FORWARD-LOOKING STATEMENTS

This prospectus supplement and the short form base shelf prospectus to which it relates, together with the documents incorporated by reference herein and therein, contain forward-looking statements about expected events and the financial and operating performance of TELUS.

Forward-looking statements include any statements that do not refer to historical facts. They include, but are not limited to, statements relating to the Company's objectives and its strategies to achieve those objectives, its targets, outlook, updates, and its multi-year dividend growth program. Forward-looking statements are typically identified by the words "assumption", "goal", "guidance", "objective", "outlook", "strategy", "target" and other similar expressions, or future or conditional verbs such as "aim", "anticipate", "believe", "could", "expect", "intend", "may", "plan", "predict", "seek", "should", "strive" and "will".

By their nature, forward-looking statements are subject to inherent risks and uncertainties and are based on assumptions, including assumptions about future economic conditions and courses of action. These assumptions may ultimately prove to have been inaccurate and, as a result, the Company's actual results or events may differ materially from expectations expressed in or implied by the forward-looking statements. An update to the Company's trends and assumptions for 2019 is presented in the Company's Management's Discussion and Analysis of financial results for the three-month period ended March 31, 2019.

Risks and uncertainties that could cause actual performance or events to differ materially from the forward-looking statements made herein and in other TELUS filings incorporated by reference herein include, but are not limited to, the following:

- Regulatory decisions and developments including: changes to the Company's regulatory regime or the outcomes of proceedings, cases or inquiries relating to its application, such as: the potential of government intervention to further increase wireless competition, including a proposed policy direction to the Canadian Radio-television and Telecommunications Commission ("CRTC"); any new regulatory requirements as a result of the CRTC's ongoing review of the wireless regulatory framework; the federal government's announcement in its 2019 budget that it intends to propose new legislation and make necessary amendments to existing federal legislation in order to introduce a new critical cyber systems framework; the potential for government intervention concerning the CRTC's decision on lower-cost data-only plans; changes to the cost burden associated with CRTC-mandated network interconnections; disputes with certain municipalities regarding rights-of-way bylaws, and other potential threats to unitary federal regulatory authority over telecommunications, including provincial wireless and consumer protection legislation; the impact of the CRTC's wireline wholesale services review, with a review of rates and configurations for wholesale access currently in progress for TELUS; follow-up proceedings further

to the CRTC's report on the retail sales practices of Canada's large telecommunications carriers; the Competition Bureau's market study on competition in broadband services; the CRTC's phase-out of the local service subsidy regime and corresponding establishment of a broadband funding regime to support the enhancement of high-speed Internet services focusing on unserved and underserved areas in Canada; the CRTC's review of the price cap and local forbearance regimes; the CRTC's proceeding to create a mandatory code of conduct to address the clarity and content of contracts for retail fixed Internet access and related issues; broadcasting-related issues, such as: the CRTC's implementation of new initiatives discussed in its May 2018 report "Harnessing Change: The Future of Programming Distribution in Canada"; the federal government's legislative review of the Broadcasting Act, Telecommunications Act and Radiocommunication Act as announced on June 5, 2018; the review of the Copyright Act, which began in early 2018; spectrum and compliance with licences, including the Company's compliance with licence conditions, changes to spectrum licence fees, spectrum policy determinations such as restrictions on the purchase, sale and transfer of spectrum licences, and the cost and availability of spectrum in the 3500 MHz and millimeter wave (mmWave bands); the impact on the Company and other Canadian telecommunications carriers of government or regulatory actions with respect to certain countries or suppliers; restrictions on non-Canadian ownership and control of TELUS common shares and the ongoing monitoring and compliance with such restrictions; and the Company's ability to comply with complex and changing regulation of the healthcare and medical devices industry in the provinces of Canada in which we operate, including as an operator of health clinics.

- Competitive environment including: the Company's ability to continue to retain customers through an enhanced customer service experience, including through the deployment and operation of evolving wireless and wireline infrastructure; intense wireless competition, including the ability of industry competitors to successfully combine a mix of Internet services and, in some cases, wireless services under one bundled and/or discounted monthly rate, along with their existing broadcast or satellite-based TV services; the success of new products, new services and supporting systems, such as home automation security and Internet of Things (IoT) services for Internet-connected devices; wireline voice and data competition including continued intense rivalry across all services among wireless and wireline telecommunications companies, cable-TV providers, other communications companies and over-the-top (OTT) services, which, among other things, places pressures on current and future mobile phone average billing per subscriber unit per month (ABPU), mobile phone average revenue per subscriber unit per month (ARPU), cost of acquisition, cost of retention and churn rate for all services, as do customer usage patterns, increased data bucket sizes or flat-rate pricing trends for voice and data, inclusive rate plans for voice and data and availability of Wi-Fi networks for data; mergers and acquisitions of industry competitors; pressures on Internet and TV ARPU and churn rate resulting from market conditions, government actions and customer usage patterns; residential voice and business network access line losses; subscriber additions and retention volumes, and associated costs for wireless, TV and Internet services; the Company's ability to obtain and offer content on a timely basis across multiple devices on wireless and TV platforms at a reasonable cost; vertical integration in the broadcasting industry resulting in competitors owning broadcast content services, and timely and effective enforcement of related regulatory safeguards; the Company's ability to compete successfully in customer care and business services (CCBS) given the Company's competitors' brand recognition, consolidation and strategic alliances as well as technology development and the Company's TELUS Health business, the ability to compete with other providers of electronic medical records and pharmacy management products, systems integrators and health service providers including those that own a vertically integrated mix of health services delivery, IT solutions, and related services, and global providers that could achieve expanded Canadian footprints.
- Technological substitution including: reduced utilization and increased commoditization of traditional wireline voice local and long distance services from impacts of OTT applications and wireless substitution, a declining overall market for paid TV services, including as a result of content piracy and signal theft and as a result of a rise in OTT direct to consumer video offerings and virtual multichannel video programming distribution platforms; the increasing number of households that have only wireless and/or Internet-based telephone services; potential mobile phone ABPU and mobile phone ARPU declines as a result of, among other factors, substitution to messaging and OTT applications; substitution to increasingly available Wi-Fi services; and disruptive technologies, such as OTT IP services, including

Network as a Service in the business market, that may displace or re-rate the Company's existing data services.

- Technology including: high subscriber demand for data that challenges wireless networks and spectrum capacity levels and may be accompanied by increases in delivery cost; the Company's reliance on information technology and its need to streamline its legacy systems; the roll-out and evolution of wireless broadband technologies and systems including video distribution platforms and telecommunications network technologies (broadband initiatives, such as fibre to the premises (FTTP), wireless small-cell deployment, 5G wireless and availability of resources and ability to build out adequate broadband capacity); the Company's reliance on wireless network access agreements, which have facilitated the Company's deployment of wireless technologies; choice of suppliers and those suppliers' ability to maintain and service their product lines, which could affect the success of upgrades to, and evolution of, technology that it offers; supplier limitations and concentration and market power for network equipment, TELUS TV® and wireless handsets; the performance of wireless technology; the Company's expected long-term need to acquire additional spectrum capacity through future spectrum auctions and from third parties to address increasing demand for data; deployment and operation of new wireline broadband network technologies at a reasonable cost and availability and success of new products and services to be rolled out using such network technologies; network reliability and change management; self-learning tools and automation that may change the way the Company interacts with customers; and uncertainties around the Company's strategy to replace certain legacy wireline network technologies, systems and services to reduce operating costs.
- Capital expenditure levels and potential outlays for spectrum licences in spectrum auctions or from third parties, due to: the Company's broadband initiatives, including connecting more homes and businesses directly to fibre; the Company's ongoing deployment of newer wireless technologies, including wireless small cells to improve coverage and capacity and prepare for a more efficient and timely evolution to 5G wireless services; utilizing acquired spectrum; investments in network resiliency and reliability; subscriber demand for data; evolving systems and business processes; implementing efficiency initiatives; supporting large complex deals; and future wireless spectrum auctions held by Innovation, Science and Economic Development Canada, including the 3500 MHz and mmWave spectrum auctions expected to take place in 2020 and 2021, respectively. The Company's capital expenditure levels could be impacted if it does not achieve its targeted operational and financial results.
- Operational performance and business combination risks including: the Company's reliance on legacy systems and ability to implement and support new products and services and business operations in a timely manner; the Company's ability to implement effective change management for system replacements and upgrades, process redesigns and business integrations (such as the Company's ability to successfully integrate acquisitions, complete divestitures or establish partnerships in a timely manner, and realize expected strategic benefits, including those following compliance with any regulatory orders); the Company's ability to identify and manage new risks inherent to new service offerings that we may provide, including as a result of acquisitions, which could result in damage to the Company's brand, the Company's business in the relevant area or as a whole, additional exposure to litigation or regulatory proceedings; and real estate joint venture risks.
- Data protection including: risks that malfunctions or unlawful acts could result in the unauthorized access to, change, loss, or distribution of data, which may compromise the privacy of individuals and could result in financial loss and harm to the Company's reputation and brand.
- Security threats including: intentional damage or unauthorized access to the Company's physical assets or the Company's IT systems and networks, which could prevent the Company from providing reliable service or result in unauthorized access to the Company's information or that of the Company's customers.
- Ability to successfully implement cost reduction initiatives and realize planned savings, net of restructuring and other costs, without losing customer service focus or negatively affecting business operations. Examples of these initiatives are: the Company's operating efficiency and effectiveness

program to drive improvements in financial results; business integrations; business product simplification; business process outsourcing; offshoring and reorganizations, including any full-time equivalent employee reduction programs; procurement initiatives; and real estate rationalization.

- Implementation of large enterprise deals, which may be adversely impacted by available resources, system limitations and degree of co-operation from other service providers.
- Foreign operations and the Company's ability to successfully manage operations in foreign jurisdictions, including managing risks such as currency fluctuations.
- Business continuity events including: the Company's ability to maintain customer service and operate the Company's network in the event of human error or human-caused threats, such as cyberattacks and equipment failures that could cause various degrees of network outages; supply chain disruptions; delays and economics including as a result of government restrictions or trade actions; natural disaster threats; epidemics; pandemics; political instability in certain international locations; information security and privacy breaches, including data loss or theft of data; and the completeness and effectiveness of business continuity and disaster recovery plans and responses.
- Human resource matters including: recruitment, retention and appropriate training in a highly competitive industry, and the level of employee engagement.
- Financing and debt requirements including: the Company's ability to carry out financing activities, the Company's ability to refinance its maturing debt and the Company's ability to maintain investment grade credit ratings in the range of BBB+ or the equivalent. The Company's business plans and growth could be negatively affected if existing financing is not sufficient to cover the Company's funding requirements.
- Lower than planned free cash flow could constrain the Company's ability to invest in operations, reduce debt or return capital to shareholders, and could affect the Company's ability to sustain its dividend growth program through 2022. This program may be affected by factors such as the competitive environment, economic performance in Canada, the Company's earnings and free cash flow, the Company's levels of capital expenditures and spectrum licence purchases, acquisitions, the management of the Company's capital structure, and regulatory decisions and developments. Quarterly dividend decisions are subject to assessment and determination by the Company's Board of Directors based on the Company's financial position and outlook. Shares may be purchased under the Company's normal course issuer bid ("NCIB") when and if we consider it opportunistic, based on the Company's financial position and outlook, and the market price of TELUS common shares. There can be no assurance that the Company's dividend growth program or any NCIB will be maintained, not changed and/or completed.
- Taxation matters including: interpretation of complex domestic and foreign tax laws by the relevant tax authorities that may differ from the Company's interpretations; the timing and character of income and deductions, such as tax depreciation and operating expenses; tax credits or other attributes; changes in tax laws, including tax rates; tax expenses being materially different than anticipated, including the taxability of income and deductibility of tax attributes; elimination of income tax deferrals through the use of different tax year-ends for operating partnerships and corporate partners; and changes to the interpretation of tax laws, including as a result of changes to applicable accounting standards or tax authorities adopting more aggressive auditing practices, tax reassessments or adverse court decisions impacting the tax payable by the Company.
- Litigation and legal matters including: the Company's ability to successfully respond to investigations and regulatory proceedings; the Company's ability to defend against existing and potential claims and lawsuits (including intellectual property infringement claims and class actions based on consumer claims, data, privacy or security breaches and secondary market liability) or to negotiate and execute upon indemnity rights or other protections in respect of such claims and lawsuits; and the complexity of legal compliance in domestic and foreign jurisdictions, including compliance with competition, anti-bribery and foreign corrupt practices laws.

- Health, safety and the environment including: lost employee work time resulting from illness or injury, public concerns related to radio frequency emissions, environmental issues affecting the Company's business including climate change, waste and waste recycling, risks relating to fuel systems on the Company's properties, and changing government and public expectations regarding environmental matters and the Company's responses.
- Economic growth and fluctuations including: the state of the economy in Canada, which may be influenced by economic and other developments outside of Canada, including potential outcomes of yet unknown policies and actions of foreign governments; future interest rates; inflation; unemployment levels; effects of fluctuating oil prices; effects of low business spending (such as reducing investments and cost structure); pension investment returns, funding and discount rates; fluctuations in foreign exchange rates of the currencies in the regions in which we operate; the impact of tariffs on trade between Canada and the U.S.; and global implications of a trade conflict between the U.S. and China.

These risks are described in additional detail in the Company's Management's Discussion and Analysis of financial results for the year ended December 31, 2018 and the three-month period ended March 31, 2019. Those descriptions are incorporated by reference in this cautionary statement but are not intended to be a complete list of the risks that could affect the Company.

Many of these factors are beyond the Company's control or its current expectations or knowledge. Additional risks and uncertainties not currently known to the Company or that it currently deems to be immaterial may also have a material adverse effect on its financial position, financial performance, cash flows, business or reputation. Except as otherwise indicated in this prospectus supplement and the short form base shelf prospectus to which it relates, the forward-looking statements made herein do not reflect the potential impact of any non-recurring or special items or any mergers, acquisitions, dispositions or other business combinations or transactions that may be announced or that may occur after the date of this document.

Readers are cautioned not to place undue reliance on forward-looking statements. Forward-looking statements in this document describe the Company's expectations and are based on its assumptions as at the date hereof and are subject to change after this date. Except as required by law, the Company disclaims any intention or obligation to update or revise any forward-looking statements.

This cautionary statement qualifies all of the forward-looking statements in this prospectus supplement and the short form base shelf prospectus to which it relates including in each case the documents incorporated by reference.

Certain Covenants	The U.S. Indenture (as defined herein) pursuant to which the Notes will be issued will contain certain covenants that, among other things, limit the ability of the Company and certain material subsidiaries to grant security in respect of Indebtedness (as defined herein) and to enter into Sale and Lease-Back Transactions (as defined herein) and limit the ability of such subsidiaries to incur new Indebtedness. See “Description of the Notes — Negative Pledge”, “— Limitation on Restricted Subsidiary Indebtedness”, and “— Limitation on Sale and Lease-Back Transactions”.

Use of Proceeds	The total net proceeds to be received by the Company from this Offering are estimated to be approximately U.S.\$490,865,000 after payment of commissions to the Underwriters but before deduction of the expenses of this Offering. The net proceeds will be used for the repayment of outstanding indebtedness, including outstanding commercial paper, the redemption of a portion of the \$1.0 billion aggregate principal amount outstanding on the Company's 5.05% Series CH Notes due July 23, 2020 (the "Series CH Notes"), and for general corporate purposes. Pending any such use of the net proceeds, the Company will invest the net proceeds in bank deposits and short term marketable securities. See "Use of Proceeds".
Conflicts of Interest	As described above, the net proceeds will be used for the repayment of outstanding indebtedness, including outstanding commercial paper, the redemption of a portion of the \$1.0 billion aggregate principal amount outstanding on the Series CH Notes, and for general corporate purposes. Certain affiliates of the Underwriters may be holders of the Company's commercial paper and/or holders of the Series CH Notes. As a result, one or more affiliates of the Underwriters may receive more than 5% of the net proceeds from this Offering in the form of the repayment of indebtedness. Accordingly, this Offering is being made pursuant to Rule 5121 of the Financial Industry Regulatory Authority ("FINRA"). The appointment of a qualified independent underwriter is not necessary in connection with this Offering because the conditions of Rule 5121(a)(1)(C) of FINRA are satisfied.
Form and Denomination	The Notes will be represented by fully registered global notes deposited in book-entry form with, or on behalf of, The Depository Trust Company, and registered in the name of its nominee. See "Description of the Notes – Book-Entry System" in this prospectus supplement. Except as described under "Description of the Notes" in this prospectus supplement and "Description of Debt Securities" in the short form base shelf prospectus, Notes in certificated form will not be issued. The Notes will be issued only in fully registered form, without coupons, in denominations of U.S.\$2,000 of principal amount and any integral multiple of U.S.\$1,000 in excess thereof.
Governing Law	New York, United States.

RISK FACTORS

Prospective investors in the Notes should consider carefully the matters set forth in the section entitled "Risk Factors" in this prospectus supplement and the section entitled "Risks and risk management" in the Company's Management's Discussion and Analysis of financial results for the year ended December 31, 2018 and Management's Discussion and Analysis of financial results for the three-month period ended March 31, 2019 which are being incorporated by reference herein.

RECENT DEVELOPMENTS

On May 16, 2019, U.S. President Donald Trump signed an executive order permitting the Secretary of Commerce to block certain technology transactions deemed to constitute national security risks. Additionally, the Bureau of Industry and Security of the United States Department of Commerce (the “BIS”) amended the U.S. Export Administration Regulations to add Huawei Technologies Co. Ltd. and its non-U.S. affiliates (collectively, “Huawei”) to the BIS’ Entity List, which resulted in the imposition of additional license requirements (the “Restrictions”) on the export, re-export and transfer of goods, services and technology to Huawei by persons subject to the Restrictions. Subsequently, on May 20, 2019, the BIS adopted a final rule creating a 90-day temporary general license partially restoring the BIS’ former licensing requirements for exports, re-exports and transfer to Huawei in connection with certain transactions, including in connection with the continued operation of existing networks and equipment and the provision of support to existing handsets.

Given the range of potential government or regulatory actions by the U.S. government with respect to Huawei, the impact on TELUS, and on Canadian wireless service providers generally, cannot currently be predicted.

Readers are urged to review the risk factors contained in Section 9 General trends, outlook and assumptions, and regulatory developments and proceedings and Section 10 Risks and risk management of our Management’s Discussion and Analysis of financial results for the year ended December 31, 2018, which is incorporated by reference into this prospectus supplement.

