FORWARD-LOOKING STATEMENTS

This prospectus supplement and the short form base shelf prospectus to which it relates, together with the documents incorporated by reference herein and therein, contain forward-looking statements about expected events and the financial and operating performance of TELUS.

Forward-looking statements include any statements that do not refer to historical facts. They include, but are not limited to, statements relating to the Company's objectives and its strategies to achieve those objectives, the intended use of the net proceeds of the Offering, its expectations regarding trends in the telecommunications industry (including demand for data and ongoing subscriber base growth), and the Company's financing plans (including its multi-year dividend growth program). Forward-looking statements are typically identified by the words "assumption", "goal", "guidance", "objective", "outlook", "strategy", "target" and other similar expressions, or future or conditional verbs such as "aim", "anticipate", "believe", "could", "expect", "intend", "may", "plan", "predict", "seek", "should", "strive" and "will". These statements are made pursuant to the "safe harbour" provisions of applicable securities laws in Canada and the United States *Private Securities Litigation Reform Act of 1995*.

By their nature, forward-looking statements are subject to inherent risks and uncertainties and are based on assumptions, including assumptions about future economic conditions and courses of action. These assumptions may ultimately prove to have been inaccurate and, as a result, the Company's actual results or other events may differ materially from expectations expressed in or implied by the forward-looking statements.

The risks and assumptions underlying the Company's forward-looking statements are described in additional detail in Section 9 *General trends, outlook and assumptions, and regulatory developments and proceedings*, and Section 10 *Risks and risk management* in the Company's Annual MD&A and updated in the Company's Interim MD&A. Those descriptions are incorporated by reference into this prospectus supplement, but are not intended to be a complete list of the risks that could affect Company, or of the Company's assumptions.

Risks and uncertainties that could cause actual performance or other events to differ materially from the forward-looking statements made herein and in other TELUS filings incorporated by reference herein include, but are not limited to, the following:

- Regulatory matters. The Company operates in a number of highly regulated industries and is therefore subject to a wide variety of laws and regulations domestically and internationally. Policies and practices of elected officials and regulatory decisions, reviews and government activity may have strategic, operational and/or

financial implications (including on revenue and free cash flow). Risks and uncertainties include: potential changes to the Company's regulatory regime or the outcomes of proceedings, cases or inquiries relating to its application, including but not limited to those set out in Section 9.1 *Communications industry regulatory developments and proceedings* in the Company's Interim MD&A; the Company's ability to comply with complex and changing regulation of the healthcare, virtual care and medical devices industries in the jurisdictions in which the Company operates, including as an operator of health clinics; and the Company's ability to comply with, or facilitate its clients' compliance with, numerous, complex and sometimes conflicting legal regimes, both domestically and internationally.

- Competitive environment. Competitor expansion, activity and intensity (pricing, including discounting, bundling), as well as non-traditional competition, disruptive technology and disintermediation, may alter the nature of the markets in which the Company competes and impact the Company's market share and financial results (including revenue and free cash flow). TELUS International (Cda) Inc., TELUS Health and TELUS Agriculture & Consumer Goods face intense competition in different markets.
- Technology. Consumer adoption of alternative technologies and changing customer expectations have the potential to impact the Company's revenue streams and customer churn rates. Risks and uncertainties include: a declining overall market for TV services; disruptive technologies, including software-defined networks in the business market, that may displace or cause the Company to reprice its existing data services, and self-installed technology solutions; any failure to innovate, maintain technological advantages or respond effectively and in a timely manner to changes in technology; the roll-out, anticipated benefits and efficiencies, and ongoing evolution of wireless broadband technologies and systems; the Company's reliance on wireless network access agreements, which have facilitated the Company's deployment of mobile technologies; the Company's choice of suppliers and those suppliers' ability to maintain and service their product lines, which could affect the success of upgrades to, and evolution of, technology that it offers; supplier limitations and concentration and market power for products such as network equipment, TELUS TV and mobile handsets; the Company's expected long-term need to acquire additional spectrum capacity through future spectrum auctions and from third parties to address increasing demand for data, and its ability to utilize spectrum it acquires; deployment and operation of new fixed broadband network technologies at a reasonable cost and the availability and success of new products and services to be rolled out using such network technologies; and the Company's deployment of self-learning tools and automation, which may change the way the Company interacts with customers.
- Security and data protection. The Company's ability to detect and identify potential threats and vulnerabilities depends on the effectiveness of its security controls in protecting its infrastructure and operating environment, and its timeliness in responding to attacks and recovering business operations. A successful attack may impede the operations of the Company's network or lead to the unauthorized interception, destruction, use or dissemination of customer, team member or business information.
- Generative AI ("GenAI"). GenAI exposes the Company to numerous risks including risks related to the responsible use of AI, data privacy and cybersecurity, and the possibility that the Company's use of AI may produce inaccurate or inappropriate content or create negative perceptions among companies and regulators that could affect demand for its services.
- Climate and the environment. Natural disasters, pandemics, disruptive events and climate change may impact the Company's operations, customer satisfaction and team member experience.

The Company's goals to achieve carbon neutrality and reduce its greenhouse gas ("GHG") emissions in its operations are subject to its ability to identify, procure and implement solutions to reduce energy consumption and adopt cleaner sources of energy, its ability to identify and make suitable investments in renewable energy, including in the form of virtual power purchase agreements, and the Company's ability to continue to realize significant absolute reductions in energy use and the resulting GHG emissions in its operations.

- Operational performance and business combination. Investments and acquisitions present opportunities to expand the Company's operational scope, but may expose it to new risks. The Company may be unsuccessful

in gaining market traction/share and realizing benefits, and integration efforts may divert resources from other priorities. Risks include: the Company's reliance on third-party cloud-based computing services to deliver its IT services; and economic, political and other risks associated with doing business globally (including war and other geopolitical developments).

- The Company's systems and processes. Systems and technology innovation, maintenance and management may impact the Company's IT systems and network reliability, as well as its operating costs. Risks and uncertainties include: the Company's ability to maintain customer service and operate its network in the event of human error or human-caused threats, such as cyberattacks and equipment failures that could cause various degrees of network outages; technical disruptions and infrastructure breakdowns; delays and rising costs, including as a result of government restrictions or trade actions; and the completeness and effectiveness of business continuity and disaster recovery plans and responses.
- The Company's team. The rapidly evolving and highly competitive nature of the Company's markets and operating environment, along with the globalization and evolving demographic profile of its workforce, and the effectiveness of its internal training, development, succession and health and well-being programs, may impact the Company's ability to attract, develop and retain team members with the skills required to meet the changing needs of its customers and its business. There may be greater physical and mental health challenges faced by team members (and their families) as a result of the pandemic and its aftermath, and the effect of other significant change initiatives at the organization may result in the loss of key team members through short-term and long-term disability.
- Suppliers. The Company may be impacted by supply chain disruptions and lack of resiliency in relation to global or local events. Dependence on a single supplier for products, components, service delivery or support may impact the Company's ability to efficiently meet constantly changing and rising customer expectations while maintaining quality of service.
- Real estate matters. Real estate investments are exposed to possible financing risks and uncertainty related to future demand, occupancy and rental rates, especially following the pandemic. Future real estate developments may not be completed on budget or on time and may not obtain lease commitments as planned.
- Financing, debt and dividends. The Company's ability to access funding at optimal pricing may be impacted by general market conditions and changing assessments in the fixed-income and capital markets regarding its ability to generate sufficient future cash flow to service its debt. The Company's current intention to pay dividends to shareholders could constrain its ability to invest in its operations to support future growth. Risks and uncertainties include: the Company's ability to use equity as consideration in business acquisitions is impacted by stock market valuations of TELUS' Common Shares and TELUS International (Cda) Inc.'s Subordinate Voting Shares ("TELUS International (Cda) Inc. Subordinate Voting Shares"); the Company's capital expenditure levels and potential outlays for spectrum licences in auctions or purchases from third parties affect and are affected by: the Company's broadband initiatives; the Company's ongoing deployment of newer mobile technologies; investments in network technology required to comply with laws and regulations relating to the security of cyber systems, including bans on the products and services of certain vendors; investments in network resiliency and reliability; the allocation of resources to acquisitions and future spectrum auctions held by Innovation, Science and Economic Development Canada (ISED). The Company's capital expenditure levels could be impacted if it does not achieve its targeted operational and financial results or if there are changes to its regulatory environment; and lower than planned free cash flow could constrain the Company's ability to invest in operations, reduce leverage or return capital to shareholders. Quarterly dividend decisions are made by the Company's Board of Directors based on the Company's financial position and outlook. There can be no assurance that the Company's dividend growth program will be maintained through 2025 or renewed.

Factors that may affect the financial performance of TELUS International (Cda) Inc. are described in TELUS International (Cda) Inc.'s public filings available on SEDAR+ and EDGAR. TELUS International (Cda) Inc. may choose to publicize targets or provide other guidance regarding its business and it may not achieve such targets. Failure to meet these targets could affect the Company's ability to achieve targets for the organization

as a whole and could result in a decline in the trading price of the TELUS International (Cda) Inc. Subordinate Voting Shares or the Company's Common Shares or both.

- Tax matters. Complexity of domestic and foreign tax laws, regulations and reporting requirements applying to the Company and its international operating subsidiaries may impact financial results. International acquisitions and expansion of operations heighten the Company's exposure to multiple forms of taxation.
- The economy. Changing global economic conditions, including a potential recession and alternating expectations about inflation, as well as the Company's effectiveness in monitoring and revising growth assumptions and contingency plans, may impact the achievement of its corporate objectives, its financial results (including free cash flow), and its defined benefit pension plans.
- Litigation and legal matters. Complexity of, and compliance with, laws, regulations, commitments and expectations may have a financial and reputational impact. Risks include: the Company's ability to defend against existing and potential claims or to negotiate and exercise indemnity rights or other protections in respect of such claims; and the complexity of legal compliance in domestic and foreign jurisdictions, including compliance with competition, anti-bribery and foreign corrupt practices laws.

These risks are described in additional detail in the Company's Annual MD&A and Interim MD&A. Those descriptions are incorporated by reference in this cautionary statement but are not intended to be a complete list of the risks that could affect the Company. See also "Risk Factors" in this prospectus supplement.

Additional risks and uncertainties that are not currently known to the Company or that it currently deems to be immaterial may also have a material adverse effect on its financial position, financial performance, cash flows, business or reputation. Except as otherwise indicated in this prospectus supplement and the short form base shelf prospectus to which it relates, the forward-looking statements made herein do not reflect the potential impact of any non-recurring or special items or any mergers, acquisitions, dispositions or other business combinations or transactions that may be announced or that may occur after the date of this prospectus supplement.

Readers are cautioned not to place undue reliance on forward-looking statements. Forward-looking statements in this prospectus supplement and the short form base shelf prospectus to which it relates describe the Company's expectations and are based on its assumptions as at the date hereof and are subject to change after this date. The Company disclaims any intention or obligation to update or revise any forward-looking statements except as required by law.

This cautionary statement qualifies all of the forward-looking statements in this prospectus supplement and the short form base shelf prospectus to which it relates including in each case the documents incorporated by reference.

Notes:

- (1) Reflects approximately \$699 million arising from the issue of the Notes offered hereby (being the price to the public in respect of the Notes), and assumes the net proceeds from this Offering will be used for the repayment of outstanding indebtedness, including the repayment of commercial paper (incurred for general working capital purposes) and the reduction of cash amounts outstanding under the Receivables Trust (incurred for general working capital purposes), and for other general corporate purposes. The amount reflected does not deduct issue costs related to this Offering.
- (2) As at the date of this prospectus supplement, no amount was drawn on the TELUS Corporation Credit Facility and the amount of commercial paper outstanding, all of which was denominated in US dollars, was US\$1.1 billion (\$1.5 billion, based on the daily average exchange rate as reported by the Bank of Canada on August 7, 2024, which was US\$1.00 = \$1.3739, before application of the proceeds from this Offering). Approximately \$550 million of the proceeds of the Offering will be used to reduce the amount of commercial paper outstanding.
- (3) The principal amount of 2.80% Notes due February 2027 outstanding is US\$600 million.
- (4) The principal amount of 3.70% Notes due September 2027 outstanding is US\$500 million.
- (5) The principal amount of 3.40% Notes due May 2032 outstanding is US\$900 million.
- (6) The principal amount of 4.60% Notes due November 2048 outstanding is US\$750 million.
- (7) The principal amount of 4.30% Notes due June 2049 outstanding is US\$500 million.
- (8) As of the date of this prospectus supplement, US\$1.5 billion (\$2.0 billion, based on the daily average exchange rate as reported by the Bank of Canada on August 7, 2024 which was US\$1.00 = \$1.3739) was drawn on the TELUS International (Cda) Inc. Credit Facility.

USE OF PROCEEDS

The total net proceeds to be received by the Company from this Offering are estimated to be approximately \$697 million after payment of commissions to the Agents but before deduction of the expenses of this Offering. The net proceeds will be used for the repayment of outstanding indebtedness, including the repayment of commercial paper (incurred for general working capital purposes) and the reduction of cash amounts outstanding under the Receivables Trust (incurred for general working capital purposes), and for other general corporate purposes. See “Consolidated Capitalization”.

EARNINGS COVERAGE RATIO

The following consolidated earnings coverage ratios have been calculated for the 12-month periods ended December 31, 2023 and June 30, 2024. The earnings coverage ratios refer to the ratio of (i) consolidated net income attributable to holders of Common Shares before borrowing costs and income taxes, and (ii) borrowing costs.

For the 12-month periods ended December 31, 2023 and June 30, 2024, the Company’s consolidated net income attributable to holders of Common Shares before borrowing costs and income taxes was \$2,243 million and \$2,248 million, respectively. *Pro forma* borrowing costs for the 12-month periods were \$1,254 million and \$1,254 million, respectively. The borrowing costs and earnings coverage ratios for the 12-month periods ended December 31, 2023 and June 30, 2024 give *pro forma* effect to the issuance, repayment and redemption of all long-term debt of the Company since such dates (including the Offering and the application or assumed application of the proceeds thereof), as if it had occurred at the beginning of such 12-month period. The earnings coverage ratios set out below do not purport to be indicative of earnings coverage ratios for any future periods.

12-month period ended	December 31, 2023	June 30, 2024
Earnings coverage ratio	1.8	1.8

RISK FACTORS

An investment in the Notes offered hereby involves certain risks. In addition to the other information contained in this prospectus supplement and in the section entitled “Risks and risk management” in the Company’s Annual MD&A and Interim MD&A, which sections are incorporated herein by reference, prospective investors should carefully consider the following factors in evaluating TELUS and its business before making an investment in the Notes.

Structural Subordination of Notes

The Notes will be obligations exclusively of the Company. The Company’s existing operations are currently conducted through its subsidiaries. The Company’s ability to meet its debt service obligations, including payment of principal and interest on the Notes, is dependent upon the cash flow of its subsidiaries and the payment of funds by its subsidiaries to the Company in the form of loans, dividends, fees or otherwise. The Company’s subsidiaries are separate and distinct legal entities and will have no obligation, contingent or otherwise, to pay any amounts due pursuant to the Notes or to make any funds available therefor, whether in the form of loans, dividends or otherwise. Because the Company’s subsidiaries will not guarantee the payment of principal of or interest on the Notes, any right of the Company to receive assets of the subsidiaries upon their bankruptcy, receivership, liquidation or reorganization (and the consequent right of the holders of the Notes (collectively, the “Noteholders” and each, a “Noteholder”) to participate in the distribution of proceeds from those assets) will be effectively subordinated to the claims of such subsidiaries’ creditors (including tax authorities, trade creditors and lenders).

The Notes may be Subject to Optional Redemption by the Company

An optional redemption feature is likely to limit the market value of the Notes. During any period when the Company may elect to redeem or is perceived to be able to redeem the Notes, the market value of the Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Company may redeem the Notes when its cost of borrowing is lower than the interest payable on them. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest payable on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Change of Law

The Notes will be governed by the laws of the Province of Ontario and the laws of Canada applicable therein. No assurance can be given as to the impact of any possible judicial decision or change to such laws or any administrative practice thereof or any change in law (including taxation law) relating to the jurisdiction of the Noteholders after the date the Notes are issued, and any such change could materially adversely impact the value of the Notes.

Bankruptcy and Related Laws

The Company is incorporated under the laws of the Province of British Columbia and its principal operating assets are located in Canada.

