- (c) The Licensee's Commercial General Liability insurance shall be primary insurance insofar as the Licensor and the Licensee are concerned, with any other insurance maintained by the Licensor being excess and non-contributing with the insurance of the Licensee required hereunder with respect to the extent of the negligence of Licensee and those over whom it is responsible in law. The Owner may request other types of additional insurance coverage, acting reasonably.
- (d) The Licensee shall provide proof of such insurance to the Licensor prior to commencement of any construction and notify the Licensor, in writing, that a policy is cancelled or materially changed to the detriment of the Licensor at least 30 days prior to such cancellation or material change. Annually, on the anniversary of the Commencement Date, or upon renewal of the respective policies as the case may be, the Licensee shall provide proof of such insurance in the form of insurance certificates signed by the Licensee's insurance brokers or its insurers' authorized representatives and in form, content, and detail as approved by the Licensor, acting reasonably.
- (e) The Licensor will maintain all risk property insurance on the Building and Complex.

11. Release by Licensee

In no event will the Licensor be liable to the Licensee and the Licensee releases the Licensor for:

- (a) any damage to the Licensee's Equipment, Equipment Room, and Deemed Area or loss of use of such property, unless, subject to Section 11(f), the same results from the gross negligent or wrongful wilful acts of the Licensor;

- (b) the quality, adequacy, compatibility or sufficiency of any Communication Spaces provided to the Licensee hereunder, it being acknowledged by the Licensee that all Communication Spaces are provided "as is" and "where is", the use of which is at the sole risk of the Licensee;
- (c) the activities of any third party, under the terms of another telecommunications access license or otherwise, whether or not the party has been escorted while within the Building or Complex;
- (d) any claims resulting from lightning or other electrical current passing through the Building or Complex or facilities that cause any damage to the Licensee's Equipment or result in the interruption of any service by the Licensee;
- (e) the inadequacy of any utility service, or the loss of or the failure to provide any utility service save and except for the failure of the Licenser to provide reasonable prior written notice in accordance with Section 6. The Licensee acknowledges that interruptions in the supply of any services, systems or utilities are not uncommon in buildings and the Licensee further acknowledges that any sensitive Licensee's Equipment in and on the Building or Complex will be protected by the Licensee from any failure in supply or interruptions through the use of a UPS system, surge protectors and other appropriate safety systems; or
- (f) any damage, loss, cost or expense (whether below deductibles or not) which arises from damage to or loss of or use of property referred to in Section 11(a), or damage to property in respect of which the Licensee maintains property insurance coverage or is required to maintain property insurance in accordance with the terms of this Agreement, whether the property insurance is provided by a third party insurer or the Licensee self insures it being acknowledged that the Licenser, in requiring the Licensee to maintain property insurance or to self-insure, as provided above, does so with the intent that losses, regardless of how caused, are intended to be covered by that property insurance or self-insurance without any subrogation, claim or other claim associated with the loss or damage being brought against the Licenser.

12. Liens

The Licensee shall be responsible for the satisfaction or payment of any liens for any provider of work, labour, material or services claiming by, through or under the Licensee. The Licensee shall also indemnify, hold harmless and defend the Licenser and Owner(s) against any such liens, including the reasonable fees of the Licenser's solicitors. The provisions of this Section shall survive termination of this Agreement. All such liens shall be removed within 5 Business Days of notice to the Licensee to do so. The Licenser may, at the cost of the Licensee, pay money into court to obtain removal of a lien if the Licensee fails to do so, as required, and the Licensee will pay the cost to the Licenser including the amount paid into court plus an administration fee equal to 15% of the amount.

13. Agency and Trust and Third-Party Claims

- (a) Neither the Licenser nor the Licensee will be liable to the other (regardless of any other provision of this Agreement), in respect of any indirect, special, incidental or consequential damages including loss of revenue, loss of profits, loss of business opportunity or loss of use of any facilities or property, even if advised of the possibility of such damages.
- (b) Wherever a release is provided for under this Agreement in favour of the Licenser, it will be deemed to include the Released Licenser Persons. The Licenser acts as agent or trustee for the benefit of the Released Licenser Persons, and each of them, to allow them

to enforce the benefit of this provision as well as the benefit of each release clause in this Agreement that is intended to benefit them.