This table should be read in conjunction with the audited consolidated financial statements of the Company as at and for the years ended December 31, 2018 and 2017, together with the report of the independent registered public accounting firm thereon and the notes thereto, and the unaudited condensed interim consolidated financial statements of the Company as at and for the three month period ended March 31, 2019, together with the notes thereto. Notes:

- (1) Reflects approximately US\$495 million arising from the issue of the Notes offered hereby (being the price to the public in respect of the Notes), and assumes the use of the net proceeds from this Offering will be used to repay outstanding indebtedness, including the repayment of outstanding commercial paper, the redemption of a portion of the \$1,000 million aggregate principal amount outstanding on the Series CH Notes, and for general corporate purposes. The amount reflected does not deduct issue costs related to this Offering.
- (2) As at the date of this prospectus supplement, no amounts were drawn on the 2018 Credit Facility and the amount of commercial paper outstanding, all of which was denominated in US dollars, was US\$534 million (\$716 million, based on the daily average exchange rate as reported by the Bank of Canada on May 21, 2019, which was US\$1.00 = \$1.3413, before application of the use of proceeds from this Offering).
- (3) On April 3, 2019 the Company issued \$1,000 million aggregate principal amount of 3.30% Notes, Series CY due May 2, 2029. See *Note 26(b)* of the unaudited condensed interim consolidated financial statements of the Company as at and for the three-month period ended March 31, 2019, together with the notes thereto. The proceeds of the offering were used to repay outstanding commercial paper of \$509 million, reduction of arm's-length securitization trust of \$400 million, and for general corporate purposes of \$83 million.
- (4) TELUS intends to issue the formal notice to redeem a portion of the Series CH Notes after completion of this Offering. The actual principal amount of the Series CH Notes redeemed by TELUS may differ from the amount reflected herein.
- (5) The principal amount of 2.80% Notes due February 2027 outstanding is US\$600 million.
- (6) The principal amount of 3.70% Notes due September 2027 outstanding is US\$500 million.
- (7) The principal amount of 4.60% Notes due November 2048 outstanding is US\$750 million.

- (8) As of the date of this prospectus supplement, US\$308 million (\$413 million, based on the daily average exchange rate as reported by the Bank of Canada on May 21, 2019, which was US\$1.00=\$1.3413) was drawn on the TELUS International (Cda) Inc. Credit Facilities.
- (9) The International Accounting Standards Board issued a new accounting standard, IFRS 16, *Leases*, with respect to the accounting for leases, which is required to be applied for years beginning on or after January 1, 2019. The most significant effect of the new standard is the lessee’s recognition of the initial present value of unavoidable future lease payments as right-of-use lease assets and lease liabilities on the statement of financial position, including those for most leases that would previously have been accounted for as operating leases. The measurement of the total lease expense over the term of a lease will be unaffected by the new standard. However, the new standard results in an acceleration of the timing of lease expense recognition for leases that would previously have been accounted for as operating leases; the International Accounting Standards Board expects that this effect may be muted by a lessee having a portfolio of leases with varying maturities and lengths of term, and we expect that we will be similarly affected. The presentation on the statement of income and other comprehensive income required by the new standard results in the presentation of most non-executory lease expenses as depreciation of right-of-use lease assets and financing costs arising from lease liabilities, rather than as a part of goods and services purchased (executory lease expenses will remain a part of goods and services purchased); reported operating income is thus higher under the new standard. The adoption of the new standard resulted in an increase to property, plant and equipment of approximately \$1.0 billion and long-term debt of approximately \$1.4 billion as at January 1, 2019. See Note 2 of the unaudited condensed interim consolidated financial statements of the Company as at and for the three-month period ended March 31, 2019.
- (10) The March 31, 2019 as adjusted amount reflects a current estimate of the loss, net of tax effects, in retained earnings assuming a redemption of \$662 million of the Series CH Notes.

USE OF PROCEEDS

The total net proceeds to be received by the Company from this Offering are estimated to be approximately U.S.\$490,865,000 after payment of commissions (the “Underwriters’ fee”) to the Underwriters but before deduction of the expenses of this Offering. The net proceeds will be used for the repayment of outstanding indebtedness, including outstanding commercial paper, the redemption of a portion of the \$1.0 billion aggregate principal amount outstanding on the Series CH Notes, and for general corporate purposes. Pending any such use of the net proceeds, the Company will invest the net proceeds in bank deposits and short term marketable securities. The Series CH Notes were originally incurred for (i) the redemption of U.S.\$613 million principal amount of the Company’s outstanding U.S.\$1.3615 billion 8% Notes due June 1, 2011, (ii) payments required to terminate cross-currency interest rate swaps associated with the notes to be redeemed, and (iii) general corporate purposes. The outstanding commercial paper was originally incurred for general working capital purposes. As of the date of this prospectus supplement, there is approximately \$1.0 billion aggregate principal amount of Series CH Notes outstanding.

EARNINGS COVERAGE RATIOS

The following consolidated earnings coverage ratios, which give effect to this Offering and the application of the net proceeds therefrom as though each had occurred at the beginning of such period, have been calculated for the 12-month periods ended December 31, 2018 and March 31, 2019. The earnings coverage ratios refer to the ratio of (i) consolidated net income attributable to holders of equity before borrowing costs and income taxes, and (ii) borrowing costs.

For the 12-month periods ended December 31, 2018 and March 31, 2019, the Company’s consolidated net income attributable to holders of equity before borrowing costs and income taxes was \$2,772 million and \$2,817 million, respectively. Borrowing costs for these 12-month periods were \$654 million and \$671 million, respectively. The earnings coverage ratio for the 12-month periods ended December 31, 2018 and March 31, 2019 gives pro forma effect to the issuance, repayment and redemption of all long-term debt of the Company since December 31, 2018 and March 31, 2019, respectively, including the issuance of the \$1,000 million aggregate principal amount of 3.30% Notes, Series CY due May 2, 2029 on April 3, 2019, as if each had occurred at the beginning of such 12-month period. The earnings coverage ratios set out below do not purport to be indicative of earnings coverage ratios for any future periods.

12-month period ended	December 31, 2018	March 31, 2019
Earnings coverage ratios	4.2	4.2

The information presented herein for the 12-month period ended March 31, 2019 is based on unaudited financial information.

RISK FACTORS

An investment in the Notes offered hereby involves certain risks. In addition to the other information contained in this prospectus supplement and in the section entitled “Risks and risk management” in the Company’s Management’s Discussion and Analysis of financial results for the year ended December 31, 2018 and Management’s Discussion and Analysis of financial results for the three-month period ended March 31, 2019, which sections are incorporated herein by reference, prospective investors should carefully consider the following factors in evaluating TELUS and its business before making an investment in the Notes.

Structural Subordination of Notes

The Notes will be obligations exclusively of the Company. The Company’s existing operations are currently conducted through its subsidiaries. The Company’s ability to meet its debt service obligations, including payment of principal and interest on the Notes, is dependent upon the cash flow of its subsidiaries and the payment of funds by its subsidiaries to the Company in the form of loans, dividends, fees or otherwise. The Company’s subsidiaries are separate and distinct legal entities and will have no obligation, contingent or otherwise, to pay any amounts due pursuant to the Notes or to make any funds available therefor, whether in the form of loans, dividends or otherwise. Because the Company’s subsidiaries will not guarantee the payment of principal of or interest on the Notes, any right of the Company to receive assets of the subsidiaries upon their bankruptcy, receivership, liquidation or reorganization (and the consequent right of the holders of the Notes (the “Noteholders” and each, a “Noteholder”) to participate in the distribution of proceeds from those assets) will be effectively subordinated to the claims of such subsidiaries’ creditors (including tax authorities, trade creditors and lenders).

Bankruptcy and Related Laws

The Company is incorporated under the laws of the Province of British Columbia and its principal operating assets are located in Canada.

The rights of the Trustees (as defined herein) to enforce remedies are likely to be significantly impaired by the restructuring, receivership, liquidation and other provisions of applicable Canadian bankruptcy, insolvency, restructuring and other similar legislation if the benefit of such legislation is sought with respect to the Company. For example, both the *Bankruptcy and Insolvency Act* (Canada) and the *Companies’ Creditors Arrangement Act* (Canada) contain provisions enabling “an insolvent person” to obtain a stay of proceedings as against its creditors and others and to prepare and file a proposal or plan to restructure and/or compromise obligations for consideration by all or some of its creditors to be voted on by the various classes of its creditors. Such a restructuring proposal or plan, if accepted by the requisite majorities of creditors and if approved by the court, would be binding on persons who might not otherwise be willing to accept it. Moreover, both statutes permit, in certain circumstances, the insolvent debtor to retain possession and administration of its property, even though it may be in default under the applicable debt instrument.

The powers of the court under applicable Canadian bankruptcy, insolvency, restructuring and other similar legislation (including the *Bankruptcy and Insolvency Act* (Canada) and particularly under the *Companies’ Creditors Arrangement Act* (Canada)) have generally been exercised broadly to protect a debtor entity from actions taken by creditors and other parties. Accordingly, it is impossible to predict if payments under the Notes would be made following commencement of or during such a proceeding, whether or when the Trustees could exercise their rights under the U.S. Indenture or whether and to what extent Noteholders would be compensated for any delay, in payments of principal and interest.

No Public Market

There is no established trading market for the Notes. The Company does not intend to have the Notes listed for trading on any securities exchange or quoted on any automated dealer quotation system. The Underwriters have

advised the Company that they presently intend to make a market in the Notes, but the Underwriters are not obligated to do so and any such market-making activities may be discontinued at any time without notice at the sole discretion of the Underwriters. Accordingly, no assurance can be given as to the prices or liquidity of, or trading markets for, the Notes. The liquidity of any market for the Notes will depend upon the number of holders of such Notes, the interest of securities dealers in making a market in the Notes and other factors. The absence of an active market for the Notes could adversely affect their market price and liquidity.

Credit Ratings

There can be no assurance that the credit ratings assigned to the Notes will remain in effect for any given period of time or that the ratings will not be withdrawn or revised at any time. There can be no assurance that a rating agency will not downgrade its ratings on the Notes. Real or anticipated changes in credit ratings on the Notes may affect the market value of the Notes. In addition, real or anticipated changes in credit ratings can affect the cost at which TELUS can access the capital markets. See “Credit Ratings”.