The rights of the Canadian Trustee (as defined herein) to enforce remedies are likely to be significantly impaired by the restructuring, receivership, liquidation and other provisions of applicable Canadian bankruptcy, insolvency, restructuring and other similar legislation if the benefit of such legislation is sought with respect to the Company. For example, both the *Bankruptcy and Insolvency Act* (Canada) and the *Companies' Creditors Arrangement Act* (Canada) contain provisions enabling "an insolvent person" to obtain a stay of proceedings as against its creditors and others and to prepare and file a proposal or plan to restructure and/or compromise obligations for consideration by all or some of its creditors to be voted on by the various classes of its creditors. Such a restructuring proposal or plan, if accepted by the requisite majorities of creditors and if approved by the court, would be binding on persons who might not otherwise be willing to accept it. Moreover, both statutes permit, in certain circumstances, the insolvent debtor to retain possession and administration of its property, even though it may be in default under the applicable debt instrument.

The powers of the court under applicable Canadian bankruptcy, insolvency, restructuring and other similar legislation (including the *Bankruptcy and Insolvency Act* (Canada) and particularly under the *Companies' Creditors Arrangement Act* (Canada)) have generally been exercised broadly to protect a debtor entity from actions taken by creditors and other parties. Accordingly, it is impossible to predict if payments under the Notes would be made following commencement of or during such a proceeding, whether or when the Canadian Trustee could exercise its rights under the Canadian Indenture or whether and to what extent Noteholders would be compensated for any delay in payments of principal and interest.

No Public Market

There is no established trading market for the Notes. The Company does not intend to have the Notes listed for trading on any securities exchange or quoted on any automated dealer quotation system. The Agents have advised the Company that they presently intend to make a market in the Notes, but the Agents are not obligated to do so and any such market-making activities may be discontinued at any time without notice at the sole discretion of the Agents. Accordingly, no assurance can be given as to the prices or liquidity of, or trading markets for, the Notes. The liquidity of any market for the Notes will depend upon the number of holders of such Notes, the interest of securities dealers in making a market in the Notes and other factors. The absence of an active market for the Notes could adversely affect their market price and liquidity. This is particularly the case for securities that are designed for specific investment objectives or strategies or have been prepared to meet the investment requirements of limited categories of investors.

Credit Ratings

There can be no assurance that the credit ratings assigned to the Notes will remain in effect for any given period of time or that the ratings will not be withdrawn or revised at any time. There can be no assurance that any rating agency that rates the Notes will not downgrade its ratings on the Notes. Real or anticipated changes in credit ratings on the Notes may affect the market value of the Notes. In addition, real or anticipated changes in credit ratings can affect the cost at which TELUS can access the capital markets. See "Credit Ratings".

Repurchase upon Change of Control Triggering Event

In the event that the Company is required to offer to repurchase the Notes upon the occurrence of a Change of Control Triggering Event, it may not have sufficient funds to repurchase the Notes in cash at such time. In addition, the Company's ability to repurchase the Notes for cash may be limited by applicable law.

Interest Rate Risks

Prevailing interest rates will affect the market price or value of the Notes. The market price or value of the Notes will decline as prevailing interest rates for comparable debt instruments rise, and will increase as prevailing interest rates for comparable debt instruments decline.

DETAILS OF THE OFFERING

The following description of the Notes is a brief summary of their respective material attributes and characteristics, which does not purport to be complete and is qualified in its entirety by reference to the Canadian Indenture (as defined below) as applicable to the Notes. The following summary uses words and terms which have been defined in the Canadian Indenture. For full particulars, reference is made to the short form base shelf prospectus and to the Canadian Indenture.

General

The Notes will be issued under a supplemental indenture (the “Supplemental Indenture”) which will supplement the terms and conditions in the trust indenture dated May 22, 2001 (the “Canadian Trust Indenture”) between the Company and Montreal Trust Company of Canada (now Computershare Trust Company of Canada), as trustee (the “Canadian Trustee”).

The Supplemental Indenture will be entered into between the Company and the Canadian Trustee and will be dated as of the closing date of this Offering. The Supplemental Indenture will provide for, among other things, the creation and issuance of the Notes. The Canadian Trust Indenture is described in the short form base shelf prospectus. References herein to the “Canadian Indenture” refer to the Canadian Trust Indenture as supplemented by the Supplemental Indenture.

The Company may, from time to time, without the consent of the holders of the Notes, create and issue additional Notes under the Supplemental Indenture, having the same terms and conditions as the Notes in all respects, except for such variations to such terms and conditions as may be required, in the reasonable opinion of the Company, to reflect the different issue dates of such additional Notes and the then existing Notes and any intention that all such additional Notes and the then existing Notes be fungible for trading purposes. Additional Notes issued in this manner will be consolidated with and form a single series with the then existing Notes and, if the Company acting reasonably determines that it is advisable or advantageous to do so, the Company may accept such additional Notes and the then existing Notes in exchange for consolidated and restated replacement Notes reflecting the terms and conditions of such additional Notes and the then existing Notes.

Principal, Maturity and Interest

The Notes will be initially limited to \$700,000,000 aggregate principal amount (provided that the Company may in the future issue additional Notes up to any additional amount determined by the Company without the consent of existing holders of the Notes), and will mature on August 13, 2031. The Notes will bear interest at the rate of 4.65% per annum from their issuance date, payable in equal semi-annual instalments on February 13 and August 13 of each year, commencing on February 13, 2025, to holders of record on January 29 and July 29, respectively.

Principal and interest on the Notes will be payable in lawful money of Canada. The issuance date for the Notes offered hereby will be on or about August 13, 2024.

On maturity, the Company will repay the indebtedness represented by the Notes by paying the Canadian Trustee in Canadian dollars an amount equal to the principal amount of the outstanding Notes plus any accrued and unpaid interest thereon. Interest will be computed on the basis of a 365-day year. The yearly rate of interest that is equivalent to the rate payable under the Notes is the rate payable multiplied by the actual number of days in the year and divided by 365 and is disclosed herein solely for the purpose of providing the disclosure required by the *Interest Act* (Canada).

The Notes will be issued only in fully registered form, without coupons, in denominations of \$1,000 of principal amount and any integral multiple thereof.

Optional Redemption

The Notes may be redeemed at any time prior to June 13, 2031 at the option of the Company, in whole or from time to time, in part, on not fewer than 10 nor more than 60 days prior notice at a redemption price equal to the greater of (a) the Discounted Value of the Notes being redeemed and (b) 100% of the principal amount thereof. The Notes may be redeemed at any time on or after June 13, 2031 at the option of the Company, in whole or from time to time, in part, on not fewer than 10 nor more than 60 days prior notice at a redemption price equal to 100% of the principal amount thereof. In addition, accrued and unpaid interest, if any, will be paid to the date fixed for redemption. Any redemption may, at the Company's discretion, be subject to one or more conditions, and may be revoked if any such conditions are not satisfied.

In the case of a redemption for less than all of the Notes, the Notes to be redeemed will be selected by the Canadian Trustee in such manner as the Canadian Trustee deems appropriate.

The "Discounted Value of the Notes" shall mean an amount equal to the sum of the present values of all remaining scheduled payments of principal and interest (not including any portion of the payment of interest accrued as of the redemption date) from the redemption date of the Notes to the respective due dates for such payments until June 13, 2031, computed on a semi-annual basis by discounting such payments (assuming a 365 day year) to the redemption date of the Notes at the Government of Canada Yield for the Notes, plus 38.5 basis points.

"Government of Canada Yield for the Notes" shall mean, with respect to any redemption date of the Notes, the mid market yield to maturity on the third business day (the "Determination Date") preceding the redemption date of the Notes, compounded semi-annually, which a non-callable Government of Canada Bond would carry if issued, in Canadian dollars in Canada, at 100% of its principal amount on such date with a term to maturity which most closely approximates the remaining term to June 13, 2031 from such redemption date as quoted by a dealer selected from time to time by the Company and approved by the Canadian Trustee at noon (Toronto time) on such Determination Date.

Tax Redemption

The Notes may be redeemed, in whole, but not in part, at the option of TELUS at any time, on not fewer than 30 nor more than 60 days' prior written notice, at 100% of the outstanding principal amount, together with accrued and unpaid interest thereon to the redemption date, in the event TELUS delivers to the Canadian Trustee an opinion of independent Canadian tax counsel experienced in such matters to the effect that TELUS has become or would become obligated to pay, on the next date on which any amount would be payable with respect to the outstanding Notes any Additional Amounts (as defined herein) as a result of a change in the laws (including any regulations promulgated thereunder) of Canada, or any province or territory thereof or therein or any agency thereof or therein having the power to tax, or any change in any official position regarding the application or interpretation of such laws or regulations, which change is announced or becomes effective on or after the date of the original issuance of the Notes; provided that TELUS determines, in its business judgment, that the obligation to pay such Additional Amounts cannot be avoided by the use of reasonable measures available to TELUS (not including substitution of the obligor under the Notes).

Repurchase upon Change of Control Triggering Event

If a Change of Control Triggering Event (as defined herein) occurs with respect to the Notes, unless the Company has exercised its optional right to redeem all of the Notes as described under "—Optional Redemption" or "—Tax Redemption" above, the Company will be required to make an offer to repurchase all or, at the option of the holder of the Notes, any part (equal to \$1,000 or an integral multiple thereof) of each holder's Notes pursuant to the offer described below (the "Change of Control Offer") on the terms set forth in the applicable Supplemental Indenture. In the Change of Control Offer, the Company will be required to offer payment in cash equal to 101% of the aggregate

outstanding principal amount of Notes to be repurchased together with accrued and unpaid interest on the Notes to the date of repurchase.

Within 30 days following any Change of Control Triggering Event, the Company will be required to give written notice to holders of the Notes describing the transaction or transactions that constitute the Change of Control Triggering Event and offering to repurchase the Notes on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is given. The Company must comply with the requirements of applicable securities laws and regulations in connection with the repurchase of the Notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any such applicable securities laws and regulations conflict with the Change of Control (as defined herein) provisions, the Company will be required to comply with such laws and regulations and will not be deemed to have breached its obligations to repurchase the Notes by virtue of such conflict.

The Company will not be required to make a Change of Control Offer upon a Change of Control Triggering Event if a third party makes such an offer substantially in the manner, at the times and in compliance with the requirements for a Change of Control Offer (and for at least the same purchase price payable in cash) and such third party purchases all Notes properly tendered and not withdrawn under its offer.

“Change of Control” shall mean the occurrence of any one of the following: (a) the direct or indirect sale, transfer, conveyance, lease or other disposition (other than by way of consolidation, amalgamation or merger), in one or a series of related transactions, of all or substantially all of the property and assets of the Company and its Subsidiaries (as defined in the short form base shelf prospectus), taken as a whole, to any person or group of persons acting jointly or in concert for purposes of such transaction (other than to the Company and its Subsidiaries); or (b) the consummation of any transaction including, without limitation, any consolidation, amalgamation, merger or issue of voting shares the result of which is that any person or group of persons acting jointly or in concert for purposes of such transaction (other than the Company and its Subsidiaries) becomes the beneficial owner, directly or indirectly, of more than 50% of the voting shares of the Company, measured by voting power rather than number of shares (but shall not include the creation of a holding company or similar transaction that does not involve a change in the beneficial ownership of the Company).

“Change of Control Triggering Event” shall mean the occurrence of both a Change of Control and a Rating Event.

“Investment Grade Rating” shall mean a rating equal to or higher than Baa3 (or the equivalent) by Moody’s Investors Service Inc. (“Moody’s”), BBB- (or the equivalent) by Standard & Poor’s Rating Services, a business unit of S&P Global Canada Corp. (“S&P”), or BBB (low) (or the equivalent) by DBRS Limited (“DBRS”), or the equivalent investment grade credit rating from any other Specified Rating Agency.

“Rating Event” shall mean the rating of the Notes is lowered to below an Investment Grade Rating by at least two out of three of the Specified Rating Agencies if there are three Specified Rating Agencies or all of the Specified Rating Agencies if there are less than three Specified Rating Agencies (the “Required Threshold”) on any day within the 60-day period (which 60-day period will be extended so long as the rating of Notes is under publicly announced consideration for a possible downgrade by such number of the Specified Rating Agencies which, together with Specified Rating Agencies which have already lowered their ratings on the Notes as aforesaid, would aggregate in number the Required Threshold, but only to the extent that, and for so long as, a Change of Control Triggering Event would result if such downgrade were to occur) after the earlier of (a) the occurrence of a Change of Control, and (b) public notice of the occurrence of a Change of Control or of the Company’s intention or agreement to effect a Change of Control.

“Specified Rating Agencies” shall mean each of Moody’s, S&P and DBRS as long as, in each case, it has not ceased to rate the Notes or failed to make a rating of Notes publicly available for reasons outside of the Company’s control; provided that if one or more of Moody’s, S&P or DBRS ceases to rate the Notes or fails to make a rating of the Notes publicly available for reasons outside of the Company’s control, the Company may select any other “designated rating organization” within the meaning of National Instrument 41-101 of the Canadian Securities Administrators as a replacement agency for such one or more of them, as the case may be.

Purchase of Notes

The Company may, at any time and from time to time, purchase Notes in the secondary market (which may include purchases from or through an investment dealer or a firm holding membership on a recognized stock exchange) or by tender or private contract, at any price, subject to applicable law.

Defeasance

The provisions described under “Description of Debt Securities—Defeasance” in the short form base shelf prospectus are applicable to the Notes, including the condition that the Company will deliver to the Canadian Trustee an opinion of counsel to the effect that the applicable holders of the Notes will not recognize income, gain or loss for Canadian federal income tax purposes as a result of such defeasance and will be subject to Canadian federal income tax on the same basis as if such defeasance had not occurred.

Events of Default

Events of Default are described in the short form base shelf prospectus under “Description of Debt Securities—Events of Default” and reference is made to that section for a list of the events which constitute an Event of Default with respect to the Notes.

Negative Pledge

The Canadian Indenture contains provisions to the effect that the Company will not, nor will it permit any Restricted Subsidiary (as defined herein) to, create or assume any Lien (as defined in the short form base shelf prospectus) upon any present or future Principal Property (as defined in the short form base shelf prospectus) or any Property (as defined in the short form base shelf prospectus) which, together with any other Property subject to Liens in the same transaction or a series of related transactions, would in the aggregate constitute a Principal Property, of the Company or any Restricted Subsidiary, to secure Indebtedness (as defined in the short form base shelf prospectus) of the Company or a Restricted Subsidiary unless the Notes (together with, if the Company shall so determine, any other Indebtedness of the Company or any Restricted Subsidiary ranking equally with the Notes then existing or thereafter created), shall be concurrently secured equally and rateably with (or prior to) such other Indebtedness so long as such Lien is outstanding.

The restrictions set forth above shall not apply to certain permitted Liens (each, a “Permitted Lien”), including:

- (i) Liens existing on the initial issuance date for the Notes (namely, on or about August 13, 2024);
- (ii) Liens on any Property of any Person (as defined in the short form base shelf prospectus) existing at the time such Person becomes a Restricted Subsidiary, or at the time such Person amalgamates or merges with the Company or a Restricted Subsidiary, which Liens are not created in contemplation of such Person becoming a Restricted Subsidiary or effecting such amalgamation or merger;
- (iii) Liens on any Property existing at the time such Property is acquired by the Company or a Restricted Subsidiary, or Liens to secure the payment of all or any part of the purchase price of such Property upon the acquisition of such Property by the Company or a Restricted Subsidiary or to secure any Indebtedness incurred prior to, at the time of, or within 270 days after, the later of the date of acquisition of such Property and the date such Property is placed in service, for the purpose of financing all or any part of the purchase price thereof, or Liens to secure any Indebtedness incurred for the purpose of financing the cost to the Company or a Restricted Subsidiary of improvements to such acquired Property or to secure any Indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of construction of the Property subject to such Liens;
- (iv) Liens securing any Indebtedness of a Restricted Subsidiary owing to the Company or to another Restricted Subsidiary;

- (v) Liens on Property of the Company or a Restricted Subsidiary securing Indebtedness or other obligations issued by Canada or the United States of America or any state or any department, agency or instrumentality or political subdivision of Canada or the United States of America or any state, or by any other country or any political subdivision of any other country, for the purpose of financing all or any part of the purchase price of, or, in the case of real property, the cost of construction on or improvement of, any property or assets subject to the Liens, including Liens incurred in connection with pollution control, industrial revenue or similar financings;
- (vi) Liens securing any extension, renewal or replacement (or successive extensions, renewals or replacements) in whole or in part of any Indebtedness secured by any Permitted Lien, including those referred to in the foregoing clauses (i), (ii), (iii), (iv) and (v); provided, however, that such new Lien is limited to the Property which was subject to the prior Lien immediately before such extension, renewal or replacement, and provided, further, that the principal amount of Indebtedness secured by the prior Lien immediately prior to such extension, renewal or replacement is not increased; and
- (vii) any other Liens not otherwise qualifying as a Permitted Lien provided that, at the applicable time, the sum of (without duplication) (x) the aggregate principal amount of the Indebtedness secured by all such other Liens, plus (y) the Attributable Debt (as defined in the short form base shelf prospectus) determined at such time of the then outstanding Unrestricted Sale and Lease-Back Transactions (as defined herein) to which the Company or a Restricted Subsidiary is a party, plus (z) the then outstanding principal amount of all other Indebtedness of Restricted Subsidiaries incurred in compliance with “Limitation on Restricted Subsidiary Indebtedness” below (other than any Indebtedness of Restricted Subsidiaries excluded from the calculations of such limitation on Restricted Subsidiary Indebtedness pursuant to the provisos contained therein), does not exceed 15% of the then applicable Consolidated Net Tangible Assets (as defined in the short form base shelf prospectus).