- (c) Wherever a release is provided for under this Agreement in favour of the Licensee, it will be deemed to include the Released Licensee Persons. The Licensee acts as agent or trustee for the benefit of the Released Licensee Persons, and each of them, to allow them to enforce the benefit of this provision as well as the benefit of each release clause in this Agreement that is intended to benefit them.
- (d) The Licensors and the Licensee will limit any claim that they respectively might have or acquire against a third party in respect of damage or loss for which they have released the Released Licensors or the Released Licensee Persons, so that the third party does not have a claim for contribution or indemnity against the Released Licensors or the Released Licensee Persons, as the case may be.

14. Assignment, Sublicensing, Encumbering, Sharing of Space and Equipment by the Licensee

- (a) The Licensee shall not assign this Agreement in whole or in part without obtaining the prior written consent of the Licensors which consent may not be unreasonably withheld. Despite what is stated above, the Licensee may assign its rights under this Agreement, on a bona fide basis, to an Affiliate without the prior written consent of the Licensors, or to a purchaser of substantially all of the assets of the Licensee if: (i) the assignee executes an agreement with the Licensors to be bound by the terms of this Agreement and agrees to pay the reasonable costs of the Licensors incurred in connection with the preparation, negotiation and finalization of that agreement; (ii) the assignee (unless it is a purchaser described above) agrees in the agreement referred to above, that should it cease to be an Affiliate of the Licensee named on the Information Page, an assignment in respect of which the Licensors' consent is required as provided above will be considered to occur; and (iii) the assignee provides to the Licensors those reasonable particulars which the Licensors requires in order to satisfy itself concerning the requirements stipulated above, and provides to the Licensors reasonable advance notice to enable it to prepare, negotiate and obtain the execution of the agreement mentioned above and to satisfy itself that the requirements stipulated above are satisfied.
- (b) No assignment whether to an Affiliate or otherwise, shall release the Licensee from any liability or obligation under this Agreement, unless the Licensors provides a release in writing.
- (c) Except as required or mandated by the CRTC and as provided for in this Agreement, the Licensee will not sublicense, co-locate, share the use of, or otherwise provide the benefit of this Agreement to any third party telecommunication provider or other communication service provider and will not mortgage or encumber its rights under this Agreement in favour of any Lender without the Licensors' consent.
- (d) Despite what is stated above, the Licensee will be permitted to assign its rights under this Agreement to a bona fide lender, as collateral security for any bona fide, secured financing of all or part of its business undertaking. However, this permission does not imply or allow the inference that the Licensors waives, or is willing to forbear from the exercise of its remedies under this Agreement, should an Event of Default occur, nor that any lender will have any greater rights than the Licensee in respect of this Agreement, including but not limited to the restrictions set out in this Section 14.

15. Hazardous Materials

The Licensee shall not install, bring upon, or use any Hazardous Substance into or on the Building and Complex except telecommunications equipment batteries in a manner and in quantities as necessary for the ordinary performance of Licensee's business in the Building or Complex as permitted under this Agreement, and provided that any such use is in compliance with all applicable laws. The Licensee shall indemnify and hold the Released Licensors and any party the Licensors are responsible for at law, harmless from any claim, loss, cost, damage, or expense resulting from any breach regarding the installation or use of any Hazardous Substance brought into or on the Lands or Building or Complex by the Licensee, including any and all costs incurred in remedying such breach, with such indemnity to survive the expiration or earlier termination of this Agreement.