Repurchase upon Change of Control Triggering Event

In the event that the Company is required to offer to repurchase the Notes upon the occurrence of a Change of Control Triggering Event, it may not have sufficient funds to repurchase the Notes in cash at such time. In addition, the Company’s ability to repurchase the Notes for cash may be limited by applicable law.

Interest Rate Risks

Prevailing interest rates will affect the market price or value of the Notes. The market price or value of the Notes will decline as prevailing interest rates for comparable debt instruments rise, and will increase as prevailing interest rates for comparable debt instruments decline.

Currency Risks

The Notes are denominated and payable in United States dollars which may entail certain risks, and the extent and nature of such risks change continuously. These risks include, without limitation, the possibility of fluctuations in the United States dollar market, the imposition or modification of exchange controls and potential illiquidity in the secondary market. Prospective purchasers should consult their own financial and legal advisors as to the risks entailed in an investment in Notes denominated in currencies other than Canadian dollars. The Notes are not an appropriate investment for investors who are unsophisticated with respect to foreign currency transactions.

Foreign Private Issuer Status

As a foreign private issuer, in reliance on New York Stock Exchange rules that permit a foreign private issuer to follow the corporate governance practices of its home country, the Company is permitted to follow certain Canadian corporate governance practices instead of those otherwise required under the corporate governance standards for U.S. domestic issuers.

Further, as a foreign private issuer, the Company is exempt from a number of requirements under U.S. securities laws that apply to public companies that are not foreign private issuers. In particular, the Company is exempt from the rules and regulations under the U.S. Securities Exchange Act of 1934, as amended (the “Exchange Act”) related to the furnishing and content of proxy statements, and its officers, directors and principal shareholders are exempt from the reporting and short-swing profit recovery provisions contained in Section 16 of the Exchange Act. The Company is exempt from the provisions of Regulation FD, which prohibits the selective disclosure of material non-public information to, among others, broker-dealers and holders of a company’s securities under circumstances in which it is reasonably foreseeable that the holder will trade in the company’s securities on the basis of the information. Even though Canadian securities law requirements regarding the disclosure of material and non-public information by public companies are similar to U.S. securities law requirements and the Company voluntarily complies with Regulation FD, these exemptions and leniencies will reduce the frequency and scope of information and protections to which purchasers are entitled as investors.

The Company will lose its foreign private issuer status if a majority of its Common Shares are held by U.S. persons and a majority of its directors or executive officers are U.S. citizens or residents or if it fails to meet additional requirements necessary to avoid loss of foreign private issuer status. Although the Company has elected to comply with certain U.S. regulatory provisions, loss of foreign private issuer status would make compliance with such provisions mandatory. The regulatory and compliance costs to the Company under U.S. securities laws as a U.S. domestic issuer may be significantly higher than the costs the Company incurs as a Canadian foreign private issuer eligible to use the multijurisdictional disclosure system adopted by the United States.

If the Company ceases to be a foreign private issuer, it would not be eligible to use the multijurisdictional disclosure system or other foreign issuer forms and would be required to file periodic and current reports and registration statements on U.S. domestic issuer forms with the SEC, which are more detailed and extensive than the forms available to a foreign private issuer. The Company may also be required to modify certain of its policies to comply with the governance obligations of U.S. domestic issuers. Such modifications will involve additional costs. In addition, the Company would lose its ability to rely upon exemptions from certain corporate governance requirements on U.S. stock exchanges that are available to foreign private issuers.

DESCRIPTION OF THE NOTES

The following description of the Notes is a brief summary of their material attributes and characteristics, which does not purport to be complete and is qualified in its entirety by reference to the U.S. Indenture (as defined below). The following summary uses words and terms which have been defined in the U.S. Indenture. For full particulars, reference is made to the short form base shelf prospectus and to the U.S. Indenture.

General

The Notes will be issued under a supplemental indenture (the “Fifth Supplemental Indenture”) which, for purposes of that series, will supplement the terms and conditions in the indenture dated September 19, 2016 (the “U.S. Trust Indenture”) among the Company, Computershare Trust Company N.A., as U.S. trustee (the “U.S. Trustee”), and Computershare Trust Company of Canada, as Canadian trustee (the “Canadian Trustee” and together with the U.S. Trustee, the “Trustees”). The Fifth Supplemental Indenture will be entered into between the Company and the Trustees and will be dated as of the closing date of this Offering. The Fifth Supplemental Indenture will provide for, among other things, the creation and issuance of the Notes. The U.S. Trust Indenture is described in the short form base shelf prospectus. References herein to the “U.S. Indenture” refer to the U.S. Trust Indenture as supplemented by the Fifth Supplemental Indenture.

The Company may, from time to time, without the consent of Noteholders, create and issue additional Notes, having the same terms and conditions as the Notes in all respects, except for such variations to such terms and conditions as may be required, in the reasonable opinion of the Company, to reflect the different issue dates of such additional Notes and the then existing Notes and any intention that all such additional Notes and the then existing Notes be fungible for trading purposes. Additional Notes issued in this manner will be consolidated with and form a single series with the then existing Notes and, if the Company acting reasonably determines that it is advisable or advantageous to do so, the Company may accept such additional Notes and the then existing Notes in exchange for consolidated and restated replacement Notes reflecting the terms and conditions of such additional Notes and the then existing Notes.

Principal, Maturity and Interest

The Notes will be initially limited to U.S.\$500,000,000 aggregate principal amount (provided that the Company may in the future issue additional Notes up to any additional amount determined by the Company without the consent of existing holders of the Notes), and will mature on June 15, 2049. The Notes will bear interest at the rate of 4.300% per annum from their issuance date, payable semi-annually on June 15 and December 15 of each year, beginning on December 15, 2019, to holders of record on June 1 and December 1, respectively.

Principal and interest on the Notes will be payable in lawful money of the United States. The issuance date for the Notes will be on or about May 28, 2019. If the due date for payment of any amount of principal or interest on

any Note is not, at the place of payment, a Business Day such payment will be made on the next Business Day and the applicable Noteholder shall not be entitled to any further interest or other payment in respect of such delay.

On maturity, the Company will repay the indebtedness represented by the Notes by paying the Trustees in U.S. dollars an amount equal to the principal amount of the outstanding Notes plus any accrued and unpaid interest thereon. Interest will be computed on the basis of a 360-day year of twelve 30-day months. The yearly rate of interest to which interest calculated under the Notes for any period in any calendar year (the “calculation period”) is equivalent, is the rate payable under the Notes in respect of the calculation period multiplied by a fraction the numerator of which is the actual number of days in such calendar year and the denominator of which is the actual number of days in the calculation period and is disclosed herein solely for the purpose of providing the disclosure required by the *Interest Act* (Canada).

The Notes will be issued only in fully registered form, without coupons, in denominations of U.S.\$2,000 of principal amount and any integral multiple of U.S.\$1,000 in excess thereof.

Optional Redemption

The Notes may be redeemed at any time prior to the Par Call Date at the option of the Company, in whole or from time to time, in part, on not fewer than 15 nor more than 60 days prior notice at a redemption price equal to the greater of (a) the Discounted Value of the Notes or (b) 100% of the principal amount thereof. The Notes may be redeemed at any time on or after the Par Call Date at the option of the Company, in whole or from time to time, in part, on not fewer than 15 nor more than 60 days prior notice at a redemption price equal to 100% of the principal amount thereof. In addition, accrued and unpaid interest, if any, will be paid to the date fixed for redemption. Unless the Company defaults in the payment of the redemption price, on and after the redemption date, interest will cease to accrue on the Notes or portions thereof called for redemption.

In the case of a redemption for less than all of the Notes, the Notes to be redeemed will be selected by the Trustees in such manner as the Trustees deem appropriate.

“Adjusted Treasury Rate” means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

“Business Day” when used with respect to any particular location referred to in the U.S. Trust Indenture or in the Notes, means, unless otherwise specified with respect to any Notes pursuant to the U.S. Trust Indenture, any day other than (i) Saturday or Sunday or (ii) any other day on which commercial banking institutions in that location are closed or required or authorized by any applicable law or regulation or executive order to remain closed.

“Comparable Treasury Issue” means the United States Treasury security or securities selected by an Independent Investment Banker as having a maturity comparable to the remaining term of the Notes to be redeemed (assuming, for this purpose, that the Notes matured on the Par Call Date) that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term in years and months of the Notes.

“Comparable Treasury Price” for any redemption date means (1) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or (2) if the Independent Investment Banker obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such Reference Treasury Dealer Quotations.

“Discounted Value” shall mean the sum of the present values of the remaining scheduled payments of principal and interest thereon that would be due if the Notes matured on the Par Call Date but for the redemption (exclusive of any portion of the payments of interest accrued to the redemption date) discounted to any redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury

Rate, plus 25 basis points, as calculated by an Independent Investment Banker. The Adjusted Treasury Rate shall be calculated no later than the third Business Day preceding the redemption date.

“Independent Investment Banker” means one of the Reference Treasury Dealers selected by TELUS or, if such firm is unwilling or unable to select the Comparable Treasury Issue, an independent investment banking institution of national standing in the United States appointed by TELUS.

“Par Call Date” means December 15, 2048, the date that is six months prior to the maturity date of the Notes.

“Reference Treasury Dealers” means each of (1) BofA Securities, Inc., RBC Capital Markets, LLC, TD Securities (USA) LLC, Wells Fargo Securities, LLC and/or their affiliates which are primary U.S. government securities dealers, and their respective successors; and (2) one other primary U.S. government securities dealer in the City of New York (a “Primary Treasury Dealer”) and its respective successors; provided, however, that if any of the foregoing ceases to be a Primary Treasury Dealer, TELUS will substitute therefor another Primary Treasury Dealer.