“Restricted Subsidiary” means (a) TELUS Communications Inc., (b) TELUS International (Cda) Inc., and (c) at any time any other Subsidiary (as defined in the Company’s short form base shelf prospectus dated August 2, 2024) of the Company if, at the end of the most recent fiscal quarter for which the Company has issued its financial statements, the total assets of such Subsidiary exceeded 10% of the consolidated assets of the Company and its Subsidiaries, determined in accordance with Canadian generally accepted accounting principles consistently applied.

Limitation on Restricted Subsidiary Indebtedness

The Canadian Indenture contains provisions to the effect that TELUS shall not permit any Restricted Subsidiary to, directly or indirectly, create, incur or assume any Indebtedness, unless after giving effect to the incurrence of such Indebtedness and the application of the proceeds therefrom, the sum of (without duplication) (x) the aggregate principal amount of Indebtedness of all Restricted Subsidiaries, plus (y) the then outstanding principal amount of Indebtedness of TELUS secured by Liens (other than any Lien constituting a Permitted Lien under any of clauses (a) to (cc) inclusive of the definition of Permitted Liens), plus (z) Attributable Debt relating to then outstanding Unrestricted Sale and Lease-Back Transactions of TELUS, would not exceed 15% of Consolidated Net Tangible Assets. This restriction does not affect the Permitted Indebtedness (as defined in the applicable Supplemental Indenture) of Restricted Subsidiaries, which is (1) Indebtedness secured by any Lien constituting a Permitted Lien under any of clauses (a) to (cc) inclusive of the definition of Permitted Liens, (2) Indebtedness (excluding Indebtedness outstanding under commercial paper programs) of any Person existing on the date of the applicable Supplemental Indenture or at the time such Person becomes a Restricted Subsidiary, (3) Indebtedness owing to TELUS or to another Restricted Subsidiary, (4) commercial paper issued by the Restricted Subsidiaries not to exceed in the aggregate \$1 billion, and (5) any extension, renewal or replacement (including successive extensions, renewals or replacements), in whole or in part, of any Indebtedness of the Restricted Subsidiaries referred to in any of the preceding clauses (1), (2), (3) or (4) (provided that the principal amount of such Indebtedness immediately prior to such extension, renewal or replacement is not increased).

Limitation on Sale and Lease-Back Transactions

Neither the Company nor any Restricted Subsidiary may enter into any Sale and Lease-Back Transaction, except for:

- (i) any Sale and Lease-Back Transaction constituting a specified Permitted Lien under the Canadian Indenture; or
- (ii) any Sale and Lease-Back Transaction that is not otherwise permitted under clauses (i) above or (iii) below and in respect of which the Company or such Restricted Subsidiary would, at the time it enters into such Sale and Lease-Back Transaction, be entitled to create a Lien on the Principal Property (or the properties, as the case may be) subject to such Sale and Lease-Back Transaction to secure Indebtedness at least equal in amount to the Attributable Debt in respect of such Sale and Lease-Back Transaction without being required to equally and rateably secure the Notes pursuant to the negative pledge described above (any Sale and Lease-Back Transaction entered into in compliance with this paragraph being an “Unrestricted Sale and Lease-Back Transaction”); or
- (iii) any Sale and Lease-Back Transaction if the Company or such Restricted Subsidiary shall apply or cause to be applied, in the case of a sale or transfer for cash, an amount equal to the greater of the fair market value of the Principal Property (or the properties, as the case may be) sold or transferred and leased back pursuant to such Sale and Lease-Back Transaction or the net proceeds of such Sale and Lease-Back Transaction and, in the case of a sale or transfer otherwise than for cash, an amount equal to the fair market value of the Principal Property (or the properties, as the case may be) sold or transferred and leased back pursuant to such Sale and Lease-Back Transaction, to (x) the retirement (other than any mandatory retirement), within 180 days after the effective date of such Sale and Lease-Back Transaction, of Indebtedness of the Company (which may but need not include the Debt Securities (as defined in the short form base shelf prospectus) of any series) ranking on a parity with, or prior to, the Notes and owing to a Person other than the Company or any Affiliate (as defined in the short form base shelf prospectus) of the Company, or (y) the purchase, construction or improvement of real property or personal property used by the Company or the Restricted Subsidiaries in the ordinary course of business.

Other Covenants

In addition to the covenants of the Company described above under “— Limitation on Restricted Subsidiary Indebtedness”, under “— Negative Pledge”, which supersedes the provisions described under “Description of Debt Securities — Negative Pledge” in the accompanying short form base shelf prospectus, and under “— Limitation on Sale and Lease-Back Transactions”, which supersedes the provisions described under “Description of Debt Securities — Limitation on Sale and Lease-Back Transactions” in the accompanying short form base shelf prospectus, there are certain additional covenants which are applicable to the Notes that are described in the short form base shelf prospectus and reference is made to that document for descriptions of such covenants.

Book-Entry System

The Notes will be issued in the form of one or more fully registered global securities (each, a “Global Note”) to be held by, or on behalf of, CDS, as depository and registered in the name of CDS’ nominee. Direct and indirect participants in CDS will record beneficial ownership of the Notes on behalf of their respective accountholders.

Payments

Payments of interest and principal on a Global Note will be made to CDS or its nominee, as the case may be, as registered holder of the particular Global Note. As long as CDS or its nominee is the registered owner of a Global Note, CDS or its nominee, as the case may be, will be considered the sole legal owner of such Global Note for the purposes of receiving payments of interest and principal on the Notes and for all other purposes under the Canadian Indenture other than with respect to the payment of Additional Amounts which will be determined based on amounts

received by an applicable Noteholder or beneficial owner of Notes, as described below under the heading “Additional Amounts”. Interest payments on Global Notes will be made by electronic funds transfer on the day interest is payable and delivered to CDS or its nominee, as the case may be.

The Company understands that CDS or its nominee, upon receipt of any payment of interest or principal in respect of a Global Note, will credit participants’ accounts, on the date interest or principal is payable, with payments in amounts proportionate to their respective beneficial interest in the principal amount of such Global Note as shown on the records of CDS or its nominee. The Company also understands that payments of interest and principal by participants to the owners of beneficial interests in such Global Note held through such participants will be governed by standing instructions and customary practices and will be the responsibility of such participants. The responsibility and liability of the Company in respect of payments on Notes represented by Global Notes is limited solely and exclusively, while the Notes are registered in Global Note form, to making payment of any interest and principal due on such Global Note to CDS or its nominee.

If definitive Notes are issued instead of or in place of Global Notes, payments of interest on each definitive Note will be made by electronic funds transfer, if agreed to by the Noteholder, or by cheque dated the relevant Interest Payment Date and mailed to the address of such Noteholder appearing in the register maintained by the registrar for the Notes, at the close of business on the last day of the month immediately preceding the month in which the relevant Interest Payment Date occurs.

The Canadian Trustee will act, pursuant to the Canadian Indenture, as the registrar and paying agent. Payment of principal at maturity will be made at the principal office of the Canadian Trustee in the City of Calgary, Alberta (or in such other city or cities as may from time to time be designated by the Company) against surrender of the Notes. If the due date for payment of any amount of principal or interest on any Note is not, at the place of payment, a business day (being a day other than a Saturday, Sunday or a day on which financial institutions at the place of payment are authorized or obligated by law or regulation to close) such payment will be made on the next business day and the applicable Noteholder shall not be entitled to any further interest or other payment in respect of such delay.

Additional Amounts

All payments made by TELUS under or with respect to the Notes will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge imposed or levied by or on behalf of the Government of Canada or of any province or territory thereof or therein or by any authority or agency thereof or therein having power to tax (collectively, “Taxes”) unless TELUS is required to withhold or deduct Taxes by law or by the interpretation or administration thereof by the relevant government authority or agency. For the Notes, if TELUS is so required to withhold or deduct any amount for or on account of Taxes from any payment made under or with respect to the Notes, TELUS will pay such additional amounts (“Additional Amounts”) as may be necessary so that the net amount received by each applicable Noteholder or beneficial owner (including Additional Amounts) after such withholding or deduction will not be less than the amount the applicable Noteholder or beneficial owner would have received if such Taxes had not been withheld or deducted; provided that no Additional Amounts will be payable with respect to:

- any payment to a Noteholder or beneficial owner who is liable for such Taxes in respect of such Note (i) by reason of such Noteholder or beneficial owner being a person with whom TELUS is not dealing at arm’s length for the purposes of the Tax Act; or (ii) by reason of the existence of any present or former connection between such Noteholder or beneficial owner (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of power over, such Noteholder or beneficial owner, if such Noteholder or beneficial owner is an estate, trust, partnership, limited liability company or corporation) and Canada or any province or territory thereof or therein or agency thereof or therein other than the mere acquisition, holding, use or ownership or deemed holding, use or ownership, or receiving payments or enforcing any rights in respect of such Note as a non-resident or deemed non-resident of Canada or any province or territory thereof or therein or agency thereof or therein;

- any payment to a Noteholder or beneficial owner in respect of whom such Tax is required to be withheld or deducted by reason of the holder or beneficial owner being a person (i) who is, or does not deal at arm's length with any person who is, a "specified shareholder" (as defined in subsection 18(5) of the Tax Act) of TELUS; or (ii) who is an entity in respect of which TELUS is a "specified entity" (as defined in subsection 18.4(1) of the Tax Act);
- any Note presented for payment more than 30 days after the later of (i) the date on which such payment first becomes due; or (ii) if the full amount of the monies payable has not been paid to the Noteholders on or prior to such date, the date on which the full amount of such monies has been paid to the Noteholders, except to the extent that the Noteholder thereof would have been entitled to such Additional Amounts on presenting the same for payment on the last day of such period of 30 days;
- any estate, inheritance, gift, sales, transfer, excise or personal property tax or any similar tax;
- any Taxes imposed as a result of the failure of a Noteholder or beneficial owner to comply with certification, identification, declaration or similar reporting requirements concerning the nationality, residence, identity or connection with Canada or any province or territory thereof or therein or agency thereof or therein of the Noteholder or beneficial owner of such Note, if such compliance is required by statute or by regulation, as a precondition to reduction of, or exemption, from such Taxes;
- any Taxes which are payable otherwise than by withholding or deduction from any payment made under or with respect to the Notes; or
- any combination of the above items,

nor will such Additional Amounts be paid with respect to any payment on any Note to a Noteholder or beneficial owner who is a fiduciary or partnership or other than the sole beneficial owner of such Note to the extent that a beneficiary or settlor with respect to such fiduciary, or a member of such partnership or a beneficial owner thereof would not have been entitled to receive a payment of such Additional Amounts had such beneficiary, settlor, member or beneficial owner received directly its beneficial or distributive share of such payment.

Where Tax is payable pursuant to Section 803 of the *Income Tax Regulations* by a Noteholder or beneficial owner of the Notes in respect of any amount payable under the Notes to the Noteholder (other than by reason of a transfer of the Notes to a person resident in Canada with whom the transferor does not deal at arm's length for the purposes of such Act), but no Additional Amount is paid in respect of such Tax, TELUS will pay to the Noteholder an amount equal to such Tax within 45 days after receiving from the Noteholder a notice containing reasonable particulars of the Tax so payable, provided such Noteholder or beneficial owner would have been entitled to receive Additional Amounts on account of such Tax but for the fact that it is payable otherwise than by deduction or withholding from payments made under or with respect to the Notes.

Whenever in the Canadian Indenture or in any Note there is mention, in any context, of the payment of principal of, or premium, interest or any other amount on any Note, such mention shall be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

The obligation to pay Additional Amounts will survive any termination or discharge of the Canadian Indenture or the redemption, repayment or purchase of the Notes.

Governing Law

The Canadian Indenture and the Notes are governed by, and construed in accordance with, the laws of the Province of Ontario.

CREDIT RATINGS

The Notes have been rated BBB by DBRS, BBB by S&P, and Baa2 by Moody's (each of DBRS, S&P, and Moody's, a "Rating Agency"). Credit ratings are intended to provide investors with an independent measure of the credit quality of an issue of securities.

The following descriptions of the rating categories prepared by the respective Rating Agencies (obtained from their public websites) are provided solely to provide a description of the rating schemes used by each Rating Agency and do not constitute an endorsement by TELUS of the categories or of the application of the respective Rating Agencies.

<u>Institution</u>	<u>Rating</u>
---------------------------	----------------------

DBRS	The DBRS® long-term rating scale provides an opinion on the risk of default. That is, the risk that an issuer will fail to satisfy its financial obligations in accordance with the terms under which an obligation has been issued. Ratings are based on quantitative and qualitative considerations relevant to the issuer, and the relative ranking of claims. All rating categories, other than "AAA" and "D", also contain subcategories "(high)" and "(low)". The absence of either a "(high)" or "(low)" designation indicates the rating is in the middle of the category.
-------------	--

A "BBB" rating denotes adequate credit quality. The capacity for the payment of financial obligations is considered acceptable. May be vulnerable to future events.

The assignment of a "positive", "stable" or "negative" trend provides guidance in respect of DBRS' opinion regarding the trend for the rating. The rating trend indicates the direction in which DBRS considers the rating may move if present circumstances continue, or in certain cases, unless challenges are addressed by the issuer. DBRS has assigned a stable trend to the Notes.

S&P	A S&P issue credit rating is a forward-looking opinion about the creditworthiness of an obligor with respect to a specific financial obligation, a specific class of financial obligations, or a specific financial program (including ratings on medium-term note programs and commercial paper programs). It takes into consideration the creditworthiness of guarantors, insurers, or other forms of credit enhancement on the obligation and takes into account the currency in which the obligation is denominated. The opinion reflects S&P's view of the obligor's capacity and willingness to meet its financial commitments as they come due, and may assess terms, such as collateral security and subordination, which could affect ultimate payment in the event of default.
----------------	--

An obligation rated "BBB" exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to weaken the obligor's capacity to meet its financial commitments on the obligation.

The ratings from "AA" to "CCC" may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories.

S&P assigns outlooks to issuers and not to individual debt securities. An S&P outlook assesses the potential direction of a long-term credit rating over the intermediate term, which is generally up to two years for investment grade issuers and generally up to one year for speculative grade issuers. S&P has assigned a stable outlook to the Company.

Moody's	Moody's long-term ratings are assigned to issuers or obligations with an original maturity of eleven months or more and reflect both on the likelihood of a default on contractually promised payments and the expected financial loss suffered in the event of default.
----------------	--

Institution **Rating**

Obligations rated “Baa” are judged to be medium-grade and subject to moderate credit risk and as such may possess certain speculative characteristics.

Moody’s appends numerical modifiers 1, 2, and 3 to each generic rating classification from “Aa” through “Caa”. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.

Outlooks may be assigned at the issuer level or at the rating level. A Moody’s rating outlook is an opinion regarding the likely rating direction over the medium term. A stable outlook indicates a low likelihood of a rating change over the medium term. A negative, positive or developing outlook indicates a higher likelihood of a rating change over the medium term. Moody’s has assigned a stable outlook to the Company.

The Company has made payments to each of the Rating Agencies in connection with the assignment of ratings to its long-term debt and will make payments to each of the Rating Agencies in connection with the confirmation of such ratings for purposes of this Offering. In addition, the Company has made payments in respect of certain other services provided to the Company by each of the Rating Agencies during the last two years.

