Item

224 TIMING OF MESSAGES

A. Long Distance Message Toll Calls:

The timing of long distance message toll calls is based on that established for the Company's non-tariffed long distance message toll service. C
|

B. Exchange Service Message Calls:

- (1) Person-to-person service is not offered on mobile calls within the radiotelephone local calling areas.
- (2) For station-to-station service, the chargeable time begins when the connection is established between the calling station and the called station or private branch exchange switchboard.
- (3) The chargeable time ends when the connection is terminated.