16. Events of Default - Termination Remedies

- (a) Each of the following events shall be deemed to be an Event of Default by the Licensee under this Agreement:
 - (i) the Licensee defaulting in the payment of any License Fee, amount, or portion thereof, or other sum of money due to the Licensors and such default continues for more than 5 Business Days, after written notification of such default by the Licensors to the Licensee;
 - (ii) there is interference with the telecommunications or computer equipment of the Licensors, any tenant, or any other occupant of the Building or Complex or any other telecommunications or computer devices provided in the Building or Complex by reason of, or as a result of, the installation, operation, maintenance, repair, or removal of the Licensee's Equipment, which interference is not cured within 48 hours of the Licensee's receipt of written notice by the Licensors of such interference;
 - (iii) the revocation of the Licensee's permission to provide regulated or non-regulated telecommunications services by any governing entity authorized to permit or regulate the Licensee's providing of such services;
 - (iv) the Licensee's becoming insolvent, or the filing, execution, or occurrence of a petition in bankruptcy or other insolvency proceeding by or against the Licensee; or an assignment for the benefit of creditors; or a petition or proceeding by or against the Licensee for the appointment of a trustee, receiver or liquidator of the Licensee or of any of the Licensee's property or a proceeding by any governmental authority for the dissolution or liquidation of the Licensee;
 - (v) the appointment of a receiver, receiver and manager, or other representative in connection with any default by the Licensee under any loan or debt obligation;
 - (vi) the ceasing of the Licensee to carry on business in the ordinary course; or
 - (vii) if the Licensee shall default in the observance or performance of any of the Licensee's other obligations under this Agreement and such default shall continue for more than 10 Business Days after written notification of such default by the Licensors to the Licensee.
- (b) Upon or after the occurrence of an Event of Default the Licensors may elect to terminate this Agreement without limiting its other remedies.

- (c) If the Licensor shall default in the observance or performance of any of the Licensor's material obligations under this Agreement and such default shall continue for more than 10 Business Days after written notification of such default by the Licensee to the Licensor, the Licensee may terminate this Agreement.

17. Restoration Obligations

- (a) At the expiration or earlier termination of this Agreement the Licensee shall, at the Licensee's sole cost and expense, without liens, remove the Entrance Cable, and all other items of the Licensee's Equipment except any part of it that by agreement between the Licensee and the Licensor has been acquired by the Licensor, and all of the Licensee's personal property from the Building and Complex. This obligation to remove the Cables and Entrance Cable and all other items of the Licensee's Equipment shall be subject to any CRTC-mandated obligations upon the Licensee to provide services to other TSP's. If any property that is required to be removed is not so removed within 20 Business Days after the termination, the property may, at the Licensor's sole option, (i) be removed and stored by the Licensor at the Licensee's expense plus an administration fee equal to 15% of the expense, or (ii) become the property of the Licensor without compensation to the Licensee. As of the date of such removal, neither party shall have any claim against the other, except for claims or obligations that may have arisen or accrued prior to such termination or arise by reason of the Licensee's Equipment and other equipment or property removal, which claims or obligations shall survive such termination. The Licensee further covenants, at its sole cost and expense, to repair or refinish all damage caused by the operation or removal of the Licensee's Equipment. If the Licensee fails to repair or refinish any such damage, the Licensor may, in its sole discretion, repair or refinish such damage and the Licensee shall reimburse the Licensor of all costs and expenses incurred in such repair or refinishing and will pay to the Licensor an administration fee equal to 15% of the cost. The Licensee will provide to the Licensor upon completion of the removal of the Licensee's Equipment an engineer's report confirming completion of the removal in accordance with this Agreement.
- (b) If due to CRTC mandated obligations upon the Licensee to provide services to other TSPs, the Licensee is not required by Section 17(a) to remove the Entrance Cable or vertical copper cable or other items of the Licensee's Equipment ("Exempted Items") then despite the expiration or termination of the Term of this License, all of the obligations of the Licensee under this Agreement will continue in full force and effect except that the obligation to pay the License Fee will be suspended so long as the Licensee does not provide Services. That situation will continue (subject to the sentence following this one) until the Licensee's CRTC mandated obligations end and the Licensee removes the Exempted Items and restores damage as provided in Section 17(a). So long as, and to the extent a third party assumes responsibility and control of the Exempted Items, and the third party is bound by a telecommunications access agreement with the Licensor, or a successor of the Licensor, the Licensee will be exempted from the obligation to remove the Exempted Items.