The credit ratings accorded to the Notes by the Rating Agencies are not recommendations to purchase, hold or sell the applicable Notes inasmuch as such ratings do not comment as to market price or suitability for a particular investor. There is no assurance that any rating will remain in effect for any given period of time or that any rating will not be withdrawn or revised entirely by a Rating Agency at any time if in its judgment circumstances so warrant.

ELIGIBILITY FOR INVESTMENT

In the opinion of Norton Rose Fulbright Canada LLP, counsel to the Company, and Osler, Hoskin & Harcourt LLP, counsel to the Agents, the Notes, if issued on the date hereof, would be qualified investments under the Tax Act and the regulations thereunder for trusts governed by registered retirement savings plans (“RRSPs”), registered retirement income funds (“RRIFs”), registered disability savings plans (“RDSPs”), registered education savings plans (“RESPs”), deferred profit sharing plans (“DPSPs”) (other than trusts governed by DPSPs for which any of the employers is the Company or is an employer with whom the Company does not deal at arm’s length, within the meaning of the Tax Act), tax-free savings accounts (“TFSA”) and first home savings accounts (“FHSA”).

Notwithstanding the foregoing, if a Note is a “prohibited investment” for an RRSP, RRIF, RDSP, RESP, TFSA or FHSA, the annuitant under the RRSP or RRIF, subscriber to the RESP or the holder of the TFSA, FHSA or RDSP, as the case may be, may be subject to a penalty tax under the Tax Act. Generally, the Notes will not be a “prohibited investment” for an RRSP, RRIF, RESP, RDSP, TFSA or FHSA provided that, for purposes of the Tax Act, the annuitant of the RRSP or RRIF, subscriber to the RESP or the holder of the TFSA, FHSA or RDSP (as the case may be) (a) deals at arm’s length with the Company for purposes of the Tax Act and (b) does not have a “significant interest” (within the meaning of subsection 207.01(4) of the Tax Act) in the Company.

Prospective investors should consult their own tax advisors with respect to the prohibited investment rules, having regard to their particular circumstances.

CERTAIN CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Norton Rose Fulbright Canada LLP, counsel to the Company, and Osler, Hoskin & Harcourt LLP, counsel to the Agents, the following is a general summary of the principal Canadian federal income tax considerations generally applicable under the Tax Act to a holder who acquires, as beneficial owner, Notes pursuant to this Offering. This summary is applicable to such a holder who, at all relevant times, for purposes of the application of the Tax Act: (i) is, or is deemed to be, resident in Canada; (ii) deals at arm’s length with, and is not affiliated with,

the Company; and (iii) holds Notes as capital property (a “Holder”). Generally, the Notes will be considered capital property to a Holder provided the Holder does not acquire or hold such Notes in the course of carrying on a business of trading or dealing in securities and has not acquired them in one or more transactions considered to be an adventure or concern in the nature of trade. Certain Holders that might not otherwise be considered to hold their Notes as capital property may, in certain circumstances, be entitled to have the Notes, and all other “Canadian securities” (as defined in the Tax Act) owned by such Holders in the taxation year of the election and all subsequent taxation years deemed to be treated as capital property by making the irrevocable election permitted by subsection 39(4) of the Tax Act. Such Holders should consult their own tax advisors having regard to their particular circumstances.

This summary is not applicable to a Holder (i) that is a “financial institution” for purposes of the mark-to-market rules in the Tax Act, (ii) an interest in which is a “tax shelter investment”, (iii) that reports its “Canadian tax results” in a currency other than Canadian currency, or (iv) that has entered into or will enter into a “derivative forward agreement” in respect of the Notes, each as defined in the Tax Act. Such Holders should consult their own tax advisors having regard to their particular circumstances.

This summary is based on the current provisions of the Tax Act and the regulations thereunder (the “Regulations”) and counsel’s understanding of the current administrative policies and assessing practices of the Canada Revenue Agency (the “CRA”) published in writing prior to the date hereof. This summary also takes into account all specific proposals to amend the Tax Act and Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (collectively, the “Proposed Tax Amendments”) and assumes that all Proposed Tax Amendments will be enacted in the form proposed. No assurances can be given that the Proposed Tax Amendments will be enacted or will be enacted as proposed. Other than the Proposed Tax Amendments, this summary does not take into account or anticipate any changes in law or the administrative policies or assessing practices of the CRA, whether by judicial, legislative, governmental or administrative decision or action, nor does it take into account provincial, territorial or foreign income tax legislation or considerations, which may differ significantly from those discussed herein.

This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any particular holder and no representations with respect to the income tax consequences to any particular holder are made. This summary is not exhaustive of all Canadian federal income tax considerations. Accordingly, prospective investors in Notes should consult their own tax advisors with respect to their own particular circumstances.

Taxation of Interest on the Notes

A Holder that is a corporation, partnership, unit trust or trust of which a corporation or partnership is a beneficiary will be required to include in computing its income for a taxation year any interest on a Note that accrues or is deemed to accrue to the Holder to the end of that taxation year, or becomes receivable or is received by the Holder before the end of that taxation year, to the extent that such amount was not otherwise included in the Holder’s income for a preceding taxation year.

Any other Holder, including an individual or a trust (other than trusts described in the preceding paragraph), will be required to include in computing its income for a taxation year any interest on a Note that is received or receivable by such Holder in that year (depending upon the method regularly followed by the Holder in computing income), to the extent that such amount was not otherwise included in the Holder’s income for a preceding taxation year. In addition, if at any time a Note becomes an “investment contract” (as defined in the Tax Act) in relation to the Holder, such Holder will be required to include computing income for a taxation year any interest that accrues to the Holder on the Note up to any “anniversary day” (as defined in the Tax Act) in that year to the extent such interest was not otherwise included in the Holder’s income for that or a preceding taxation year.

Disposition

On a disposition or deemed disposition of a Note, including a redemption, a payment on maturity, or a repurchase, a Holder will generally be required to include in computing its income for the taxation year in which the disposition occurs the amount of interest accrued (or deemed to have accrued) on the Note from the date of the last

interest payment to the date of disposition to the extent that such amount has not otherwise been included in the Holder's income for the taxation year or a preceding taxation year.

In addition, any amount paid by the Company to a Holder as a penalty or bonus because of the repayment of all or part of the principal amount of a Note before its maturity (including as a result of the Company's exercise of a redemption right or as a result of the Company being required to repurchase the Notes as a result of a Change of Control) will generally be deemed to be interest received by a Holder at that time and will be required to be included in computing the Holder's income as described above to the extent such amount can reasonably be considered to relate to, and does not exceed the value at the time of payment of, the interest that would have been paid or payable by the Company on the Note for a taxation year ending after that time.

In general, on a disposition or deemed disposition, including a redemption, payment on maturity or repurchase, a Holder will realize a capital gain (or capital loss) to the extent that the proceeds of disposition, net of any accrued interest and any amounts included in the Holder's income on such disposition or deemed disposition as interest, exceed (or are less than) the adjusted cost base of the Note to the Holder immediately before the disposition or deemed disposition and any reasonable costs of disposition.

Generally, one half of the amount of any capital gain (a "taxable capital gain") realized by a Holder in a taxation year must be included in the Holder's income in that year and, subject to and in accordance with the provisions of the Tax Act, one half of the amount of any capital loss (an "allowable capital loss") realized by a Holder in a taxation year must be deducted from taxable capital gains realized by the Holder in that year. Allowable capital losses in excess of taxable capital gains in any particular year may be carried back and deducted in any of the three preceding taxation years or carried forward and deducted in any subsequent taxation year against net taxable capital gains realized in such years to the extent and under the circumstances described in the Tax Act. A capital gain realized by an individual or a trust (other than specified trusts) may give rise to a liability for alternative minimum tax.

Pursuant to the Notice of Ways and Means Motion, released by the Minister of Finance on June 10, 2024 the capital gains inclusion rate is proposed to be increased from one-half to two-thirds for (i) all capital gains realized on or after June 25, 2024, by corporations and trusts and (ii) the portion of net capital gains realized on or after June 25, 2024, by individuals in excess of an annual \$250,000 threshold. Corresponding changes to the proportion of a capital loss that is an allowable capital loss are also proposed. For tax years that begin before and end on or after June 25, 2024, two different inclusion rates will apply and transitional rules will apply to separately identify capital gains and losses realized before the effective date of the proposals and capital gains and losses realized on or after the effective date of the proposals.

Other Taxes

A Holder that is throughout the relevant taxation year a "Canadian controlled private corporation" (as defined in the Tax Act) or, at any time in the year, a "substantive CCPC" (as defined in the Tax Act) may be liable to pay an additional tax of 10 2/3% on its "aggregate investment income" (as defined in the Tax Act) for the year, including interest and taxable capital gains. Such additional tax may be refundable in certain circumstances. Holders should consult their own tax advisers in this regard.

Interest received and capital gains realized by a Holder who is an individual (including certain trusts) may result in such Holder being liable for alternative minimum tax under the Tax Act. Such Holders should consult their own tax advisers in this regard.

PLAN OF DISTRIBUTION

Under an agreement dated August 8, 2024 between the Agents and the Company (the "Agency Agreement"), the Agents have agreed to act as agents of the Company to offer the Notes for sale to the public on a best efforts basis, if, as and when issued by the Company, subject to compliance with all necessary legal requirements and in accordance with the terms and conditions of the Agency Agreement. The offering price of the Notes was established by negotiation between the Company and the Agents. The Agents will receive a fee equal to \$3.70 for each \$1,000 principal amount of Notes sold.

The obligations of the Agents under the Agency Agreement may be terminated in their discretion on the basis of their assessment of the state of the financial markets and also upon the occurrence of certain stated events. While the Agents have agreed to use their best efforts to sell the Notes offered under this prospectus supplement, the Agents will not be obligated to purchase any Notes which are not sold.

This Offering is being made in all the provinces of Canada. No sales will be effected in any province of Canada by any Agent not duly registered as a securities dealer under the laws of such province, other than sales effected pursuant to the exemptions from the registration requirements under the laws of such province.

The Notes are offered subject to certain conditions, including the right of the Company to reject orders in whole or in part.

In connection with this Offering, the Agents may, subject to applicable laws, effect transactions that are intended to stabilize or maintain the market price of the Notes at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time.

The Company and the Agents have agreed to indemnify each other against certain liabilities, including liabilities under Canadian provincial securities legislation. There is no public market for the Notes and the Company does not intend to list the Notes on any exchange.

Each of the Agents is an affiliate of a financial institution which is a lender to the Company under the TELUS Corporation Credit Facility. Each of the Agents, other than J.P. Morgan Securities Canada Inc. and ATB Securities Inc., is an affiliate of a financial institution which is a lender to TELUS International (Cda) Inc. under the TELUS International (Cda) Inc. Credit Facility. Additionally, TD Securities Inc. is the financial services agent of, and an affiliate of a financial institution which is a sponsor of and liquidity provider to, the Receivables Trust. Consequently, the Company may be considered to be a connected issuer of each such Agent for purposes of securities legislation of the provinces of Canada.

As of June 30, 2024, no amounts were drawn on the TELUS Corporation Credit Facility and \$1.8 billion was utilized to backstop outstanding commercial paper. As of the date hereof, no amounts were drawn on the TELUS Corporation Credit Facility and approximately \$1.5 billion was utilized to backstop outstanding commercial paper.

The TELUS International (Cda) Inc. Credit Facility consists of a US\$2 billion bank credit facility expiring on January 3, 2028. As of June 30, 2024, US\$1.4 billion was drawn on the TELUS International (Cda) Inc. Credit Facility. As at the date hereof, approximately US\$1.5 billion was drawn on the TELUS International (Cda) Inc. Credit Facility.

The Receivables Trust is an arm's length securitization trust under which TELUS is currently able to borrow up to a maximum of \$1.6 billion, secured by \$2.0 billion of certain trade receivables and unbilled customer finance receivables. As of June 30, 2024, \$1.0 billion was outstanding under the Receivables Trust. As of the date hereof, and before application of the proceeds of this Offering, \$1.0 billion was outstanding under the Receivables Trust. Amounts drawn under the Receivables Trust have been used for general working capital requirements.

TELUS, together with its applicable subsidiary borrowers, are and have been in compliance with the terms of the TELUS Corporation Credit Facility, the TELUS International (Cda) Inc. Credit Facility, and the terms of the Receivables Trust. None of the lenders (other than TELUS, with respect to the TELUS International (Cda) Inc. Credit Facility) under the TELUS Corporation Credit Facility, the TELUS International (Cda) Inc. Credit Facility or the Receivables Trust were involved in the Company's decision to distribute the Notes offered hereby. The Agents negotiated the terms and conditions of this Offering and will not benefit in any manner from this Offering other than as described herein. The net proceeds will be used for the repayment of outstanding indebtedness, including the repayment of commercial paper (incurred for general working capital purposes) and the reduction of cash amounts outstanding under the Receivables Trust (incurred for general working capital purposes), and for other general corporate purposes. Certain affiliates of the Agents may be holders of the Company's commercial paper and an Agent is a financial services agent of, and an affiliate of a financial institution which is a sponsor of and liquidity provider to, the Receivables Trust. As a result, one or more affiliates of the Agents may receive a portion of the net proceeds

from this Offering in the form of the repayment of indebtedness. The proceeds of this Offering will not be applied for the benefit of the Agents or their affiliates, other than as described herein.

In addition, in the ordinary course of their business activities, the Agents and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Company or its affiliates. If any of the Agents or their affiliates have a lending relationship with the Company, certain of those Agents or their affiliates routinely hedge, and certain other of those Agents or their affiliates may hedge, their credit exposure to the Company consistent with their customary risk management policies. Typically, these Agents and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in the Company's securities, including potentially the Notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the Notes offered hereby. The Agents and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

The Notes have not been, nor will be, registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act"), or any state securities laws and may not be offered or delivered, directly or indirectly, or sold in the United States. The Agents have agreed that they will not, directly or indirectly, offer, sell or deliver the Notes within the United States, its territories and its possessions or to, or for the account or benefit of, a "U.S. person" (as defined in Regulation S under the U.S. Securities Act). For the purpose of calculating the Canadian dollar equivalent of the aggregate principal amount of Securities issued under this Prospectus from time to time, Securities denominated in or issued in, as applicable, a currency (the “Securities Currency”) other than Canadian dollars will be translated into Canadian dollars using the Bank of Canada daily exchange rate of Canadian dollars with the Securities Currency in effect as of 4:30 p.m. (Toronto time) on the business day before the issue of such Securities.

FORWARD-LOOKING STATEMENTS

This Prospectus, together with the documents incorporated by reference herein and therein, contain forward-looking statements about expected events and the financial and operating performance of TELUS.

Forward-looking statements include any statements that do not refer to historical facts. They include, but are not limited to, statements relating to the Company's objectives and its strategies to achieve those objectives, its expectations regarding trends in the telecommunications industry (including demand for data and ongoing subscriber base growth), and the Company's financing plans (including its multi-year dividend growth program). Forward-looking statements are typically identified by the words "assumption", "goal", "guidance", "objective", "outlook", "strategy", "target" and other similar expressions, or future or conditional verbs such as "aim", "anticipate", "believe", "could", "expect", "intend", "may", "plan", "predict", "seek", "should", "strive" and "will". These statements are made pursuant to the "safe harbour" provisions of applicable securities laws in Canada and the United States *Private Securities Litigation Reform Act of 1995*.

By their nature, forward-looking statements are subject to inherent risks and uncertainties and are based on assumptions, including assumptions about future economic conditions and courses of action. These assumptions may ultimately prove to have been inaccurate and, as a result, the Company's actual results or other events may differ materially from expectations expressed in or implied by the forward-looking statements.

The risks and assumptions underlying the Company's forward-looking statements are described in additional detail in Section 9 *General trends, outlook and assumptions, and regulatory developments and proceedings*, and Section 10 *Risks and risk management* in the Company's Annual MD&A and updated in the Company's Interim MD&A. Those descriptions are incorporated by reference into this Prospectus, but are not intended to be a complete list of the risks that could affect the Company, or of the Company's assumptions.

