooBee.