“Reference Treasury Dealer Quotations” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Trustee by such Reference Treasury Dealer at 3:30 p.m. New York time on the third Business Day preceding such redemption date; provided that in the event that the Independent Investment Banker fails to provide the Trustee with the Reference Treasury Dealer Quotations, TELUS will use commercially reasonable efforts to obtain such quotations.

Tax Redemption

The Notes may be redeemed, in whole, but not in part, at the option of TELUS at any time, on not fewer than 30 nor more than 60 days’ prior written notice, at 100% of the outstanding principal amount, together with accrued and unpaid interest thereon to the redemption date, in the event TELUS delivers to the Trustees an opinion of independent Canadian tax counsel experienced in such matters to the effect that TELUS has become or would become obligated to pay, on the next date on which any amount would be payable with respect to the outstanding Notes any Additional Amounts (as defined herein) as a result of a change in the laws (including any regulations promulgated thereunder) of Canada, or any province or territory thereof or therein or any agency thereof or therein having the power to tax, or any change in any official position regarding the application or interpretation of such laws or regulations, which change is announced or becomes effective on or after the date of the original issuance of the Notes; provided that TELUS determines, in its business judgment, that the obligation to pay such Additional Amounts cannot be avoided by the use of reasonable measures available to TELUS (not including substitution of the obligor under the Notes).

Repurchase upon Change of Control Triggering Event

If a Change of Control Triggering Event (as defined herein) occurs with respect to the Notes, unless the Company has exercised its optional right to redeem all of the Notes as described under “— Optional Redemption” or “— Tax Redemption” above, the Company will be required to make an offer to repurchase all or, at the option of the Noteholder, any part (equal to U.S.\$2,000 or an integral multiple of U.S.\$1,000 in excess thereof) of each holder’s Notes pursuant to the offer described below (the “Change of Control Offer”) on the terms set forth in the Fifth Supplemental Indenture. In the Change of Control Offer, the Company will be required to offer payment in cash equal to 101% of the aggregate outstanding principal amount of Notes to be repurchased together with accrued and unpaid interest on the Notes to the date of repurchase.

Within 30 days following any Change of Control Triggering Event, the Company will be required to give written notice to Noteholders describing the transaction or transactions that constitute the Change of Control Triggering Event and offering to repurchase the Notes on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is given. The Company must comply with the requirements of applicable securities laws and regulations in connection with the repurchase of the Notes as a

result of a Change of Control Triggering Event. The Company shall cause the Change of Control Offer to remain open for at least 20 Business Days or such longer period as is required by applicable law. The Company shall comply with the requirements of Rule 14e-1 under the Exchange Act, and any other securities laws and regulations thereunder to the extent that those laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any such applicable securities laws and regulations conflict with the Change of Control (as defined herein) provisions, the Company will be required to comply with such laws and regulations and will not be deemed to have breached its obligations to repurchase the Notes by virtue of such conflict.

The Company will not be required to make a Change of Control Offer upon a Change of Control Triggering Event if a third party makes such an offer substantially in the manner, at the times and in compliance with the requirements for a Change of Control Offer (and for at least the same purchase price payable in cash) and such third party purchases all Notes properly tendered and not withdrawn under its offer.

“Change of Control” shall mean the occurrence of any one of the following: (a) the direct or indirect sale, transfer, conveyance, lease or other disposition (other than by way of consolidation, amalgamation or merger), in one or a series of related transactions, of all or substantially all of the property and assets of the Company and its Subsidiaries (as defined in the short form base shelf prospectus), taken as a whole, to any person or group of persons acting jointly or in concert for purposes of such transaction (other than to the Company and its Subsidiaries); or (b) the consummation of any transaction including, without limitation, any consolidation, amalgamation, merger or issue of voting shares the result of which is that any person or group of persons acting jointly or in concert for purposes of such transaction (other than the Company and its Subsidiaries) becomes the beneficial owner, directly or indirectly, of more than 50% of the voting shares of the Company, measured by voting power rather than number of shares (but shall not include the creation of a holding company or similar transaction that does not involve a change in the beneficial ownership of the Company).

“Change of Control Triggering Event” shall mean the occurrence of both a Change of Control and a Rating Event.

“Investment Grade Rating” shall mean a rating equal to or higher than Baa3 (or the equivalent) by Moody’s Investors Service Inc. (“Moody’s”), BBB- (or the equivalent) by Standard & Poor’s Rating Services, a business unit of S&P Global Canada Corp. (“S&P”), or BBB (low) (or the equivalent) by DBRS Limited (“DBRS”), or the equivalent investment grade credit rating from any other Specified Rating Agency.

“Rating Event” shall mean the rating on the Notes is lowered to below an Investment Grade Rating by at least two out of three of the Specified Rating Agencies if there are three Specified Rating Agencies or all of the Specified Rating Agencies if there are less than three Specified Rating Agencies (the “Required Threshold”) on any day within the 60-day period (which 60-day period will be extended so long as the rating of Notes is under publicly announced consideration for a possible downgrade by such number of the Specified Rating Agencies which, together with Specified Rating Agencies which have already lowered their ratings on the Notes as aforesaid, would aggregate in number the Required Threshold, but only to the extent that, and for so long as, a Change of Control Triggering Event would result if such downgrade were to occur) after the earlier of (a) the occurrence of a Change of Control, and (b) public notice of the occurrence of a Change of Control or of the Company’s intention or agreement to effect a Change of Control.

“Specified Rating Agencies” shall mean each of Moody’s, S&P and DBRS as long as, in each case, it has not ceased to rate the Notes or failed to make a rating of Notes publicly available for reasons outside of the Company’s control; provided that if one or more of Moody’s, S&P or DBRS ceases to rate the Notes or fails to make a rating of the Notes publicly available for reasons outside of the Company’s control, the Company may select any other “designated rating organization” within the meaning of National Instrument 41-101 of the Canadian Securities Administrators as a replacement agency for such one or more of them, as the case may be.

Purchase of Notes

The Company may, at any time and from time to time, purchase Notes in the market (which may include purchases from or through an investment dealer or a firm holding membership on a recognized stock exchange) or by tender or private contract, at any price, subject to applicable law.

Defeasance

The provisions described under “Description of Debt Securities — Defeasance — Defeasance of Certain Obligations under the U.S. Trust Indenture” in the short form base shelf prospectus are applicable to the Notes, including the condition that the Company will deliver to the applicable Trustees an opinion of counsel to the effect that the Noteholders will not recognize income, gain or loss for Canadian or United States federal income tax purposes as a result of such defeasance and will be subject to Canadian and United States federal income tax on the same basis as if such defeasance had not occurred.

Events of Default

Events of Default are described in the short form base shelf prospectus under “Description of Debt Securities — Events of Default” and reference is made to that section for a list of the events which constitute an Event of Default with respect to the Notes.

Negative Pledge

The U.S. Indenture contains provisions to the effect that the Company will not, nor will it permit any Restricted Subsidiary (as defined herein) to, create or assume any Lien (as defined in the short form base shelf prospectus) upon any present or future Principal Property (as defined in the short form base shelf prospectus) or any Property (as defined in the short form base shelf prospectus) which, together with any other Property subject to Liens in the same transaction or a series of related transactions, would in the aggregate constitute a Principal Property, of the Company or any Restricted Subsidiary, to secure Indebtedness (as defined in the short form base shelf prospectus) of the Company or a Restricted Subsidiary unless the Notes (together with, if the Company shall so determine, any other Indebtedness of the Company or any Restricted Subsidiary ranking equally with the Notes then existing or thereafter created), shall be concurrently secured equally and rateably with (or prior to) such other Indebtedness so long as such Lien is outstanding.

The restrictions set forth above shall not apply to certain permitted Liens (each, a “Permitted Lien”), including:

- (i) Liens existing on the initial issuance date for the Notes (namely, on or about May 28, 2019);
- (ii) Liens on any Property of any Person (as defined in the short form base shelf prospectus) existing at the time such Person becomes a Restricted Subsidiary, or at the time such Person amalgamates or merges with the Company or a Restricted Subsidiary, which Liens are not created in contemplation of such Person becoming a Restricted Subsidiary or effecting such amalgamation or merger;
- (iii) Liens on any Property existing at the time such Property is acquired by the Company or a Restricted Subsidiary, or Liens to secure the payment of all or any part of the purchase price of such Property upon the acquisition of such Property by the Company or a Restricted Subsidiary or to secure any Indebtedness incurred prior to, at the time of, or within 270 days after, the later of the date of acquisition of such Property and the date such Property is placed in service, for the purpose of financing all or any part of the purchase price thereof, or Liens to secure any Indebtedness incurred for the purpose of financing the cost to the Company or a Restricted Subsidiary of improvements to such acquired Property or to secure any Indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of construction of the Property subject to such Liens;

- (iv) Liens securing any Indebtedness of a Restricted Subsidiary owing to the Company or to another Restricted Subsidiary;
- (v) Liens on Property of the Company or a Restricted Subsidiary securing Indebtedness or other obligations issued by Canada or the United States of America or any state or any department, agency or instrumentality or political subdivision of Canada or the United States of America or any state, or by any other country or any political subdivision of any other country, for the purpose of financing all or any part of the purchase price of, or, in the case of real property, the cost of construction on or improvement of, any property or assets subject to the Liens, including Liens incurred in connection with pollution control, industrial revenue or similar financings;
- (vi) Liens securing any extension, renewal or replacement (or successive extensions, renewals or replacements) in whole or in part of any Indebtedness secured by any Permitted Lien, including those referred to in the foregoing clauses (i), (ii), (iii), (iv) and (v); provided, however, that such new Lien is limited to the Property which was subject to the prior Lien immediately before such extension, renewal or replacement, and provided, further, that the principal amount of Indebtedness secured by the prior Lien immediately prior to such extension, renewal or replacement is not increased; and
- (vii) any other Liens not otherwise qualifying as a Permitted Lien provided that, at the applicable time, the sum of (without duplication) (x) the aggregate principal amount of the Indebtedness secured by all such other Liens, plus (y) the Attributable Debt (as defined in the short form base shelf prospectus) determined at such time of the then outstanding Unrestricted Sale and Lease-Back Transactions (as defined herein) to which the Company or a Restricted Subsidiary is a party, plus (z) the then outstanding principal amount of all other Indebtedness of Restricted Subsidiaries incurred in compliance with “Limitation on Restricted Subsidiary Indebtedness” below (other than any Indebtedness of Restricted Subsidiaries excluded from the calculations of such limitation on Restricted Subsidiary Indebtedness pursuant to the provisos contained therein), does not exceed 15% of the then applicable Consolidated Net Tangible Assets (as defined in the short form base shelf prospectus).