Risks and uncertainties that could cause actual performance or other events to differ materially from the forward-looking statements made herein and in other TELUS filings incorporated by reference herein include, but are not limited to, the following:

- **Regulatory matters.** The Company operates in a number of highly regulated industries and is therefore subject to a wide variety of laws and regulations domestically and internationally. Policies and practices of elected officials and regulatory decisions, reviews and government activity may have strategic, operational and/or financial implications (including on revenue and free cash flow). Risks and uncertainties include: potential changes to the Company's regulatory regime or the outcomes of proceedings, cases or inquiries relating to its application, including but not limited to those set out in Section 9.1 *Communications industry regulatory developments and proceedings* in the Company's Interim MD&A; the Company's ability to comply with complex and changing regulation of the healthcare, virtual care and medical devices industries in the jurisdictions in which the Company operates, including as an operator of health clinics; and the Company's ability to comply with, or facilitate its clients' compliance with, numerous, complex and sometimes conflicting legal regimes, both domestically and internationally.
- **Competitive environment.** Competitor expansion, activity and intensity (pricing, including discounting, bundling), as well as non-traditional competition, disruptive technology and disintermediation, may alter the nature of the markets in which it competes and impact the Company's market share and financial results (including revenue and free cash flow). TELUS Digital Experience (formerly TELUS International), TELUS Health and TELUS Agriculture & Consumer Goods face intense competition in different markets.
- **Technology.** Consumer adoption of alternative technologies and changing customer expectations have the potential to impact the Company's revenue streams and customer churn rates. Risks and uncertainties include: a declining overall market for TV services; disruptive technologies, including software-defined networks in the business market, that may displace or cause the Company to reprice its existing data services, and self-installed technology solutions; any failure to innovate, maintain technological advantages or respond effectively and in a timely manner to changes in technology; the roll-out, anticipated benefits and efficiencies, and ongoing evolution of wireless broadband technologies and systems; the Company's reliance on wireless network access agreements, which have facilitated the Company's deployment of mobile technologies; the Company's choice of suppliers and those suppliers' ability to maintain and service their product lines, which could affect the success of upgrades to, and evolution of, technology that it offers; supplier limitations and concentration and market power for products such as network equipment, TELUS TV and mobile handsets; the Company's expected long-term need to acquire additional spectrum capacity through future spectrum auctions and from third parties to address increasing demand for data, and its ability to utilize spectrum it acquires; deployment and operation of new fixed broadband network technologies at a reasonable cost and the

availability and success of new products and services to be rolled out using such network technologies; and the Company's deployment of self-learning tools and automation, which may change the way the Company interacts with customers.

- Security and data protection. The Company's ability to detect and identify potential threats and vulnerabilities depends on the effectiveness of its security controls in protecting its infrastructure and operating environment, and its timeliness in responding to attacks and recovering business operations. A successful attack may impede the operations of the Company's network or lead to the unauthorized interception, destruction, use or dissemination of customer, team member or business information.
- Generative AI ("GenAI"). GenAI exposes the Company to numerous risks including risks related to the responsible use of AI, data privacy and cybersecurity, and the possibility that the Company's use of AI may produce inaccurate or inappropriate content or create negative perceptions among companies and regulators that could affect demand for its services.
- Climate and the environment. Natural disasters, pandemics, disruptive events and climate change may impact the Company's operations, customer satisfaction and team member experience.

The Company's goals to achieve carbon neutrality and reduce its greenhouse gas ("GHG") emissions in its operations are subject to its ability to identify, procure and implement solutions to reduce energy consumption and adopt cleaner sources of energy, its ability to identify and make suitable investments in renewable energy, including in the form of virtual power purchase agreements, and the Company's ability to continue to realize significant absolute reductions in energy use and the resulting GHG emissions in its operations.

- Operational performance and business combination. Investments and acquisitions present opportunities to expand the Company's operational scope, but may expose it to new risks. The Company may be unsuccessful in gaining market traction/share and realizing benefits, and integration efforts may divert resources from other priorities. Risks include: the Company's reliance on third-party cloud-based computing services to deliver its IT services; and economic, political and other risks associated with doing business globally (including war and other geopolitical developments).
- The Company's systems and processes. Systems and technology innovation, maintenance and management may impact the Company's IT systems and network reliability, as well as its operating costs. Risks and uncertainties include: the Company's ability to maintain customer service and operate its network in the event of human error or human-caused threats, such as cyberattacks and equipment failures that could cause various degrees of network outages; technical disruptions and infrastructure breakdowns; delays and rising costs, including as a result of government restrictions or trade actions; and the completeness and effectiveness of business continuity and disaster recovery plans and responses.
- The Company's team. The rapidly evolving and highly competitive nature of the Company's markets and operating environment, along with the globalization and evolving demographic profile of its workforce, and the effectiveness of its internal training, development, succession and health and well-being programs, may impact the Company's ability to attract, develop and retain team members with the skills required to meet the changing needs of its customers and its business. There may be greater physical and mental health challenges faced by team members (and their families) as a result of the pandemic and its aftermath, and the effect of other significant change initiatives at the organization may result in the loss of key team members through short-term and long-term disability.
- Suppliers. The Company may be impacted by supply chain disruptions and lack of resiliency in relation to global or local events. Dependence on a single supplier for products, components, service delivery or support may impact the Company's ability to efficiently meet constantly changing and rising customer expectations while maintaining quality of service.
- Real estate matters. Real estate investments are exposed to possible financing risks and uncertainty related to future demand, occupancy and rental rates, especially following the pandemic. Future real estate developments may not be completed on budget or on time and may not obtain lease commitments as planned.
- Financing, debt and dividends. The Company's ability to access funding at optimal pricing may be impacted by general market conditions and changing assessments in the fixed-income and capital markets regarding its ability to generate sufficient future cash flow to service its debt. The Company's current intention to pay dividends to shareholders could

constrain its ability to invest in its operations to support future growth. Risks and uncertainties include: the Company's ability to use equity as consideration in business acquisitions is impacted by stock market valuations of TELUS Common Shares and TELUS International (Cda) Inc.'s Subordinate Voting Shares ("TI Subordinate Voting Shares"); the Company's capital expenditure levels and potential outlays for spectrum licences in auctions or purchases from third parties affect and are affected by: the Company's broadband initiatives; the Company's ongoing deployment of newer mobile technologies; investments in network technology required to comply with laws and regulations relating to the security of cyber systems, including bans on the products and services of certain vendors; investments in network resiliency and reliability; the allocation of resources to acquisitions and future spectrum auctions held by Innovation, Science and Economic Development Canada (ISED). The Company's capital expenditure levels could be impacted if it does not achieve its targeted operational and financial results or if there are changes to its regulatory environment; and lower than planned free cash flow could constrain the Company's ability to invest in operations, reduce leverage or return capital to shareholders. Quarterly dividend decisions made by the Company's Board of Directors based on the Company's financial position and outlook. There can be no assurance that the Company's dividend growth program will be maintained through 2025 or renewed.

Factors that may affect the financial performance of TELUS Digital Experience are described in TELUS International (Cda) Inc.'s public filings available on SEDAR+ and EDGAR. TELUS Digital Experience may choose to publicize targets or provide other guidance regarding its business and it may not achieve such targets. Failure to meet these targets could affect the Company's ability to achieve targets for the organization as a whole and could result in a decline in the trading price of the TI Subordinate Voting Shares or the Company's Common Shares or both.

- Tax matters. Complexity of domestic and foreign tax laws, regulations and reporting requirements applying to the Company and its international operating subsidiaries may impact financial results. International acquisitions and expansion of operations heighten the Company's exposure to multiple forms of taxation.
- The economy. Changing global economic conditions, including a potential recession and alternating expectations about inflation, as well as the Company's effectiveness in monitoring and revising growth assumptions and contingency plans, may impact the achievement of its corporate objectives, its financial results (including free cash flow), and its defined benefit pension plans.
- Litigation and legal matters. Complexity of, and compliance with, laws, regulations, commitments and expectations may have a financial and reputational impact. Risks include: the Company's ability to defend against existing and potential claims or to negotiate and exercise indemnity rights or other protections in respect of such claims; and the complexity of legal compliance in domestic and foreign jurisdictions, including compliance with competition, anti-bribery and foreign corrupt practices laws.

These risks are described in additional detail in the Company's Annual MD&A and the Interim MD&A. Those descriptions are incorporated by reference in this cautionary statement but are not intended to be a complete list of the risks that could affect the Company.

Additional risks and uncertainties that are not currently known to the Company or that it currently deems to be immaterial may also have a material adverse effect on its financial position, financial performance, cash flows, business or reputation. Except as otherwise indicated in this Prospectus and the documents incorporated by reference herein, the forward-looking statements made herein do not reflect the potential impact of any non-recurring or special items or any mergers, acquisitions, dispositions or other business combinations or transactions that may be announced or that may occur after the date of this document.

Readers are cautioned not to place undue reliance on forward-looking statements. Forward-looking statements in this document describe the Company's expectations and are based on its assumptions as at the date hereof and are subject to change after this date. The Company disclaims any intention or obligation to update or revise any forward-looking statements except as required by law.

This cautionary statement qualifies all of the forward-looking statements in this Prospectus including the documents incorporated by reference.

TELUS CORPORATION

TELUS was incorporated under the *Company Act* (British Columbia) (the "BC Company Act") on October 26, 1998 under the name BCT.TELUS Communications Inc. ("BCT"). On January 31, 1999, pursuant to a court-approved plan of

arrangement under the *Canada Business Corporations Act* among BCT, BC TELECOM Inc. (“BC TELECOM”) and the former Alberta-based TELUS Corporation (“TC”), BCT acquired all of the shares of BC TELECOM and TC in exchange for common shares and non-voting shares of BCT, and BC TELECOM was dissolved. On May 3, 2000, BCT changed its name to TELUS Corporation and in February 2005, the Company transitioned under the *Business Corporations Act* (British Columbia), successor to the BC Company Act. Additional Amounts

All payments made by the Company under or with respect to the Debt Securities of each series issued under the U.S. Trust Indenture will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge imposed or levied by or on behalf of the Government of Canada or of any province or territory thereof or therein or by any authority or agency thereof or therein having power to tax (collectively, "Taxes") unless the Company is required to withhold or deduct Taxes by law or by the interpretation or administration thereof by the relevant government authority or agency. For each series of Debt Securities, if the Company is so required to withhold or deduct any amount for or on account of Taxes from any payment made under or with respect to such series of Debt Securities, the Company will pay such additional amounts ("Additional Amounts") as may be necessary so that the net amount received by each applicable holder or beneficial owner of Debt Securities (including Additional Amounts) after such withholding or deduction will not be less than the amount the applicable holder or beneficial owner would have received if such Taxes had not been withheld or deducted; provided that no Additional Amounts will be payable with respect to:

- any payment to a holder or beneficial owner of Debt Securities who is liable for such Taxes in respect of such Debt Security (i) by reason of such holder of Debt Securities or beneficial owner being a person with whom the Company

is not dealing at arm's length for the purposes of the *Income Tax Act* (Canada) (the "Tax Act"); or (ii) by reason of the existence of any present or former connection between such holder of Debt Securities or beneficial owner (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of power over, such holder of Debt Securities or beneficial owner, if such holder of Debt Securities or beneficial owner is an estate, trust, partnership, limited liability company or corporation) and Canada or any province or territory thereof or therein or agency thereof or therein other than the mere acquisition, holding, use or ownership or deemed holding, use or ownership, or receiving payments or enforcing any rights in respect of such Debt Security as a non-resident or deemed non-resident of Canada or any province or territory thereof or therein or agency thereof or therein;

- any payment to a holder or beneficial owner of Debt Securities in respect of whom such Tax is required to be withheld or deducted by reason of the holder or beneficial owner being a person (i) who is, or does not deal at arm's length with any person who is, a "specified shareholder" (as defined in subsection 18(5) of the Tax Act) of the Company; or (ii) who is an entity in respect of which the Company is a "specified entity" (as defined in subsection 18.4(1) of the Tax Act);
- any Debt Security presented for payment more than 30 days after the later of (i) the date on which such payment first becomes due; or (ii) if the full amount of the monies payable has not been paid to the holders of Debt Securities on or prior to such date, the date on which the full amount of such monies has been paid to the holders of Debt Securities, except to the extent that the holder thereof would have been entitled to such Additional Amounts on presenting the same for payment on the last day of such period of 30 days;
- any estate, inheritance, gift, sales, transfer, excise or personal property tax or any similar tax;
- any Taxes imposed as a result of the failure of a holder or beneficial owner of Debt Securities to comply with certification, identification, declaration or similar reporting requirements concerning the nationality, residence, identity or connection with Canada or any province or territory thereof or therein or agency thereof or therein of the holder or beneficial owner of such Debt Security, if such compliance is required by statute or by regulation, as a precondition to the reduction of, or exemption from, such Taxes;
- any Taxes which are payable otherwise than by withholding or deduction from any payment made under or with respect to the Debt Securities; or
- any combination of the above items,

nor will such Additional Amounts be paid with respect to any payment on any Debt Security to a holder or beneficial owner of Debt Securities who is a fiduciary or partnership or other than the sole beneficial owner of such Debt Security to the extent that a beneficiary or settlor with respect to such fiduciary, or a member of such partnership or a beneficial owner thereof would not have been entitled to receive a payment of such Additional Amounts had such beneficiary, settlor, member or beneficial owner received directly its beneficial or distributive share of such payment.

Where Tax is payable pursuant to Section 803 of the Income Tax Regulations by a holder or beneficial owner of Debt Securities in respect of any amount payable under the Debt Securities to the holder of Debt Securities (other than by reason of a transfer of the Debt Securities to a person resident in Canada with whom the transferor does not deal at arm's length for the purposes of the Tax Act), but no Additional Amount is paid in respect of such Tax, the Company will pay to the holder of Debt Securities an amount equal to such Tax within 45 days after receiving from the holder of Debt Securities a notice containing reasonable particulars of the Tax so payable, provided such holder or beneficial owner of Debt Securities would have been entitled to receive Additional Amounts on account of such Tax but for the fact that it is payable otherwise than by deduction or withholding from payments made under or with respect to the Debt Securities.

Whenever in the U.S. Trust Indenture or in any Debt Security there is mention, in any context, of the payment of principal of, or premium, interest or any other amount on any Debt Security, such mention shall be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

The obligation to pay Additional Amounts will survive any termination or discharge of the U.S. Trust Indenture or the redemption, repayment or purchase of the Debt Securities.

Tax Redemption

The Debt Securities of each series issued under the U.S. Trust Indenture may be redeemed, in whole, but not in part, at the option of the Company at any time, on not fewer than 30 nor more than 60 days' prior written notice, at 100% of the outstanding principal amount, together with accrued and unpaid interest thereon to the redemption date, in the event the Company delivers to the Trustees an opinion of independent Canadian tax counsel experienced in such matters to the effect that the Company has become or would become obligated to pay, on the next date on which any amount would be payable with respect to the applicable series of outstanding Debt Securities any Additional Amounts (as defined herein) as a result of a change in the laws (including any regulations promulgated thereunder) of Canada, or any province or territory thereof or therein or any agency thereof or therein having the power to tax, or any change in any official position regarding the application or interpretation of such laws or regulations, which change is announced or becomes effective on or after the date of the original issuance of the applicable series of Debt Securities; provided that the Company determines, in its business judgment, that the obligation to pay such Additional Amounts cannot be avoided by the use of reasonable measures available to the Company (not including substitution of the obligor under the applicable series of Debt Securities).

Negative Pledge

The Trust Indentures contain provisions to the effect that the Company will not, nor will it permit any Restricted Subsidiary (as defined under “– Certain Definitions” below) to, create or assume any Lien (as defined under “– Certain Definitions” below) (other than Permitted Liens (as defined herein)) upon any present or future Principal Property (as defined under “– Certain Definitions” below), or any Property (as defined under “– Certain Definitions” below), which, together with any other Property subject to Liens in the same transaction or a series of related transactions, would in the aggregate constitute a Principal Property, of the Company or any Restricted Subsidiary, to secure Indebtedness (as defined under “– Certain Definitions” below) of the Company or a Restricted Subsidiary (the “Negative Pledge”) unless the Debt Securities, other than Debt Securities which by their terms do not have the benefit of the Negative Pledge (together with, if the Company shall so determine, any other Indebtedness of the Company or any Restricted Subsidiary ranking at least equally with the Debt Securities then existing or thereafter created), shall be concurrently secured equally and rateably with (or prior to) such other Indebtedness so long as such Lien is outstanding.

