No. SIA-5b

### Calling Card 0+900 Access

---

Stentor, on behalf of its Telecommunications Companies, announces the planned introduction of calling card 0+900 access to those Advantage 900 programs assigned to a Business/Government Exchange. Commercial service is expected to become available by IIQ97.

The Advantage 900 Business/Government Exchanges currently includes the 900-565 and 900-733 NXXs. This access will support both operator handled and automated call completion.

**Compatibility Impact:**

The only impact expected is communications software related.

**Documentation:**

None required.

If you have any questions regarding the above, please contact:
