1 SUPPLEMENTAL EQUIPMENT AND SERVICES (Continued)

A-2 ENGINEERING

Additional engineering will be provided on an Actual Cost basis at the request of the IXC for engineering consultation to obtain technical advice, which is not related to a specific order.

A-3 LABOR

Additional labor will be provided at the request of the IXC to meet the following situations:

1. Installation and repair work performed outside of regular working hours.
2. Joint testing performed at the time of installation or prior to provision of the IXC's service.
3. Standby time in excess of one-half hour to make coordinated tests by both the Company and the IXC on a given facility.
4. Other labor as agreed to by the Company and the IXC not included in the above. Charges for each request shall be at Actual Cost.

A-4 ACTIVATION OF AN ADDITIONAL NETWORK ROUTING CAPABILITY

Provides a custom designed arrangement to provide for the activation of an additional network traffic routing capability, CIC 0773, for a specific Alternate Provider of Long Distance Services.

	<u>Rate Per</u> <u>Month</u>	<u>Service</u> <u>Charge</u>
Additional Network Routing Capability.....	---	(Note)