“Restricted Subsidiary” means (a) TELUS Communications Inc., and (b) at any time any other Subsidiary (as defined in the short form base shelf prospectus) of the Company if, at the end of the most recent fiscal quarter for which the Company has issued its financial statements, the total assets of such Subsidiary exceeded 10% of the consolidated assets of the Company and its Subsidiaries, determined in accordance with Canadian generally accepted accounting principles consistently applied.

Limitation on Restricted Subsidiary Indebtedness

The U.S. Indenture contains provisions to the effect that TELUS shall not permit any Restricted Subsidiary to, directly or indirectly, create, incur or assume any Indebtedness, unless after giving effect to the incurrence of such Indebtedness and the application of the proceeds therefrom, the sum of (without duplication) (x) the aggregate principal amount of Indebtedness of all Restricted Subsidiaries, plus (y) the then outstanding principal amount of Indebtedness of TELUS secured by Liens (other than any Lien constituting a Permitted Lien under any of clauses (i) to (xxviii) inclusive of the definition of Permitted Liens in the U.S. Indenture), plus (z) Attributable Debt relating to then outstanding Unrestricted Sale and Lease-Back Transactions of TELUS, would not exceed 15% of Consolidated Net Tangible Assets. This restriction does not affect the Permitted Indebtedness (as defined in the Fifth Supplemental Indenture) of Restricted Subsidiaries, which is (1) Indebtedness secured by any Lien constituting a Permitted Lien under any of clauses (i) to (xviii) inclusive of the definition of Permitted Liens in the U.S. Indenture, (2) Indebtedness (excluding Indebtedness outstanding under commercial paper programs) of the Restricted Subsidiaries existing on the date of the Fifth Supplemental Indenture and, in the case of any Person (as defined in the short form base shelf prospectus) which is not a Restricted Subsidiary on the date of the Fifth Supplemental Indenture or which ceases to be a Restricted Subsidiary after the date of the Fifth Supplemental Indenture, at the time such Person becomes, or again becomes, as the case may be, a Restricted Subsidiary, (3) Indebtedness owing to TELUS or to another Restricted Subsidiary, (4) commercial paper issued by the Restricted Subsidiaries not to exceed in the aggregate \$1 billion, and (5) any extension, renewal or replacement (including successive extensions,

renewals or replacements), in whole or in part, of any Indebtedness of the Restricted Subsidiaries referred to in any of the preceding clauses (1), (2), (3) or (4) (provided that the principal amount of such Indebtedness immediately prior to such extension, renewal or replacement is not increased).

Limitation on Sale and Lease-Back Transactions

Neither the Company nor any Restricted Subsidiary may enter into any Sale and Lease-Back Transaction, except for:

- (i) any Sale and Lease-Back Transaction constituting certain specified Permitted Liens under the U.S. Indenture; or
- (ii) any Sale and Lease-Back Transaction that is not otherwise permitted under clauses (i) above or (iii) below and in respect of which the Company or such Restricted Subsidiary would, at the time it enters into such Sale and Lease-Back Transaction, be entitled to create a Lien on the Principal Property (or the properties, as the case may be) subject to such Sale and Lease-Back Transaction to secure Indebtedness at least equal in amount to the Attributable Debt in respect of such Sale and Lease-Back Transaction without being required to equally and rateably secure the Notes pursuant to the negative pledge described above (any Sale and Lease-Back Transaction entered into in compliance with this paragraph being an “Unrestricted Sale and Lease-Back Transaction”); or
- (iii) any Sale and Lease-Back Transaction if the Company or such Restricted Subsidiary shall apply or cause to be applied, in the case of a sale or transfer for cash, an amount equal to the greater of the fair market value of the Principal Property (or the properties, as the case may be) sold or transferred and leased back pursuant to such Sale and Lease-Back Transaction or the net proceeds of such Sale and Lease-Back Transaction and, in the case of a sale or transfer otherwise than for cash, an amount equal to the fair market value of the Principal Property (or the properties, as the case may be) sold or transferred and leased back pursuant to such Sale and Lease-Back Transaction, to (x) the retirement (other than any mandatory retirement), within 180 days after the effective date of such Sale and Lease-Back Transaction, of Indebtedness of the Company (which may but need not include the Debt Securities (as defined in the short form base shelf prospectus) of any series) ranking on a parity with, or prior to, the Notes and owing to a Person other than the Company or any Affiliate (as defined in the short form base shelf prospectus) of the Company, or (y) the purchase, construction or improvement of real property or personal property used by the Company or the Restricted Subsidiaries in the ordinary course of business.

Other Covenants

In addition to the covenants of the Company described above under “— Limitation on Restricted Subsidiary Indebtedness”, under “— Negative Pledge”, which supersedes the provisions described under “Description of Debt Securities — Negative Pledge” in the accompanying short form base shelf prospectus, and under “— Limitation on Sale and Lease-Back Transactions”, which supersedes the provisions described under “Description of Debt Securities — Limitation on Sale and Lease-Back Transactions” in the accompanying short form base shelf prospectus, there are certain additional covenants which are applicable to the Notes that are described in the short form base shelf prospectus and reference is made to that document for descriptions of such covenants.

Book-Entry System

The Depository Trust Company (“DTC”), New York, New York, will act as securities depository for the Notes. The Notes will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. Fully-registered global notes (hereinafter referred to as the “Global Notes”) will be issued for the Notes, in the aggregate principal amount of such issue, and will be deposited with DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC also facilitates the post-trade settlement among direct participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between direct participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is owned by a number of its direct participants and by the New York Stock Exchange, Inc., the American Stock Exchange, LLC and the Financial Industry Regulatory Authority, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly. The DTC Rules applicable to its Participants are on file with the SEC.

Purchases of Notes under the DTC system must be made by or through direct participants, which will receive a credit for the Notes on DTC’s records. The ownership interest of each actual purchaser of each Note (“beneficial owner”) is in turn to be recorded on the direct and indirect participants’ records. Beneficial owners will not receive written confirmation from DTC of their purchase. Beneficial owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the direct or indirect participant through which the beneficial owner entered into the transaction. Transfers of ownership interests in the Global Notes are to be accomplished by entries made on the books of direct and indirect participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in the Global Notes, except in the event that use of the book-entry system for the Notes is discontinued.

The deposit of the Global Notes with DTC and their registration in the name of Cede & Co. do not effect any change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the Global Notes; DTC’s records reflect only the identity of the direct participants to whose accounts such securities are credited, which may or may not be the beneficial owners. The direct and indirect participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants, and by direct and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

None of DTC, Cede & Co., or any other DTC nominee will consent or vote with respect to the Global Notes unless authorized by a direct participant in accordance with DTC’s procedures. Under its usual procedures, DTC mails an omnibus proxy to TELUS as soon as possible after the record date. The omnibus proxy assigns Cede & Co.’s consenting or voting rights to those direct participants to whose accounts the securities are credited on the record date. These participants are identified in a listing attached to the omnibus proxy.

TELUS will send any redemption notices to DTC. If less than all of the Notes are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each direct participant in the issue to be redeemed.

A beneficial owner must give any required notice of its election to have its Notes repurchased through the participant through which it holds its beneficial interest in the Global Notes to the applicable trustee or tender agent. The beneficial owner shall effect delivery of its Notes by causing the direct participant to transfer its interest in the securities on DTC’s records. The requirement for physical delivery of Notes in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the securities are transferred by the direct participant on DTC’s records and followed by a book-entry credit of tendered Notes to the applicable trustee or agent’s DTC account.

The information in this section concerning DTC and DTC’s system has been obtained from sources that TELUS believes to be reliable, but is subject to any changes to the arrangement between TELUS and DTC and any changes to these procedures that may be instituted unilaterally by DTC.

Certificated Notes

DTC may discontinue providing its services as depository with respect to the Notes at any time by giving reasonable notice to TELUS and the Trustees. Under these circumstances, and in the event that a successor depository is not appointed, Notes in certificated form are required to be printed and delivered. TELUS may decide to discontinue use of the system of book-entry transfers through DTC (or a successor depository). In that event, Notes in certificated form will be printed and delivered. If at any time DTC ceases to be registered or in good standing under the Exchange Act and a successor depository is not appointed by TELUS within 90 days, the Company determines that the Securities shall no longer be represented by a Global Note or Global Notes or the Trustees have received a request from a beneficial holder of outstanding Notes to issue Notes in certificated form to such holder, TELUS will issue individual Notes in certificated form in exchange for the Global Notes.

