Upon receipt of not less than one hundred and twenty (120) days advance written notice from the Licensor, (a "Relocation Notice") the Licensee shall relocate the Licensee's Equipment and the Deemed Area. If the Relocation Notice requires the relocation to occur within the first two (2) years after the Installation Date, the Licensor will be solely responsible for the direct, reasonable, out of pocket expenses of the relocation (the "Relocation Costs"), and if the Relocation Notice does not require the relocation to occur until after that two (2) year period, the Relocation Costs will be shared equally by the Licensor and the Licensee unless the relocation is primarily to accommodate another supplier of Services. In that case, the Licensee will not be required to pay any part of the relocation costs. The Licensor shall permit the Licensee to effect any relocation using a procedure that will ensure that the relocated equipment is operational for service prior to discontinuing service from the previous service location. If a Relocation Notice is delivered, the Licensee, will, within fifteen (15) days after its receipt deliver written notice to the Licensor setting out particulars of its estimate of the Relocation Costs and, the Licensor will be entitled to rely upon that estimate in proceeding with the relocation. The Licensor may at any time within fifteen (15) days after receipt of the Licensee's estimate of the Relocation Costs rescind its Relocation Notice by giving written notice to the Licensee to that effect.
- (b) At the expiration or earlier termination of this Agreement the Licensee shall, at the Licensee's sole cost and expense, without liens, remove the Entrance Cable, and all other items of the Licensee's Equipment except any part of it that by agreement between the Licensee and the Licensor has been acquired by the Licensor and all of the Licensee's personal property from the Building. This obligation to remove the Entrance Cable and all other items of the Licensee's Equipment shall be subject to (i) any CRTC-mandated obligations upon the Licensee to provide services to other TSPs that provide services to existing subscribers, or to the occupants of the Building, and (ii) the rights of any third party users of the Licensee's Equipment where that use has been approved by the Licensor. If any property that is required to be removed is not so removed within twenty (20) Business Days after the termination, the property may, at the Licensor's sole option, (i) be removed and stored by the Licensor at the Licensee's expense (and the Licensee will pay an administration fee equal to fifteen percent (15%) of the expense), or (ii) become the property of the Licensor without compensation to the Licensee. As of the date of such removal, neither party shall have any claim against the other, except for claims or obligations that may have arisen or accrued prior to such termination or arise by reason of the Licensee's Equipment and other equipment or property removal, which claims or obligations shall survive such termination. The Licensee further covenants, at its sole cost and expense, to repair or refinish all damage caused by the operation or removal of the Licensee's Equipment as soon as possible but not more than forty-eight (48) hours after the damage is caused. If the Licensee fails to repair or refinish any such damage, the Licensor may, in its sole discretion, repair or refinish such damage and the Licensee shall reimburse the Licensor of all costs and expenses incurred in such repair or refinishing and will pay to the Licensor an administration fee equal to fifteen percent (15%) of the cost. The Licensee will provide to the Licensor upon completion of the removal of the Licensee's Equipment an engineer's report confirming completion of the removal in accordance with this Agreement.
- (c) If due to CRTC mandated obligations upon the Licensee to provide services to other TSPs, existing subscribers, or to the occupants of the Building or where the use of the Licensee's Equipment by third-party users of the Licensee's Equipment has been approved by the Licensor, the Licensee is not required by Section 19(a) to remove the Entrance Cable or other items of the Licensee's Equipment ("Exempted Items") then

despite the expiration or termination of the Term of this License, all of the obligations of the Licensee under this Agreement will continue in full force and effect except that the obligation to pay the License Fee will be suspended so long as the Licensee does not provide Services. That situation will continue (subject to the sentence following this one) until the Licensee's CRTC mandated obligations end and the Licensee removes the Exempted Items and restores damage as provided in Section 19(a). So long as, and to the extent a third party assumes responsibility and control of the Exempted Items, and the third party is bound by a telecommunications access agreement with the Licensor, or a successor of the Licensor, the Licensee will be exempted from the obligation to remove the Exempted Items.

ARTICLE 9 – LICENSOR'S ALTERATIONS

- (a) Despite anything else in this Agreement, the Licensor may, at any time:

 - (ii) grant, modify or terminate easements and any other agreements pertaining to the use or maintenance of all or any part of the Building;

- 10.2 Indemnification by Licensee** The Licensee shall indemnify and save harmless the Licensor from and against any loss, suit, claim, action, damage or expense arising out of, from or by reason of, the installation, operation, maintenance, repair or removal of the Licensee's Equipment in the Equipment Room and the Building's communications space pursuant to this Agreement, except to the extent that any such loss, suit, claim, action, damage or expense is due to the negligence or wilful misconduct of the Licensor or those for whom the Licensor is in law responsible.
- 10.3 Indirect Damages** Neither the Licensor nor the Licensee will be liable to the other (regardless of any other provision of this Agreement), in respect of any indirect, special, incidental or consequential damages including loss of revenue, loss of profits, loss of business opportunity or loss of use of any facilities or property, even if advised of the possibility of such damages.

ARTICLE 11 – TERMINATION

If the Building Risers are still required the Licensee and the Licensor, acting reasonably, may enter into a new agreement based on prevailing market conditions.
- (e) the Licensor defaults in the observance or performance of any of the Licensor's obligations under this Agreement, and such default continues for more than thirty (30) days after receipt of written notice of such default by the Licensee to the Licensor, unless such default cannot reasonably be cured within such thirty (30) day period, in which event the period for curing such default shall be extended for the minimum period of time reasonably required to effect such cure, provided that the Licensor promptly commences such cure with reasonable diligence; or
- (f) the Licensor makes an assignment for the benefit of creditors or becomes bankrupt, or takes the benefit of, and becomes subject to, the legislation in force relating to, bankruptcy or insolvency, it being understood that the appointment of a receiver, receiver/manager, or trustee of the property and the assets of the Licensor is conclusive evidence of insolvency.

- (h) The Building is no longer an MDU.
- (i) The Licensee does not install any Licensee's Equipment in the Building.

- (d) notwithstanding that the Licensee has complied with all the terms, covenants and conditions of this Agreement and notwithstanding any other provision herein contained, the Licensor shall have the right to terminate this Agreement, in whole or in part, in the event that the building will be demolished or substantially renovated at any time without incurring any liability therefore upon giving to the Licensee thirty (30) days prior written notice of such termination. Upon expiration of the thirty (30) day notice period the Licensee shall have entirely removed all Connecting Equipment from the building and have made good the premises and building risers where applicable. In the event that a building tenant that requires telecom services will remain in the building beyond the notice period as approved by the Licensor, this agreement will remain in force on a month-to-month basis and will become coterminous with the tenant's termination date.

The Licensee shall have no obligation to pay the License Fee or any other amounts under this Agreement during the one hundred and eighty (180) days during which Licensor is deciding whether or not to attempt to repair such damage, nor during the thirty (30) day notice period, and the portion of the License Fee paid by the Licensee in advance (if any) shall be refunded by the Licensor to the Licensee on a pro-rated basis to the date of damage to the Building.

ARTICLE 13 – FORCE MAJEURE

13.1 Force Majeure Without limiting or restricting the applicability of the law governing frustration of contracts, in the event either party fails to meet any of its obligations under this Agreement within the time prescribed, and such failure shall be caused by, or materially contributed to, Force Majeure, such failure shall be deemed not to be a breach of the obligations of such party under this Agreement, and the time for the performance of such obligation shall be extended accordingly as may be appropriate under the circumstances.
