ITEM  
220      **Toll Terminal Service**

ITEM  
220.1      **Service Description**

This service provides hotel and motel private branch exchange systems with direct access to the toll operating centre for outgoing long distance calls.

ITEM  
220.2      **Conditions of Service**

1. The Customer shall pay TCI for Local Channel Charges for circuits connecting the Customer's location to the central office (General Tariff 21461 Item 522).
2. The Customer shall pay TCI for any unusual expense required to furnish Toll Terminal Service. Local Channel Conditioning will be provided, as necessary, at no charge.
3. Toll Terminal Service permits the guest on automatic switchboards the ability to place Message Toll Calls without the assistance of the hotel/motel switchboard operator.
4. Toll Terminal Service permits time and charges to be provided to the hotel/motel operator as soon as the Message Toll Call is completed.
5. When Trunk Circuit Cards are provided at the private branch exchange system, the charge shall apply in addition to the line charge.

ITEM  
220.3      **Rates**

The Customer shall pay to TCI the following rates and charges for Toll Terminal Service. Such rates and charges are in addition to any other rates and charges that may be applicable.