The restrictions set forth above shall not apply to “Permitted Liens”, which are defined in the Trust Indentures to include:

- (i) with respect to any series of Debt Securities, Liens existing on the Closing Date (as defined under “– Certain Definitions” below) for such series;
- (ii) Liens on any Property of any Person existing at the time such Person becomes a Restricted Subsidiary, or at the time such Person amalgamates or merges with the Company or a Restricted Subsidiary, which Liens are not created in contemplation of such Person becoming a Restricted Subsidiary or effecting such amalgamation or merger;
- (iii) Liens on any Property, including any improvements from time to time on such property, existing at the time such Property is acquired by the Company or a Restricted Subsidiary, including any acquisition by means of amalgamation, consolidation or merger, or Liens to secure the payment of all or any part of the purchase price of such Property upon the acquisition of such Property by the Company or a Restricted Subsidiary or to secure any Indebtedness incurred prior to, at the time of, or within 270 days after, the later of the date of acquisition of such Property and the date such Property is placed in service, for the purpose of financing all or any part of the purchase price thereof, or Liens to secure any Indebtedness incurred for the purpose of financing the cost to the Company or a Restricted Subsidiary of improvements to such acquired Property or to secure any indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of construction of the Property subject to such Liens;
- (iv) Liens securing any Indebtedness of a Restricted Subsidiary owing to the Company or to another Restricted Subsidiary;
- (v) Liens on Property of the Company or a Restricted Subsidiary securing indebtedness or other obligations issued by Canada or the United States of America or any province, state or any department, agency or instrumentality or political subdivision of Canada or the United States of America or any state, or by any other country or any political subdivision of any other country, for the purpose of financing all or any part of the purchase price of, or, in the case of real property, the cost of construction on or improvement of, any

- property or assets subject to the Liens, including Liens incurred in connection with pollution control, industrial revenue or similar financings;
- (vi) Liens securing any extension, renewal or replacement (or successive extensions, renewals or replacements) in whole or in part of any Permitted Lien pursuant to the Trust Indentures; provided, however, that such new Lien is limited to the Property which was subject to the prior Lien immediately before such extension, renewal or replacement, and provided, further, that the principal amount of Indebtedness secured by the prior Lien immediately prior to such extension, renewal or replacement is not increased;
 - (vii) any other Liens not otherwise qualifying as a Permitted Lien provided that, at the applicable time, the aggregate principal amount of the Indebtedness secured by all such other Liens, when added to the Attributable Debt (as defined under “– Certain Definitions” below) determined at such time of the then outstanding Unrestricted Sale and Lease-Back Transactions (as defined under “–Limitation on Sale and Lease-Back Transactions” below) to which the Company or a Restricted Subsidiary is a party, does not exceed 15% of the then applicable Consolidated Net Tangible Assets (as defined under “– Certain Definitions” below);
 - (viii) any interest or title of a lessor in the property subject to any capitalized lease or operating lease; and
 - (ix) any other Liens identified in the Prospectus Supplement relating to the series of Debt Securities issued.

Limitation on Sale and Lease-Back Transactions

The Trust Indentures contain provisions to the effect that neither the Company nor any Restricted Subsidiary may enter into any Sale and Lease-Back Transaction (as defined under “– Certain Definitions” below), except for:

- (i) any Sale and Lease-Back Transaction constituting a Permitted Lien under the Trust Indentures (other than clause (vii) or (viii)) under “Negative Pledge” above;
- (ii) any Sale and Lease-Back Transaction that is not otherwise permitted under clause (i) above or (iii) below, and in respect of which the Company or such Restricted Subsidiary would be entitled, in the manner described under “Negative Pledge” above, to incur Indebtedness secured by a Lien on the applicable Property at least equal in amount to the Attributable Debt in respect of such Sale and Lease-Back Transaction without equally and rateably securing the Debt Securities (any Sale and Lease-Back Transaction entered into in compliance with this clause (ii) being an “Unrestricted Sale and Lease-Back Transaction”); or
- (iii) any Sale and Lease-Back Transaction if the Company or such Restricted Subsidiary shall apply or cause to be applied, in the case of such sale or transfer for cash, an amount equal to the greater of the fair market value of the Principal Property sold or transferred and leased back pursuant to such Sale and Lease-Back Transaction or the net proceeds of such Sale and Lease-Back Transaction and, in the case of such sale or transfer otherwise than for cash, an amount equal to the fair market value of the Principal Property sold or transferred and leased back pursuant to such Sale and Lease-Back Transaction, to (a) the retirement (other than any mandatory retirement), within 180 days after the effective date of such Sale and Lease-Back Transaction, of Indebtedness of the Company (which may but need not include any Debt Securities) ranking on a parity with, or prior to, such Debt Securities and owing to a Person other than the Company or any Affiliate (as defined under “– Certain Definitions” below) of the Company, or (b) the purchase, construction or improvement of real property or personal property used by the Company or its Restricted Subsidiaries in the ordinary course of business.

Modification of the Trust Indentures

With certain exceptions, the Trust Indentures, the rights and obligations of the Company and the rights of the holders of a particular series of Debt Securities may be modified by the Company with the consent of the holders of not less than a majority in aggregate principal amount of such series of Debt Securities or a majority in principal amount of such series voted at a duly constituted meeting.

Under the Canadian Trust Indenture, no such modification may be made which would: (i) reduce in any manner the amount of, or change the currency of payment of, or delay the time of any payments (whether of principal, premium, interest or otherwise); (ii) change the definition of or the manner of calculating amounts (including any change in the applicable rate or rates of interest) to which any holder is entitled; or (iii) reduce the above-stated percentage of Debt Securities of such series,

in each case without the consent of the holder of each Debt Security of such series so affected or the consent of 100% of the principal amount of such the Debt Securities of such series voted at a duly constituted meeting.

Under the U.S. Trust Indenture, no such modification may be made which would: (i) change the stated maturity of the principal of (or premium, if any), or any instalment of interest, if any, on any Debt Security; (ii) reduce the principal amount of (or premium, if any, or interest, if any, on) any Debt Security; (iii) reduce the amount of principal of a Debt Security payable upon acceleration of the maturity thereof; (iv) change the place of payment; (v) change the currency of payment of principal of (or premium, if any, or interest, if any, on) any Debt Security; (vi) impair the right to institute suit for the enforcement of any payment on or with respect to any Debt Security; (vii) reduce the percentage of principal amount of outstanding Debt Securities of such series, the consent of the holders of which is required for modification or amendment of the U.S. Trust Indenture or for waiver of compliance with certain provisions of the U.S. Trust Indenture or for waiver of certain defaults; or modify any provisions of the U.S. Trust Indenture relating to the modification and amendment of the U.S. Trust Indenture or the waiver of past defaults or covenants except as otherwise specified in the U.S. Trust Indenture, in each case without the consent of the holder of each Debt Security of such series so affected or the consent of 100% of the principal amount of such the Debt Securities of such series voted at a duly constituted meeting.

Events of Default

The Trust Indentures provide that an event of default with respect to any series of Debt Securities means any one of the following events (whatever the reason for such event of default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any government authority):

- (i) a default in the payment by the Company of the principal of (or premium, if any, on) any Debt Securities of such series when the same becomes due and payable at maturity, upon acceleration, redemption or otherwise, or in any obligation to repurchase Debt Securities of such series when required pursuant to the Indentures;
- (ii) a default in the payment by the Company of interest on any Debt Securities of such series when the same becomes due and payable, and such default continues for a period of 30 days;
- (iii) a default by the Company in the performance of or breach of any other covenant or agreement of the Company with respect to such series of Debt Securities and such default or breach continues for a period of 60 days after written notice to the Company by the applicable Trustee or the holders of at least 25% of the unpaid aggregate principal amount of the outstanding Debt Securities of such series;
- (iv) if any representation or warranty made by the Company in relation to a series of Debt Securities was incorrect in any material respect when made and, if it is capable of being corrected with reference to the presently existing facts and circumstances, such representation or warranty is not corrected within 60 days after written notice to the Company by the applicable Trustee or the holders of at least 25% of the unpaid aggregate principal amount of the outstanding Debt Securities of such series;
- (v) any failure by the Company or any Subsidiary to pay when due or within any applicable grace period, any payment of Indebtedness of the Company or any Subsidiary in an aggregate principal amount in excess of US\$75 million (or its equivalent in any other currency or currencies), or any default occurs in respect of any Indebtedness of the Company or any Subsidiary in respect of any series of Debt Securities having an aggregate principal amount exceeding US\$75 million (or its equivalent in any other currency or currencies) after the expiration of any applicable grace period, if such default has resulted in such Indebtedness in excess of such aggregate principal amount becoming due prior to its stated maturity;
- (vi) a distress, attachment, execution or other similar legal process for any amount exceeding US\$75 million (or its equivalent in any other currency or currencies) is levied or enforced against any part of the Property of the Company or any Subsidiary and such distress, attachment, execution or similar legal process has not been paid out, satisfied or withdrawn within 60 days of the date of such levy or enforcement; or
- (vii) certain events of bankruptcy, insolvency or reorganization of the Company or any Subsidiary.

Under each of the Trust Indentures, the Company is required to file with the applicable Trustee an annual officers' certificate as to the absence of certain defaults under the applicable Trust Indenture.

The Canadian Trust Indenture provides that if an event of default (other than an event of default specified in clause (vii) above in relation to the Company) shall occur and be continuing with respect to a series of Debt Securities issued

thereunder, the Canadian Trustee may in its discretion and shall upon request of the holders of not less than 25% in principal amount of the outstanding Debt Securities of such series declare the principal of, together with accrued interest on, all Debt Securities of such series to be due and payable. In certain cases, the holders of a majority in aggregate principal amount of such series of Debt Securities or a majority in principal amount of such series voted at a duly constituted meeting may on behalf of the holders of all such Debt Securities waive any past default or event of default and rescind and annul any such declaration and its consequences.

The Canadian Trust Indenture further provides that if an event of default specified in clause (vii) above in relation to the Company occurs, the principal of and any accrued interest on the Debt Securities then outstanding shall become immediately due and payable; provided however that at any time after an automatic acceleration with respect to the Debt Securities has been made, the holders of a majority in aggregate principal amount of such series of Debt Securities or a majority in principal amount of such series voted at a duly constituted meeting may, under certain circumstances, rescind and annul such acceleration and its consequences.

The Canadian Trust Indenture contains a provision entitling the Canadian Trustee, subject to its duty during a default to act with the required standard of care, to be indemnified by the holders of Debt Securities of such series before proceeding to exercise any right or power under the Canadian Trust Indenture at the request of such holders. The Canadian Trust Indenture provides that no holder of Debt Securities of any series may pursue a remedy with respect to the Canadian Trust Indenture except in the case of failure of the applicable Canadian Trustee to act.

The U.S. Trust Indenture provides that if an event of default under the U.S. Trust Indenture occurs and is continuing with respect to any series of the Debt Securities issued thereunder, then and in every such case the Trustees or the holders of not less than 25% in aggregate principal amount of the outstanding Debt Securities of such affected series may, subject to any subordination provisions thereof, declare the entire principal amount (or, if the Debt Securities of that series are original issue discount Debt Securities, such portion of the principal amount as may be specified in the terms of that series) of all Debt Securities of such series and all accrued and unpaid interest thereon to be immediately due and payable. However, at any time after a declaration of acceleration with respect to any series of the Debt Securities has been made, but before a judgment or decree for payment of the money due has been obtained, the holders of a majority in principal amount of the outstanding Debt Securities of that series, by written notice to the Company and the Trustees under certain circumstances, may rescind and annul such acceleration.

With respect to Debt Securities issued under the U.S. Trust Indenture, reference is made to the applicable Prospectus Supplement or supplements relating to each series of the Debt Securities which are original issue discount Debt Securities for the particular provisions relating to acceleration of the maturity of a portion of the principal amount of such original issue discount securities upon the occurrence of any event of default and the continuation thereof.

Defeasance

Defeasance of Certain Obligations under the Canadian Trust Indenture

If the supplement to the Canadian Trust Indenture so provides, the Company may elect, with respect to any series of Debt Securities, either to be (a) discharged from its obligations in respect of such Debt Securities, or (b) released from its obligations under positive and negative covenants (other than its covenant to maintain its existence and pay the principal, premium, interest and other amounts on such Debt Securities) and the occurrence of certain events will be deemed not to be or result in a default or event of default. Following such election, the Company will be so discharged or released, provided:

- (i) the Company has, at least 91 days prior to such discharge becoming effective, irrevocably deposited with the Canadian Trustee, as specific security pledged for, and dedicated solely to, the due payment and ultimate satisfaction of all of its obligations under the Canadian Trust Indenture with respect to the Debt Securities of the series affected, and free and clear of any Lien, (a) funds in the currency or currencies in which such Debt Securities are payable, and/or (b) an amount of direct obligations of, or obligations the payment of principal of and interest, if any, on which are fully guaranteed by, the government that issued the currency or currencies in which Debt Securities of such series are payable, and that are not subject to prepayment, redemption or call, as will together with the predetermined and certain income to accrue thereon without consideration of any reinvestment thereof, be sufficient (in the case of such obligations, through the payment of interest and principal thereunder) to pay (x) the principal of (and premium, if any) and interest and other amounts on the outstanding Debt Securities of the particular series on their stated due dates or maturity, as the case may be, and (y) any mandatory prepayments on the day on which such prepayments are due and payable;

- (ii) the Company shall have delivered to the Canadian Trustee an opinion of counsel to the effect that the holders of the Debt Securities affected will not recognize income, gain or loss for Canadian federal income tax purposes as a result of such defeasance in respect of the Company's obligations and will be subject to Canadian federal income tax on the same basis as if such defeasance had not occurred;
- (iii) such defeasance will not result in a breach or violation of, or constitute a default under, the Canadian Trust Indenture or any other material agreement or instrument to which the Company is a party or by which it is bound;
- (iv) no event of default with respect to the Debt Securities of such series or event that, with notice or lapse of time, would become such an event of default shall have occurred and be continuing on the date of such deposit;
- (v) if the Debt Securities affected are listed on any stock exchange or securities exchange, the Company shall have delivered to the Canadian Trustee an opinion of counsel to the effect that such deposit and defeasance will not cause such Debt Securities to be delisted; and
- (vi) the Company shall have delivered to the Canadian Trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent to the defeasance have been satisfied.

Defeasance of Certain Obligations under the U.S. Trust Indenture

The U.S. Trust Indenture provides that, at the Company's option, the Company will be discharged from any and all obligations in respect of the outstanding Debt Securities of any series upon irrevocable deposit with the Trustees, in trust, of money and/or Government Obligations (as defined under "– Certain Definitions" below) which will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent chartered professional accountants (as evidenced by an officer's certificate delivered to the Trustees) to pay the principal of (and premium, if any, and each instalment of interest, if any, and, to the extent applicable, any Additional Amounts on) the outstanding Debt Securities of such series (hereinafter in this section referred to as a "defeasance") (except with respect to the authentication, transfer, exchange or replacement of the Debt Securities or the maintenance of a place of payment and certain other obligations set forth in the U.S. Trust Indenture). Such trust may only be established if among other things:

- the Company has delivered to the Trustees an opinion of counsel in the United States stating that (i) the Company has received from, or there has been published by, the Internal Revenue Service a ruling, or (ii) since the date of execution of the U.S. Trust Indenture, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that the holders of the outstanding Debt Securities of such series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred;
- the Company has delivered to the Trustees an opinion of counsel in Canada or a ruling from the Canada Revenue Agency (or successor agency) to the effect that the holders of the outstanding Debt Securities of such series should not recognize income, gain or loss for Canadian federal or provincial income tax purposes as a result of such defeasance and should be subject to Canadian federal or provincial income tax on the same amounts, in the same manner and at the same times as would have been the case had such defeasance not occurred (and for the purposes of such opinion, such Canadian counsel shall assume that holders of the outstanding Debt Securities of such series include holders who are not resident in Canada);
- no event of default or event that, with the passing of time or the giving of notice, or both, shall constitute an event of default shall have occurred and be continuing on the date of such deposit;
- the Company is not an "insolvent person" within the meaning of the *Bankruptcy and Insolvency Act* (Canada) on the date of such deposit or at any time during the period ending on the 91st day following such deposit; and
- the Company shall have delivered to the Trustees an officers' certificate and an opinion of counsel, each stating that all conditions precedent to the defeasance have been satisfied.

The Company may exercise its defeasance option notwithstanding the Company's prior exercise of its covenant defeasance option described in the following paragraph if the Company meets the conditions described in the preceding sentence at the time it exercises the defeasance option.