18. Licensor's Alterations

Despite anything else in this Agreement, the Licensor may, at any time, make any changes in, additions to or relocations of any part of the Building or Complex; may grant, modify or terminate easements and any other agreements pertaining to the use or maintenance of all or any part of the Building or Complex, may close all or any part of the Building or Complex to such extent as the Licensor considers necessary to prevent the accrual of any rights in them to any persons; and the Licensor may also make changes or additions to the pipes, ducts, utilities and any other building services in the Building or Complex (including areas used or occupied by the Licensee) which serve

any part of the Building or Complex. No claim for compensation shall be made by the Licensee by reason of any inconvenience, nuisance or discomfort arising from work done by the Licensor but the work will be done as expeditiously as is reasonably possible.

19. Notices

Any demand, notice or other communication to be given in connection with this Agreement shall be in writing and shall be deemed received by the recipient on the date of delivery, provided that delivery is made before 5:00 p.m. on a Business Day, failing which receipt shall be deemed to have occurred the next following Business Day. Until notified of a different address, as provided herein, all notices shall be addressed to the parties as stipulated on the Information Page. Notices given by electronic means will not be considered to have been given in writing.

20. Licensee's Equipment to Remain Personal Property

Except as otherwise provided in this Agreement, the Licensee's Equipment, Entrance Cable and In-Building Wire shall remain personal property of the Licensee although it may be affixed or attached to the Building or Complex, and shall, during the Term of this Agreement, or any Renewal Term, and upon the expiration of this Agreement belong to and be removable by the Licensee.

21. License Only

This Agreement creates a non-exclusive license only and the Licensee acknowledges that the Licensee does not and shall not claim any interest or estate of any kind or extent whatsoever in the Building, Complex, Communications Spaces, or Equipment Room by virtue of this Agreement or the Licensee's use of the Building, Complex, Communications Spaces or Equipment Room. The relationship between the Licensor and the Licensee shall not be deemed to be a "landlord-tenant" relationship and the Licensee shall not be entitled to avail itself of any rights afforded to tenants at law.

22. Limitation of Liability

The obligations of the Licensor under this Agreement shall no longer be binding upon the Licensor if the Licensor or Owner(s) sells, assigns or otherwise transfers its interest in the Building or Complex as owner or lessor (or upon any subsequent licensor or owner after the sale, assignment or transfer by such subsequent licensor). If there is such a sale, assignment or transfer, the Licensor's obligations shall be binding upon the grantee, assignee or other transferee of the interest, and any such grantee, assignee or transferee, by accepting such interest, shall be deemed to have assumed those obligations from and after the sale, assignment or transfer. A lease of the entire Building or Complex shall be deemed a transfer within the meaning of this Section. For greater clarity, nothing in this Section releases the Licensor from any liability(ies) that may arise prior to the date of such sale, assignment or transfer herein.

23. Specific Termination Rights

In addition to the other termination rights provided to it in this Agreement, either party may elect to terminate this Agreement in each of the following circumstances, subject to giving at least 30 days' prior written notice to the other party:

- a) where the Building or Complex has been destroyed, or damaged to such an extent that it is not feasible to repair it within a period of 180 days after the damage;
- b) where the Deemed Area or the Communications Spaces become damaged and, it is not feasible to restore them within 90 days after the damage;

- c) where the Building or Complex is expropriated by a lawful authority;
- d) where the Licenser wishes to redevelop, or otherwise alter the Building or Complex in such a manner as to, in the Licenser's opinion, make the relocation of any part of the Deemed Area or the Licensee's Equipment not feasible;
- e) the Licensee no longer provides Licensee's Services in the Building;
- f) the Licensee is unable to secure, on terms and conditions reasonably satisfactory to it, all necessary consents, approvals, permits and authorizations of any federal, municipal or other governmental authority having jurisdiction over the provisioning of Licensee Services or any other matters required by the Licensee to provide Licensee Services, despite having used best efforts to do so; or
- g) the Building is no longer a "Multi-Dwelling Unit Building" as defined by the CRTC.

