310 **Toll Restriction Services**

ITEM

310.1 **Service Description**

Toll Restriction Services are comprised of one or more of the following Message Toll access control features which are made available to Customers upon their request:

Outgoing Toll Restriction Service:

Outgoing Toll Restriction Service allows Customers with individual Business Service or individual Residence Service lines to selectively prohibit access to the Message Toll Network of TCI or any other Interexchange Carrier by automatically blocking the initial digit "1" dialing code that accesses Message Toll Services through Direct Distance Dialing and the initial digit "0" that accesses the long distance Operator Services of TCI or any other Interexchange Carrier.

Collect/Third Party Toll Restriction Service:

Collect/Third Party Toll Restriction Service allows Customers with individual Residence Services lines to selectively prohibit receipt of incoming Collect and/or Third Party Message Toll calls transported over the TCI and/or other participating Stentor Member Company networks.

310.2 **Conditions of Service**

1. Collect/Third Party Toll Restriction is only available to residence Customers.
2. This service does not restrict other dialable accesses including local Directory Assistance, TCI Repair Service or to Provincial E9-1-1 Service (where available).
3. Collect/Third Party Toll Restriction is made available and is effective on the next business day after an order is placed for the service following a specific request by the Customer.
4. Irrespective of subscription to Collect/Third Party Toll Restriction, where a Customer is presented with a Collect or Third Party call and so chooses to accept the call, the Customer is responsible for such charges.