The U.S. Trust Indenture provides that, at the Company's option, unless and until the Company has exercised its defeasance option described in the preceding paragraph, the Company may omit to comply with the "Negative Pledge" covenant, certain aspects of the "Amalgamation, Consolidation, Conveyance, Transfer or Lease" covenant and certain other covenants and such omission shall not be deemed to be an event of default under the U.S. Trust Indenture and the outstanding Debt Securities upon irrevocable deposit with the Trustees, in trust, of money and/or government securities which will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent chartered professional accountants (as evidenced by an officer's certificate delivered to the Trustees) to pay the principal of (and premium, if any, and each instalment of interest, if any, and, to the extent applicable, any Additional Amounts on) the outstanding Debt Securities (hereinafter in this section referred to as "covenant defeasance"). If the Company exercises its covenant defeasance option, the obligations under the U.S. Trust Indenture other than with respect to such covenants and the events of default other than with respect to such covenants shall remain in full force and effect. Such trust may only be established if, among other things:

- the Company has delivered to the Trustees an opinion of counsel in the United States to the effect that the holders of the outstanding Debt Securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred;
- the Company has delivered to the Trustees an opinion of counsel in Canada or a ruling from the Canada Revenue Agency to the effect that the holders of the outstanding Debt Securities should not recognize income, gain or loss for Canadian federal or provincial income or other tax purposes as a result of such covenant defeasance and should be subject to Canadian federal or provincial income and other tax on the same amounts, in the same manner and at the same times as would have been the case had such covenant defeasance not occurred (and for the purposes of such opinion, such Canadian counsel shall assume that holders of the outstanding Debt Securities include holders who are not resident in Canada);
- no event of default or event that, with the passing of time or the giving of notice, or both, shall constitute an event of default shall have occurred and be continuing on the date of such deposit; and
- the Company is not an "insolvent person" within the meaning of the *Bankruptcy and Insolvency Act* (Canada) on the date of such deposit or at any time during the period ending on the 91st day following such deposit.

Other Defeasance Arrangements

If so described in the Prospectus Supplement related to Debt Securities of a specific series, the Company may enter into certain other arrangements providing for the due payment and ultimate satisfaction of its obligations with respect to such series of Debt Securities by the deposit with the applicable Trustee of funds or obligations of the type referred to under "– Defeasance of Certain Obligations under the Canadian Trust Indenture" and "– Defeasance of Certain Obligations under the U.S. Trust Indenture" above, as applicable. The Prospectus Supplement will more fully describe the provisions, if any, relating thereto.

Amalgamation, Consolidation, Conveyance, Transfer or Lease

- (i) the Person formed by such consolidation or amalgamation or with which the Company is merged (or the Person that leases or that acquires by conveyance, sale or transfer the Property of the Company substantially as an entirety) (such Person being referred to as the "Successor Corporation") is a corporation organized and validly existing under the laws of Canada or any province thereof;
- (ii) the Successor Corporation shall expressly, by supplemental indenture, assume and become bound by the obligations of the Company under the terms of the Canadian Indenture or U.S. Indenture, as applicable;
- (iii) after giving effect to such transaction no default or event of default is or will be occurring under the applicable Trust Indenture or in respect of the Debt Securities of any series issued pursuant to the applicable Trust Indenture; and
- (iv) the Company delivers to the Trustees an officer's certificate and opinion of counsel confirming that the foregoing conditions have been met.

DESCRIPTION OF SHARE CAPITAL

General

The following sets forth the terms and provisions of the existing capital of the Company. The particular terms and provisions of the Equity Securities offered by a Prospectus Supplement and the extent to which these general terms and provisions apply will be described in such Prospectus Supplement. The Company is authorized under its Notice of Articles to issue up to 1,000,000,000 shares of each class of first preferred shares (the “First Preferred Shares”), second preferred shares (the “Second Preferred Shares”) and up to 4,000,000,000 Common Shares. The following summary of certain of the rights and attributes of each class of Equity Securities does not purport to be complete and is qualified in its entirety by reference to the articles of the Company.

First Preferred Shares

Shares Issuable in Series

The First Preferred Shares may be issued at any time or from time to time in one or more series. Before any shares of a series are issued, the Board of Directors of the Company shall fix the number of shares that will form such series and shall,

subject to the limitations set out in the articles of the Company, determine the designation, rights, privileges, restrictions and conditions to be attached to the First Preferred Shares of such series, except that no series shall be granted the right to vote at a general meeting of the shareholders of the Company or the right to be convertible or exchangeable for Common Shares, directly or indirectly.

Priority

The First Preferred Shares of each series shall rank on a parity with the First Preferred Shares of every other series with respect to dividends and return of capital and shall be entitled to a preference over the Second Preferred Shares and the Common Shares and over any other shares ranking junior to the First Preferred Shares with respect to priority in payment of dividends and in the distribution of assets in the event of liquidation, dissolution or winding-up of the Company, whether voluntary or involuntary, or any other distribution of the assets of the Company among its shareholders for the purpose of winding-up its affairs.

Voting Rights

Except as required by law, holders of the First Preferred Shares as a class shall not be entitled to receive notice of, to attend or to vote at any meeting of the shareholders of the Company, provided that the rights, privileges, restrictions and conditions attached to the First Preferred Shares as a class may be added to, changed or removed only with the approval of the holders of the First Preferred Shares given in such manner as may then be required by law, subject to a minimum requirement that such approval be given by resolution signed by the holders of not less than two-thirds of the First Preferred Shares then outstanding, or passed by an affirmative vote of at least two-thirds of the votes cast at a meeting of the holders of the First Preferred Shares duly called for that purpose.

Second Preferred Shares

Shares Issuable in Series

The Second Preferred Shares may be issued at any time or from time to time in one or more series. Before any shares of a series are issued, the Board of Directors of the Company shall fix the number of shares that will form such series and shall, subject to the limitations set out in the articles of the Company, determine the designation, rights, privileges, restrictions and conditions to be attached to the Second Preferred Shares of such series, except that no series shall be granted the right to vote at a general meeting of the shareholders of the Company or the right to be convertible or exchangeable for Common Shares, directly or indirectly.

Priority

The Second Preferred Shares of each series shall rank on a parity with the Second Preferred Shares of every other series with respect to dividends and return of capital and shall, subject to the prior rights of the holders of the First Preferred Shares, be entitled to a preference over the Common Shares and over any other shares ranking junior to the Second Preferred Shares with respect to priority in payment of dividends and in the distribution of assets in the event of liquidation, dissolution or winding-up of the Company, whether voluntary or involuntary, or any other distribution of the assets of the Company among its shareholders for the purpose of winding-up its affairs.

Voting Rights

Except as required by law, holders of the Second Preferred Shares as a class shall not be entitled to receive notice of, to attend or to vote at any meeting of the shareholders of the Company, provided that the rights, privileges, restrictions and conditions attached to the Second Preferred Shares as a class may be added to, changed or removed only with the approval of the holders of the Second Preferred Shares given in such manner as may then be required by law, subject to a minimum requirement that such approval be given by resolution signed by the holders of not less than two-thirds of the Second Preferred Shares then outstanding, or passed by an affirmative vote of at least two-thirds of the votes cast at a meeting of the holders of the Second Preferred Shares duly called for that purpose.

Common Shares

Priority

The holders of Common Shares shall be entitled to participate equally with each other as to dividends and the Company shall pay dividends thereon, as and when declared by the Board of Directors of the Company out of monies properly applicable to the payment of dividends, in amounts per share and at the same time on all such Common Shares at the time outstanding as

the Board of Directors of the Company may from time to time determine. In the event of the liquidation, dissolution or winding-up of the Company or other distribution of assets of the Company among its shareholders for the purpose of winding-up its affairs, all the property and assets of the Company which remain after payment to the holders of any shares ranking in priority to the Common Shares in respect of payment upon liquidation, dissolution or winding-up of all amounts attributed and properly payable to such holders of such other shares in the event of such liquidation, dissolution or winding-up or distribution, shall be paid and distributed equally, share for share, to the holders of the Common Shares, without preference or distinction.

Voting Rights

The holders of the Common Shares shall be entitled to receive notice of and to attend (in person or by proxy) and be heard at all general meetings of the shareholders of the Company (other than separate meetings of the holders of shares of any other class of shares of the Company or any other series of shares of such other class of shares) and to vote at all such general meetings with each holder of Common Shares being entitled to one vote per Common Share held at all such meetings.

Ownership and Voting Restrictions

Non-Canadian persons shall not beneficially own or control, otherwise than by way of security only, in the aggregate more than the Restricted Percentage (as defined below) of the issued and outstanding voting shares of the Company (the “non-Canadian share constraint”). The Restricted Percentage is the maximum percentage of the issued and outstanding voting shares of the Company that may be beneficially owned or controlled, otherwise than by way of security only, by non-Canadian persons without rendering any subsidiary of the Company ineligible to operate as a telecommunications common carrier pursuant to the *Telecommunications Act*, or to be granted a licence under the *Broadcasting Act* or the *Radiocommunication Act*.

The power of the Company to issue any voting shares and to restrict the right of any holder of voting shares of the Company to transfer or vote such voting shares is as provided in the Telecommunications Regulations, the Broadcasting Direction and the Radiocommunication Regulations, as amended from time to time (collectively, the “Applicable Regulations”) or in the articles of the Company. The Company has the power to suspend voting rights, to refuse the transfer of shares, to redeem or purchase, or to sell or to require the sale of voting shares of the Company as provided in the Applicable Regulations or the articles of the Company, for the purpose of ensuring that any subsidiary of the Company is not ineligible to operate as a telecommunications common carrier pursuant to the *Telecommunications Act*, or to be granted a licence under the *Broadcasting Act* or the *Radiocommunication Act*.

In addition to declarations which may be requested by the Company pursuant to the Applicable Regulations, the Company may request that a person who (i) is or proposes to be a registered holder of voting shares of the Company; (ii) holds or proposes to hold or is believed by the Company to hold voting shares of the Company on behalf of another person, other than as a registered holder; (iii) subscribes for voting shares of the Company; (iv) requests registration of a transfer of voting shares of the Company; (v) requests a change in registration of voting shares of the Company; or (vi) elects to convert or exchange any securities into or for voting shares of the Company, file a declaration with the Company or its transfer agent within the time limit prescribed in the request. The person to whom a request is made pursuant to the articles of the Company shall submit the declaration in a form authorized by the Company, and shall contain the information requested by the Company to enable the Company to determine whether the non-Canadian share constraint is being or may be contravened.

Notwithstanding any other provision of the articles of the Company or the rules or operating procedures established pursuant to the articles of the Company, a contravention of the non-Canadian share constraint shall have no consequences except those that are expressly provided for in the articles of the Company or the Applicable Regulations. For greater certainty, but without limiting the generality of the foregoing, (i) no transfer, issue or ownership of, and no title to, voting shares of the Company; (ii) no resolution of shareholders (except to the extent that the result thereof is affected as a result of a determination pursuant to the Applicable Regulations to suspend the voting rights of any voting shareholders); and (iii) no act of the Company, including any transfer of property to or by the Company, shall be invalid or otherwise affected by any contravention of the non-Canadian share constraint or the failure to make the adjustment in voting as may be required or permitted pursuant to the Applicable Regulations.

In administering the ownership restriction provisions of the articles of the Company and the Applicable Regulations, including, without limitation, in making any directors’ determination, the Company and any of its directors, officers, employees and agents may rely on, among other things, the Company’s central securities register.

The ownership restriction provisions of the articles of the Company shall cease to be binding on the Company and its shareholders upon the repeal of the Applicable Regulations, and shall cease to be applicable and binding to the extent permitted by all of the *Telecommunications Act*, the *Radiocommunication Act* and the *Broadcasting Act*, from time to time.

TELUS Shareholder Rights Plan

TELUS first adopted a shareholder rights plan in March 2000. In May 2010, the holders of the Common Shares and Non-Voting Shares ratified a substantially similar shareholder rights plan. On May 9, 2013, the holders of the Common Shares approved the amendment of, and reconfirmation of, the shareholder rights plan (the “Rights Plan”), which among other things, reflects the elimination of the Non-Voting Share class from TELUS’ authorized share structure, and at the annual general meeting held on May 5, 2016, the holders of the Common Shares approved the reconfirmation of the Rights Plan. Under the Rights Plan, TELUS issued one right (a “Right”) in respect of each Common Share outstanding as at such date. On May 9, 2019, the holders of the Common Shares ratified and confirmed a new shareholder rights plan (the “New Rights Plan”). The terms of the New Rights Plan are substantially similar to the terms of the Rights Plan and rights plans adopted recently by other Canadian issuers. The primary substantive differences between the New Rights Plan and the Rights Plan are to reflect changes to the take-over bid regime that were adopted in 2016 by the Canadian Securities Administrators, including to amend the definition of a Permitted Bid to provide that it must be outstanding for a minimum period of 105 days or such shorter period (determined in accordance with specific provisions of Canadian securities laws) that a take-over bid must remain open for deposits of securities. The New Rights Plan has a term of nine years subject to approval of its continuance by the shareholders of the Company at the annual meeting of the Company in 2025. The shareholders of the Company approved the continuance of the New Rights Plan at the annual general meeting of the Company held on May 6, 2022. The Rights will separate from the Common Shares and will be exercisable ten trading days after a person has acquired, or commences to acquire, 20% or more of the Common Shares, other than by acquisition pursuant to a takeover bid permitted by the New Rights Plan (a “Permitted Bid”). The acquisition by any person (an “Acquiring Person”) of more than 20% of the Voting Shares (as defined in the New Rights Plan), other than by way of a Permitted Bid, is referred to as a “Flip-in Event”. Any Rights held by an Acquiring Person will become void upon the occurrence of a Flip-in Event. Ten trading days after the occurrence of the Flip-in Event, each Right (other than those held by the Acquiring Person), will permit the purchase of Common Shares at a significant discount in accordance with the terms of the New Rights Plan.

DESCRIPTION OF WARRANTS

This section describes the general terms that will apply to any Warrants for the purchase of Equity Securities (the “Equity Warrants”) or for the purchase of Debt Securities (the “Debt Warrants”).

Warrants may be offered separately or together with Equity Securities or Debt Securities, as the case may be. Each series of Warrants will be issued under a separate Warrant agreement to be entered into between the Company and one or more banks or trust companies acting as Warrant agent. The applicable Prospectus Supplement will include details of the Warrant agreements covering the Warrants being offered. The Warrant agent will act solely as the agent of the Company and will not assume a relationship of agency with any holders of Warrant certificates or beneficial owners of Warrants. The specific terms of the Warrants, and the extent to which the general terms described in this section apply to those Warrants, will be set forth in the applicable Prospectus Supplement.

Original purchasers of Equity Warrants or Debt Warrants (if offered separately) will be granted a contractual right of rescission against the Company in respect of the conversion, exchange or exercise of such Equity Warrant or Debt Warrant. The contractual right of rescission will entitle such original purchasers to receive, in addition to the amount paid on the original purchase of the Warrants, the amount paid upon conversion, exchange or exercise, upon surrender of the underlying securities gained thereby, in the event that this Prospectus (as supplemented or amended) contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus. This contractual right of rescission will be consistent with the statutory right of rescission described under section 131 of the *Securities Act* (British Columbia), and is in addition to any other right or remedy available to original purchasers under section 131 of the *Securities Act* (British Columbia) or otherwise at law.

In an offering of Warrants, investors are cautioned that the statutory right of action for damages for a misrepresentation contained in the prospectus is limited, in certain provincial securities legislation, to the price at which the Warrant is offered to the public under the prospectus offering. This means that, under the securities legislation of certain provinces, if the purchaser pays additional amounts upon conversion, exchange or exercise of the security, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province for the particulars of this right of action for damages and consult with a legal adviser.

The particular terms of each issue of Equity Warrants will be described in the related Prospectus Supplement. This description will include, where applicable:

- (ix) whether the Equity Warrants are subject to redemption or call and, if so, the terms of such redemption or call provisions;
- (x) material United States and Canadian tax consequences of owning the Equity Warrants; and
- (xi) any other material terms or conditions of the Equity Warrants.