24. Estoppel Certificates

The Licensee will provide to the Licenser from time to time, within 10 Business Days of the Licenser's written request in each case, at no cost to the Licenser, a statement duly executed by the Licensee confirming that this Agreement is in good standing confirming, the Fees payable and the Fees actually paid to any date specified by the Licenser for the statement confirming the Commencement Date, the Term, any Renewal Term to which it claims to be entitled, and any other information that the Licenser reasonably requests pertaining to this Agreement or Building.

25. Licenser's Authority

The Licenser represents that it has full authority to execute this Agreement.

26. Several Obligations - Non-Recourse

The liability of each of the Owner(s) where there are more than one, is several and not joint, or joint and several and is limited to the interest of the Owner(s) from time to time in the Building or Complex.

27. Entire Agreement

The terms and conditions contained in this Agreement supersede all prior oral or written understandings between the parties and constitute the entire agreement between them concerning the subject matter of this Agreement. This Agreement shall not be modified or amended except in writing signed by authorized representatives of the parties.

28. Licensee's Representation

The Licensee represents to the Licenser and acknowledges that the Licenser relies upon this representation and would not have entered into this Agreement but for that representation, that, the construction, design and operation of the Licensee's Equipment includes back-up, redundant and "fail safe" features so that the risk of damage, malfunction or disruption of the Licensee's Equipment disrupting service to customers or other third parties utilizing that network and equipment (except for telecommunication services between (i) the customers of the Licensee or the customers of telecommunication service providers that lease local loops from the Licensee to serve customers within the Building or Complex and (ii) persons communicating with those customers) is minimized.

29. Force Majeure

Without limiting or restricting the applicability of the law governing frustration of contracts, in the event either party fails to meet any of its obligations under this Agreement within the time prescribed, and such failure shall be caused, or materially contributed to, by force majeure, such failure shall be deemed not to be a breach of the obligations of such party under this Agreement, and the time for the performance of such obligation shall be extended accordingly as may be appropriate under the circumstances. For the purpose of this Agreement, force majeure shall include, but is not limited to: any acts of God, war, natural calamities, strikes, lockouts or other labour stoppages or disturbances, civil commotion or disruptions, riots, epidemics, acts of government or any competent authority having jurisdiction, or any other legitimate cause or event beyond the reasonable control of such party, and which, by the exercise of due diligence, such party could not have prevented, but lack of funds on the part of such party shall not be deemed to be a force majeure.

30. Implied Waivers

A waiver by the Licensor or the Licensee of any breach of the terms, covenants and conditions of this Agreement shall not be deemed to be a waiver of the term, covenant or condition or of any subsequent breach of it or any other term, covenant or condition. No term, covenant or condition of this Agreement is deemed to have been waived unless the waiver is in writing and signed by the Licensor or the Licensee, as the case may be.

31. Severability

If any provision of this Agreement or any part of a provision is found to be illegal or unenforceable then it will be severed from the rest of this Agreement and the rest of this Agreement will be enforceable, accordingly.

32. Counterparts and PDF

This Agreement may be executed by counterparts and by electronic (email PDF) transmission, and if so executed, each document shall be deemed to be an original, shall have the same effect as if all parties had executed the same copy of this Agreement, and all of which copies (when taken together) shall constitute one and the same document. At the Licensor's option, the parties hereto shall act reasonably and diligently to execute and deliver originals of this Agreement in hard copy as soon as reasonably possible after execution and delivery by counterpart and electronic transmission.