Payments

Principal, premium, if any, and interest payments on the Global Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit direct participants' accounts upon DTC's receipt of funds and corresponding detail information from us, on the applicable payment date in accordance with their respective holdings shown on DTC's records. Payments by participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with Notes held for the accounts of customers in bearer form or registered in "street name". These payments will be the responsibility of these participants and not of DTC or its nominee, us, the Trustees, or any other agent or party, subject to any statutory or regulatory requirements that may be in effect from time to time. Payment of principal and interest to Cede & Co., or any other nominee as may be requested by an authorized representative of DTC, is the Company's responsibility. Disbursement of the payments to direct participants is the responsibility of DTC, and disbursement of the payments to the beneficial owners is the responsibility of the direct or indirect participants.

The U.S. Trustee will act, pursuant to the U.S. Indenture, as the registrar and paying agent. Payment of principal at maturity will be made at the corporate trust office of the U.S. Trustee (or in such other office as may from time to time be designated by the Company) against surrender of the Notes.

Additional Amounts

All payments made by TELUS under or with respect to the Notes will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge imposed or levied by or on behalf of the Government of Canada or of any province or territory thereof or therein or by any authority or agency thereof or therein having power to tax (collectively, "Taxes") unless TELUS is required to withhold or deduct Taxes by law or by the interpretation or administration thereof by the relevant government authority or agency. For the Notes, if TELUS is so required to withhold or deduct any amount for or on account of Taxes from any payment made under or with respect to such Notes, TELUS will pay such additional amounts ("Additional Amounts") as may be necessary so that the net amount received by each applicable Noteholder or beneficial owner (including Additional Amounts) after such withholding or deduction will not be less than the amount the applicable Noteholder or beneficial owner would have received if such Taxes had not been withheld or deducted; provided that no Additional Amounts will be payable with respect to:

- any payment to a Noteholder or beneficial owner who is liable for such Taxes in respect of such Note (1) by reason of such Noteholder or beneficial owner being a person with whom TELUS is not dealing at arm's length for the purposes of the *Income Tax Act* (Canada) (the "Tax Act") or (2) by reason of the existence of any present or former connection between such Noteholder or beneficial owner (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of power over, such Noteholder or beneficial owner, if such Noteholder or beneficial owner is an estate, trust, partnership, limited liability company or corporation) and Canada or any province or territory thereof or therein or agency thereof or therein other than the mere acquisition, holding, use or ownership or deemed holding, use or ownership, or receiving payments or enforcing any rights in respect of such Note as a non-resident or deemed non-resident of Canada or any province or territory thereof or therein or agency thereof or therein;

- any payment to a Noteholder or beneficial owner who is a “specified shareholder” of TELUS or who does not deal at arm’s length with a “specified shareholder” of TELUS as defined in subsection 18(5) of the Tax Act;
- any Note presented for payment more than 30 days after the later of (1) the date on which such payment first becomes due or (2) if the full amount of the monies payable has not been paid to the Noteholders on or prior to such date, the date on which the full amount of such monies has been paid to the Noteholders, except to the extent that the Noteholder thereof would have been entitled to such Additional Amounts on presenting the same for payment on the last day of such period of 30 days;
- any estate, inheritance, gift, sales, transfer, excise or personal property tax or any similar tax;
- any Taxes imposed as a result of the failure of a Noteholder or beneficial owner to comply with certification, identification, declaration or similar reporting requirements concerning the nationality, residence, identity or connection with Canada or any province or territory thereof or therein or agency thereof or therein of the Noteholder or beneficial owner of such Note, if such compliance is required by statute or by regulation, as a precondition to reduction of, or exemption, from such Taxes;
- any Taxes which are payable otherwise than by withholding or deduction from any payment made under or with respect to the Notes; or
- any combination of the above items,

nor will such Additional Amounts be paid with respect to any payment on any Note to a Noteholder or beneficial owner who is a fiduciary or partnership or other than the sole beneficial owner of such Note to the extent that a beneficiary or settlor with respect to such fiduciary, or a member of such partnership or a beneficial owner thereof would not have been entitled to receive a payment of such Additional Amounts had such beneficiary, settlor, member or beneficial owner received directly its beneficial or distributive share of such payment.

Where Tax is payable pursuant to Section 803 of the *Income Tax Regulations* by a Noteholder or beneficial owner of the Notes in respect of any amount payable under the Notes to the Noteholder (other than by reason of a transfer of the Notes to a person resident in Canada with whom the transferor does not deal at arm’s length for the purposes of such Act), but no Additional Amount is paid in respect of such Tax, TELUS will pay to the Noteholder an amount equal to such Tax within 45 days after receiving from the Noteholder a notice containing reasonable particulars of the Tax so payable, provided such Noteholder or beneficial owner would have been entitled to receive Additional Amounts on account of such Tax but for the fact that it is payable otherwise than by deduction or withholding from payments made under or with respect to the Notes.

Whenever in the U.S. Indenture or in any Note there is mention, in any context, of the payment of principal of, or premium, interest or any other amount on any Note, such mention shall be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

The obligation to pay Additional Amounts will survive any termination or discharge of the U.S. Indenture or the redemption, repayment or purchase of the Notes.

Governing Law

Each of the U.S. Indenture and the Notes are governed by, and construed in accordance with, the laws of the State of New York.

Enforceability of Judgments

TELUS is incorporated under and governed by the laws of British Columbia, Canada. A substantial portion of the Company's assets are located outside the United States and some or all of the directors and officers and some or all of the experts named herein are residents of Canada. As a result, it may be difficult for investors to effect service within the United States upon the Company and upon those directors, officers and experts, or to realize in the United States upon judgments of courts of the United States predicated upon the Company's civil liability and the civil liability of the Company's directors, officers or experts. TELUS has also been advised by Norton Rose Fulbright Canada LLP that there is some doubt as to the enforceability in Canada by a court in original actions, or in actions to enforce judgments of United States courts, of liabilities predicated upon United States federal securities laws.

CREDIT RATINGS

The Notes have been rated BBB (high), Stable Trend, by DBRS Limited, BBB+, by S&P, Baal, Outlook Stable, by Moody's, and BBB+, Outlook Stable by Fitch Ratings ("Fitch") (each of DBRS, S&P, Moody's and Fitch, a "Rating Agency"). Credit ratings are intended to provide investors with an independent measure of the credit quality of an issue of securities.

The following descriptions of the rating categories prepared by the respective Rating Agencies (obtained from their public websites) are provided solely to provide a description of the rating schemes used by each Rating Agency and do not constitute an endorsement by TELUS of the categories or of the application of the respective Rating Agencies.

Institution Rating

DBRS

The DBRS® long-term rating scale provides an opinion on the risk of default. That is, the risk that an issuer will fail to satisfy its financial obligations in accordance with the terms under which an obligation has been issued. Ratings are based on quantitative and qualitative considerations relevant to the issuer, and the relative ranking of claims. All rating categories, other than "AAA" and "D", also contain subcategories "(high)" and "(low)". The absence of either a "(high)" or "(low)" designation indicates the rating is in the middle of the category.

A "BBB" rating denotes adequate credit quality. The capacity for the payment of financial obligations is considered acceptable. May be vulnerable to future events.

S&P

A S&P issue credit rating is a forward-looking opinion about the creditworthiness of an obligor with respect to a specific financial obligation, a specific class of financial obligations, or a specific financial program (including ratings on medium-term note programs and commercial paper programs). It takes into consideration the creditworthiness of guarantors, insurers, or other forms of credit enhancement on the obligation and takes into account the currency in which the obligation is denominated. The opinion reflects S&P's view of the obligor's capacity and willingness to meet its financial commitments as they come due, and may assess terms, such as collateral security and subordination, which could affect ultimate payment in the event of default.

An obligation rated "BBB" exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation.

The ratings from "AA" to "CCC" may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories.

Institution **Rating**

Moody's Moody's long-term ratings are assigned to issuers or obligations with an original maturity of one year or more and reflect both on the likelihood of a default on contractually promised payments and the expected financial loss suffered in the event of default.

Obligations rated "Baa" are judged to be medium-grade and subject to moderate credit risk and as such may possess certain speculative characteristics.

Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from "Aa" through "Caa". The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.

A Moody's rating outlook is an opinion regarding the likely rating direction over the medium term. A stable outlook indicates a low likelihood of a rating change over the medium term. A negative, positive or developing outlook indicates a higher likelihood of a rating change over the medium term.

Fitch Rated entities in a number of sectors, including financial and non-financial corporations, sovereigns and insurance companies are generally assigned issuer default ratings ("IDRs"). IDRs opine on an entity's relative vulnerability to default on financial obligations. The "threshold" default risk addressed by the IDR is generally that of the financial obligations whose non-payment would best reflect the uncured failure of that entity. As such, IDRs also address relative vulnerability to bankruptcy, administrative receivership or similar concepts, although the agency recognizes that issuers may also make pre-emptive and therefore voluntary use of such mechanisms. In aggregate, IDRs provide an ordinal ranking of issuers based on the agency's view of their relative vulnerability to default, rather than a prediction of a specific percentage likelihood of default.

"BBB" ratings indicate that expectations of default risk are currently low. The capacity for payment of financial commitments is considered adequate but adverse business or economic conditions are more likely to impair this capacity.

The modifiers "+" or "-" may be appended to a rating to denote relative status within major rating categories. Such suffixes are not added to the "AAA" Long-Term IDR category, or to Long-Term IDR categories below "B".

The Company has made payments to each of the Rating Agencies in connection with the assignment of ratings to its long-term debt and will make payments to each of the Rating Agencies in connection with the confirmation of such ratings for purposes of this Offering. In addition, the Company has made payments in respect of certain other services provided to the Company by each of the Rating Agencies during the last two years.

The credit ratings accorded to the Notes by the Rating Agencies are not recommendations to purchase, hold or sell the Notes inasmuch as such ratings do not comment as to market price or suitability for a particular investor. There is no assurance that any rating will remain in effect for any given period of time or that any rating will not be withdrawn or revised entirely by a Rating Agency at any time if in its judgment circumstances so warrant.