Debt Warrants

The particular terms of each issue of Debt Warrants will be described in the related Prospectus Supplement. This description will include, where applicable:

- (i) the designation and aggregate number of Debt Warrants;
- (ii) the price at which the Debt Warrants will be offered;
- (iii) the currency or currencies in which the Debt Warrants will be offered;
- (iv) the aggregate principal amount, currency or currencies, denominations and terms of the series of Debt Securities that may be purchased upon exercise of the Debt Warrants;
- (v) the designation and terms of any securities with which the Debt Warrants will be offered, if any, and the number of the Debt Warrants that will be offered with each security;
- (vi) the date or dates, if any, on or after which the Debt Warrants and the related securities will be transferable separately;
- (vii) the principal amount of Debt Securities that may be purchased upon exercise of each Debt Warrant and the price at which and currency or currencies in which that principal amount of securities may be purchased upon exercise of each Debt Warrant;
- (viii) the date on which the right to exercise the Debt Warrants will commence and the date on which the right will expire;

DESCRIPTION OF SHARE PURCHASE CONTRACTS AND SHARE PURCHASE OR EQUITY UNITS

The Company may issue share purchase contracts, including contracts obligating holders to purchase from the Company, and the Company to sell to the holders, a specified number of Equity Securities, at a future date or dates, or similar contracts issued on a “prepaid” basis (in each case, “Share Purchase Contracts”). The price per Equity Security and the number of Equity Securities may be fixed at the time the Share Purchase Contracts are issued or may be determined by reference to a specific formula set forth in the Share Purchase Contracts. The Share Purchase Contracts will require either the share purchase price be paid at the time the Share Purchase Contracts are issued or that payment be made at a specified future date. The Share Purchase Contracts may be issued separately or as part of units consisting of a Share Purchase Contract and Debt Securities or obligations of third parties (including U.S. treasury securities) (the “Share Purchase or Equity Units”), and may or may not serve as collateral for a holder’s obligations. The Share Purchase Contracts may require holders to secure their obligations thereunder in a specified manner. The Share Purchase Contracts also may require the Company to make periodic payments to the holders of the Share Purchase Contracts or vice versa, and such payments may be unsecured or refunded on some basis.

The applicable Prospectus Supplement will describe the terms of the Share Purchase Contracts or Share Purchase or Equity Units. The description in the Prospectus Supplement will not necessarily be complete, and reference will be made to the Share Purchase Contracts, and, if applicable, collateral, depositary or custodial arrangements, relating to the Share Purchase Contracts or Share Purchase or Equity Units. Material United States and Canadian federal income tax considerations applicable to the holders of the Share Purchase or Equity Units and the Share Purchase Contracts will also be discussed in the applicable Prospectus Supplement.

Original purchasers of Share Purchase Contracts or Share Purchase or Equity Units will be granted a contractual right of rescission against the Company in respect of the conversion, exchange or exercise of such Share Purchase Contract or Share Purchase or Equity Unit. The contractual right of rescission will entitle such original purchasers to receive, in addition to the amount paid on the original purchase of the Share Purchase Contracts or Share Purchase or Equity Units, the amount paid upon conversion, exchange or exercise, upon surrender of the underlying securities gained thereby, in the event that this Prospectus (as supplemented or amended) contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus. This contractual right of rescission will be consistent with the statutory right of rescission described under section 131 of the *Securities Act* (British Columbia), and is in addition to any other right or remedy available to original purchasers under section 131 of the *Securities Act* (British Columbia) or otherwise at law.

In an offering of Share Purchase Contracts or Share Purchase or Equity Units, investors are cautioned that the statutory right of action for damages for a misrepresentation contained in the prospectus is limited, in certain provincial securities legislation, to the price at which the Share Purchase Contracts or Share Purchase or Equity Units are offered to the public under the prospectus offering. This means that, under the securities legislation of certain provinces, if the purchaser pays additional amounts upon conversion, exchange or exercise of the security, those amounts may not be recoverable under the statutory right of action for damages that apply in those provinces. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province for the particulars of this right of action for damages and consult with a legal adviser.

DESCRIPTION OF SUBSCRIPTION RECEIPTS

TELUS may issue Subscription Receipts that entitle the holder to receive upon satisfaction of certain release conditions, and for no additional consideration, Debt Securities, Equity Securities, Warrants, Share Purchase Contracts or Share Purchase or Equity Units or any combination thereof. The Subscription Receipts may be offered separately or together with other Securities, and Subscription Receipts sold with other Securities may be attached to or separate from the other Securities.

The Subscription Receipts will be issued under one or more subscription receipt agreements that TELUS will enter into with one or more escrow agents. If underwriters or agents are involved in the sale of Subscription Receipts, one or more of such underwriters or agents may also be parties to the subscription receipt agreement governing those Subscription Receipts.

The relevant subscription receipt agreement will establish the terms of the Subscription Receipts. Under the subscription receipt agreement, original purchasers of Subscription Receipts will be granted a contractual right of rescission against the Company in respect of the conversion, exchange or exercise of such Subscription Receipts. The contractual right of rescission will entitle such original purchasers to receive, in addition to the amount paid on the original purchase of the Subscription Receipts, the amount paid for the Subscription Receipts, upon surrender of the underlying securities gained thereby, in the event that this Prospectus (as supplemented or amended) contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus. This contractual right of rescission will be consistent with the statutory right of rescission described under section 131 of the *Securities Act* (British Columbia), and is in addition to any other right or remedy available to original purchasers under section 131 of the *Securities Act* (British Columbia) or otherwise at law.

The particular terms and provisions of any Subscription Receipts offered by TELUS, and the extent to which the general terms and provisions described in this section apply to those Subscription Receipts, will be set out in the applicable Prospectus Supplement. All such terms will comply with any applicable requirements of the TSX relating to Subscription Receipts. The Prospectus Supplement will include some or all of the following:

- (i) the number of Subscription Receipts offered;
- (ii) the price at which the Subscription Receipts will be offered;
- (iii) the designation, number and terms, as applicable, of the Debt Securities, Equity Securities, Warrants, Share Purchase Contracts or Share Purchase or Equity Units to be received by holders of Subscription Receipts upon satisfaction of the release conditions, and the anti-dilution provisions that will result in the adjustment of those numbers;
- (iv) the release conditions that must be met in order for holders of Subscription Receipts to receive for no additional consideration, Debt Securities, Equity Securities, Warrants, Share Purchase Contracts or Share Purchase or Equity Units, as applicable;
- (v) the procedure for the issuance and delivery of Debt Securities, Equity Securities, Warrants, Share Purchase Contracts or Share Purchase or Equity Units, as applicable, to holders of Subscription Receipts upon satisfaction of the release conditions;
- (vi) whether any payments will be made to holders of Subscription Receipts upon delivery of the Debt Securities, Equity Securities, Warrants, Share Purchase Contracts or Share Purchase or Equity Units, as applicable, upon satisfaction of the release conditions;
- (vii) the terms and conditions under which the escrow agent will hold in escrow all or a portion of the proceeds from the sale of the Subscription Receipts together with any interest income earned thereon (collectively, the "Escrowed Funds"), pending satisfaction of the release conditions;
- (viii) the terms and conditions under which the escrow agent will hold the Debt Securities, Equity Securities, Warrants, Share Purchase Contracts or Share Purchase or Equity Units, as applicable, pending the satisfaction of the release conditions;
- (ix) the terms and conditions under which the escrow agent will release all or a portion of the Escrowed Funds to TELUS upon satisfaction of the release conditions;
- (x) if the Subscription Receipts are sold to or through underwriters or agents, the terms and conditions under which the escrow agent will release a portion of the Escrowed Funds to such underwriters or agents in payment of all or a portion of their fees or commission in connection with the sale of the Subscription Receipts;
- (xi) procedures for the refund by the escrow agent to holders of Subscription Receipts of all or a portion of the subscription price for their Subscription Receipts, plus any pro rata entitlement to interest earned or income generated on such amount, if the release conditions are not satisfied;
- (xii) any entitlement of TELUS to purchase the Subscription Receipts in the open market by private agreement or otherwise;

- (xiii) whether TELUS will issue the Subscription Receipts as global securities and, if so, who the depository will be;
- (xiv) provisions as to modification, amendment or variation of the subscription receipt agreement or any rights or terms attaching to the Subscription Receipts;
- (xv) material Canadian tax consequences of owning Subscription Receipts; and
- (xvi) any other material terms, preferences, rights or limitations of, or restrictions on, the Subscription Receipts.

DENOMINATIONS, REGISTRATION AND TRANSFER

The Securities will be issued in fully registered form without coupons attached in either global or definitive form and in denominations and integral multiples as set out in the applicable Prospectus Supplement (unless otherwise provided with respect to a particular series of Debt Securities pursuant to the provisions of the applicable Trust Indenture, as supplemented by a supplemental indenture). Other than in the case of book-entry only securities, Securities may be presented for registration of transfer (with the form of transfer endorsed thereon duly executed) in the city specified for such purpose at the office of the registrar or transfer agent designated by the Company for such purpose with respect to any issue of Securities referred to in the Prospectus Supplement. No service charge will be made for any transfer, conversion or exchange of the Securities but the Company may require payment of a sum to cover any transfer tax or other governmental charge payable in connection therewith. Such transfer, conversion or exchange will be effected upon such registrar or transfer agent being satisfied with the documents of title and the identity of the Person making the request. If a Prospectus Supplement refers to any registrar or transfer agent designated by the Company with respect to any issue of Securities, the Company may at any time rescind the designation of any such registrar or transfer agent and appoint another in its place or approve any change in the location through which such registrar or transfer agent acts.

In the case of book-entry only securities, a global certificate or certificates representing the Securities will be held by a designated depository for its participants. The Securities must be purchased or transferred through such participants, which includes securities brokers and dealers, banks and trust companies. The depository will establish and maintain book-entry accounts for its participants acting on behalf of holders of the Securities. The interests of such holders of Securities will be represented by entries in the records maintained by the participants. Holders of Securities issued in book-entry only form will not be entitled to receive a certificate or other instrument evidencing their ownership thereof, except in limited circumstances. Each holder will receive a customer confirmation of purchase from the participants from which the Securities are purchased in accordance with the practices and procedures of that participant.

RISK FACTORS

Prospective investors in the Securities should consider carefully the matters set forth in the section entitled “Risks and risk management” in Management’s Discussion and Analysis of financial results in respect of the Company’s most recent annual financial statements and in Management’s Discussion and Analysis of financial results in respect of the Company’s interim financial statements filed thereafter, each of which is deemed to be incorporated by reference in this Prospectus.

PLAN OF DISTRIBUTION

The Company may sell the Securities to or through underwriters or dealers, and also may sell Securities to one or more other purchasers directly or through agents. Each Prospectus Supplement will set forth the terms of the offering, including the name or names of any underwriters or agents, the purchase price or prices of the Securities and the proceeds to the Company from the sale of the Securities. The sale of Common Shares may be effected from time to time in one or more transactions at non-fixed prices pursuant to transactions that are deemed to be “at-the-market distributions”, including sales made directly on the TSX or NYSE or other existing trading markets for the Common Shares, and as set forth in a Prospectus Supplement for such purpose.

The Securities may be sold, from time to time in one or more transactions at a fixed price or prices which may be changed or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices.

Underwriters, dealers and agents who participate in the distribution of the Securities may be entitled under agreements to be entered into with the Company to indemnification by the Company against certain liabilities, including liabilities under securities legislation, or to contribution with respect to payments which such underwriters, dealers or agents may be required

to make in respect thereof. Such underwriters, dealers and agents may be customers of, engage in transactions with, or perform services for, the Company in the ordinary course of business.

In connection with any offering of Securities, except in connection with an “at-the-market distribution” or as otherwise set out in a Prospectus Supplement relating to a particular offering of Securities, the underwriters or agents may, subject to applicable law, over-allot or effect transactions which stabilize or maintain the market price of the Securities offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time. No underwriter of an “at-the-market distribution”, and no person or company acting jointly or in concert with an underwriter, may, in connection with any such distribution, enter into any transaction that is intended to stabilize or maintain the market price of the securities or securities of the same class as the securities distributed under this Prospectus, including selling an aggregate number or principal amount of securities that would result in the underwriter creating an over-allocation position in the securities.

LEGAL MATTERS

Certain legal matters in connection with any offering hereunder will be passed upon on behalf of TELUS by Norton Rose Fulbright Canada LLP and by Paul, Weiss, Rifkind, Wharton & Garrison LLP.

EXPERTS

The auditor for the Company is Deloitte LLP, Vancouver, British Columbia. Deloitte LLP is independent with respect to the Company within the meaning of the rules of professional conduct of the Chartered Professional Accountants of British Columbia and within the meaning of the *Securities Act of 1933*, as amended, and the applicable rules and regulations thereunder adopted by the SEC and the Public Company Accounting Oversight Board (United States).

WELL-KNOWN SEASONED ISSUER

On December 6, 2021, the securities regulatory authorities in each of the provinces and territories of Canada each independently adopted a series of substantively harmonized blanket orders, including British Columbia Instrument 44-503 – *Exemption from Certain Prospectus Requirements for Canadian Well-known Seasoned Issuers* (together with the equivalent local blanket orders in each of the other provinces and territories of Canada, the “WKSI Blanket Orders”). The WKSI Blanket Orders came into force on January 4, 2022 and allow “well-known seasoned issuers”, or “WKSIs”, to file a final short form base shelf prospectus as the first public step in an offering, and exempt qualifying issuers from certain disclosure requirements relating to such final short form base shelf prospectus. As of the date hereof, the Company has determined that it qualifies as a “well-known seasoned issuer” under the WKSI Blanket Orders and this Prospectus has been filed pursuant to the WKSI Blanket Orders in each of the provinces of Canada.

PURCHASERS’ STATUTORY RIGHTS

Securities legislation in some provinces of Canada provides purchasers of securities with the right to withdraw from an agreement to purchase securities and with remedies for rescission or, in some jurisdictions, revisions of the price, or damages if the prospectus, prospectus supplement, and any amendment relating to securities purchased by a purchaser are not sent or delivered to the purchaser. Unless otherwise provided in the applicable prospectus supplement, this right may be exercised within two business days after the later of (a) the date that the Company (i) filed the prospectus or any amendment on SEDAR+ and a receipt is issued and posted for the document, and (ii) issued and filed a news release on SEDAR+ announcing that the document is accessible through SEDAR+, and (b) the date that the purchaser or subscriber has entered into an agreement to purchase the securities or a contract to purchase or a subscription for the securities. However, purchasers of Common Shares distributed under an “at-the-market distribution” by TELUS do not have the right to withdraw from an agreement to purchase the Common Shares and do not have remedies of rescission or, in some jurisdictions, revisions of the price, or damages for non-delivery of the prospectus, prospectus supplement, and any amendment relating to Common Shares purchased by such purchaser because the prospectus, prospectus supplement, and any amendment relating to the Common Shares purchased by such purchaser will not be sent or delivered, as permitted under Part 9 of NI 44-102.

Securities legislation in some provinces of Canada further provides purchasers with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus, prospectus supplement, and any amendment relating to securities purchased by a purchaser contains a misrepresentation. Those remedies must be exercised by the purchaser within the time limit prescribed by securities legislation. Any remedies under securities legislation that a purchaser of Common Shares distributed under an “at-the-market distribution” by TELUS may have against TELUS or its agents for rescission or, in some jurisdictions, revisions of the price, or damages if the prospectus, prospectus supplement, and any amendment relating to

securities purchased by a purchaser contain a misrepresentation will remain unaffected by the non-delivery of the prospectus referred to above.

A purchaser should refer to applicable securities legislation for the particulars of these rights and should consult a legal adviser. Rights and remedies also may be available to purchasers under U.S. law and purchasers may wish to consult with a U.S. lawyer for particulars of these rights.

In an offering of Securities which are convertible, exchangeable or exercisable securities, investors are cautioned that the statutory right of action for damages for a misrepresentation contained in the prospectus is limited, in certain provincial securities legislation, to the price at which the convertible, exchangeable or exercisable securities is offered to the public under the prospectus offering. This means that, under the securities legislation of certain provinces, if the purchaser pays additional amounts upon conversion, exchange or exercise of the security, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of this right of action for damages or consult with a legal adviser.

Original purchasers of Securities which are convertible, exchangeable or exercisable securities will have a contractual right of rescission against TELUS following the conversion of such convertible or exchangeable such Securities. The contractual right of rescission will entitle such original purchasers to receive, in addition to the amount paid on original purchase of the Warrants, Share Purchase Contracts, Share Purchase or Equity Units, or Subscription Receipts, as the case may be, the amount paid, if any, upon conversion, exchange or exercise, upon surrender of the underlying securities gained thereby, in the event that this Prospectus, the applicable Prospectus Supplement or an amendment thereto contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus. This contractual right of rescission will be consistent with the statutory right of rescission described under section 131 of the *Securities Act* (British Columbia), and is in addition to any other right or remedy available to original purchasers under section 131 of the *Securities Act* (British Columbia) or otherwise at law.