CERTAIN CANADIAN AND UNITED STATES INCOME TAX CONSIDERATIONS

Certain Canadian Federal Income Tax Considerations

In the opinion of Norton Rose Fulbright Canada LLP and Osler, Hoskin & Harcourt LLP, the following is a general summary of the principal Canadian federal income tax considerations generally applicable to a beneficial owner of Notes (including entitlement to all payments thereunder) acquired hereunder who, at all relevant times, for purposes of the application of the Tax Act, is not, and is not deemed to be, a resident of Canada, has not and will not use or hold the Notes in or in the course of carrying on business in Canada, deals at arm's length with the Company and with any person resident in Canada to whom the holder disposes of a Note and is neither a "specified shareholder" (as defined in subsection 18(5) of the Tax Act) of the Company nor a person who does not deal at arm's length with such specified shareholder (a "Non-Resident Holder"). Special rules, which are not discussed below, may apply to a non-resident of Canada that is an insurer which carries on business in Canada and elsewhere. This summary assumes that no interest paid on the Notes will be in respect of a debt or other obligation to pay an amount to a person with whom the Company does not deal at arm's length within the meaning of the Tax Act.

This summary is based on the current provisions of the Tax Act, the regulations thereunder (the "Regulations") and counsel's understanding of the current administrative policies and assessing practices of the Canada Revenue Agency (the "CRA") published in writing prior to the date hereof. This summary also takes into account all specific proposals to amend the Tax Act and Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (collectively, the "Proposed Tax Amendments") and assumes that all Proposed Tax Amendments will be enacted in the form proposed. No assurances can be given that the Proposed Tax Amendments will be enacted or will be enacted as proposed. Other than the Proposed Tax Amendments, this summary does not take into account or anticipate any changes in law or the administrative policies or assessing practices of the CRA, whether by judicial, legislative, governmental or administrative decision or action, nor does it take into account provincial, territorial or foreign income tax legislation or considerations, which may differ significantly from those discussed herein.

This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any particular holder and no representations with respect to the income tax consequences to any particular holder are made. This summary is not exhaustive of all Canadian federal income tax considerations. Accordingly, prospective investors in Notes should consult their own tax advisors with respect to their own particular circumstances.

Amounts which are, or are deemed to be, interest for purposes of the Tax Act paid or credited by the Company on the Notes to a Non-Resident Holder that deals at arm's length with the Company at the time such interest is paid or credited will not be subject to non-resident withholding tax and no non-resident withholding tax will apply to the proceeds received by a Non-Resident Holder on a disposition of a Note, including a redemption, payment on maturity or repurchase. For the purposes of the Tax Act, related persons (as defined in the Tax Act) are deemed not to deal at arm's length and it is a question of fact whether persons not related to each other deal at arm's length.

No other tax on income or gains under the Tax Act will be payable by a Non-Resident Holder on interest, principal, premium, bonus or penalty on a Note or on the proceeds received by a Non-Resident Holder on the disposition of a Note, including a redemption, payment on maturity or repurchase.

Certain United States Federal Income Tax Considerations

The following is a summary of certain U.S. federal income tax considerations relating to the purchase, ownership, and disposition of a Note by a U.S. holder (as defined below) that purchases such Note pursuant to, and at the price set forth on the cover of, this prospectus supplement and holds the Note as a "capital asset" (generally, property held for investment) within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended (the "IRC"). This summary is based upon the IRC, regulations of the Treasury Department promulgated or proposed thereunder, administrative pronouncements, and judicial decisions, all as currently in effect and all of which are subject to change or different interpretations, possibly with retroactive effect. This summary does not describe all of the U.S. federal income tax considerations that may be relevant to U.S. holders (as defined below) in

light of their particular circumstances or to holders subject to special treatment under U.S. federal income tax law, such as banks, financial institutions; insurance companies; traders or dealers in securities or currencies; partnerships and their partners; regulated investment companies; real estate investment trusts; tax-exempt organizations; persons holding a Note as part of a straddle, hedge, conversion, constructive sale, or other integrated security transaction for U.S. federal income tax purposes; persons subject to the alternative minimum tax; U.S. expatriates; or persons having a functional currency other than the U.S. dollar; persons who do not deal at arm's length with the Company; or persons required to accelerate the recognition of an item of gross income as a result of such income being recognized on an applicable financial statement.

For purposes of this summary, a "U.S. holder" is a beneficial owner of a Note that is (i) an individual who is a citizen or resident alien of the U.S. as determined for U.S. federal income tax purposes (which includes a "green card holder"), (ii) a corporation, or other entity treated as a corporation for U.S. federal income tax purposes, that is created in or organized under the law of the U.S., any State thereof, or the District of Columbia, (iii) an estate the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source, or (iv) a trust (A) the administration of which is subject to the primary supervision of a U.S. court and which has one or more U.S. persons who have the authority to control all substantial decisions of the trust, or (B) that elected to be subject to tax as a United States person under the IRC.

If a partnership, or other entity or arrangement treated as a partnership for U.S. federal income tax purposes, owns a Note, the tax treatment of the partner in the partnership will depend upon the status of the partner and the activities of the partnership. Partners in a partnership that own a Note are urged to consult their own tax advisors as to the particular U.S. federal income tax consequences applicable to them.

This summary does not constitute, and should not be considered as, legal or tax advice to holders of Notes. Prospective investors are urged to consult their own tax advisors with regard to the application of the tax considerations discussed below to their particular situations as well as the application of any state, local, foreign or other tax laws, including gift and estate tax laws.

Payment of Interest

In general, each payment of interest (including any Additional Amounts) on a Note will be included in the gross income of a U.S. holder as ordinary income at the time it is accrued or received, in accordance with such holder's method of accounting for U.S. federal income tax purposes.

It is not expected that the Notes will be issued with OID. If, however, the stated redemption price of a Note exceeds its issue price by more than a de minimis amount, a U.S. holder will be required to treat such excess amount as OID, which is treated for U.S. federal income tax purposes as accruing over the term of the Note as interest income to a U.S. holder. A U.S. holder's adjusted tax basis in a Note would be increased by the amount of any OID included in its gross income. In compliance with Treasury regulations, if we determine that the Notes have OID, we will provide certain information to the IRS and/or the U.S. holder that is relevant to determining the amount of OID in each accrual period.

In general, any Canadian withholding tax imposed on interest payments in respect of the Notes will be treated as a foreign income tax eligible for credit against a U.S. holder's U.S. federal income tax liability (or, at a U.S. holder's election, may, in certain circumstances, be deducted in computing taxable income). Interest paid on the Notes will generally be treated as foreign-source income, and as "passive category income" or "general category income" for U.S. foreign tax credit purposes. The Code applies various complex limitations on the amount of foreign taxes that may be claimed as a credit by U.S. taxpayers. By contrast, any gain or loss recognized on the sale, exchange, redemption, retirement or other disposition of a Note will generally be U.S. source income or loss for purposes of computing the foreign tax credit. The U.S. foreign tax credit rules are complex and U.S. holders are urged to consult their tax advisors regarding the availability of the credit under their particular circumstances.

Sale, Exchange, Redemption or Other Taxable Disposition of a Note

Upon the sale, exchange, redemption or other taxable disposition of a Note, a U.S. holder will generally recognize capital gain or loss, if any, equal to the difference between (i) the amount realized on such sale, exchange, redemption or other taxable disposition (other than amounts received that are attributable to accrued but unpaid interest, which amounts will be taxable as ordinary income to the extent not previously included in the gross income of the U.S. holder's income, which will be subject to tax as foreign source interest income, as discussed above) and (ii) such holder's adjusted tax basis in the Note. A U.S. holder's adjusted tax basis in a Note generally will equal the cost of the Note to the U.S. holder, reduced by any payments (other than payments of qualified stated interest) received by such U.S. holder. Such gain or loss attributable to the sale, exchange, redemption, or other taxable disposition of a Note will be long-term gain or loss if the U.S. holder's holding period for the Note exceeds one year. Gain or loss, if any, recognized by a U.S. holder will generally be treated as U.S. source gain or loss, as the case may be, for U.S. foreign tax credit limitation purposes. For non-corporate U.S. holders, including individuals, long-term capital gains generally are taxed at a lower rate than ordinary income. The deductibility of capital losses is subject to limitations under the IRC.

Notes Subject to Contingencies

In certain circumstances (see "Description of the Notes — Change of Control"), the Company may be obligated to pay a U.S. holder additional payments in excess of stated interest or principal on the Notes. It is possible that the Company's obligation to make additional payments on the Notes could implicate the provisions of Treasury regulations relating to "contingent payment debt instruments." If the Notes were characterized as contingent payment debt instruments, a U.S. holder might, among other things, be required to accrue interest income at a higher rate than the stated interest rate on the Notes and to treat any gain recognized on the sale or other disposition of a Note as ordinary income rather than as capital gain.

The Company intends to take the position that the likelihood of additional payments on the Notes is remote, and thus, that the Notes should not be treated as contingent payment debt instruments. The Company's determination that these contingencies are remote is binding on a U.S. holder unless the holder discloses its contrary position in the manner required by applicable Treasury regulations. The Company's determination, however, is not binding on the U.S. Internal Revenue Service (the "IRS"), and if the IRS were to challenge this determination, a U.S. holder might be required to treat income realized on the taxable disposition of a Note before the resolution of the contingencies as ordinary income rather than capital gain. In the event a contingency occurs, it would affect the amount and timing of income recognized by a U.S. holder. If any contingent amounts are in fact paid, a U.S. holder will be required to recognize such amounts as income.

This disclosure assumes that the Company's determination that the contingencies are remote is correct. The Treasury regulations applicable to contingent payment debt instruments have not been the subject of authoritative interpretation, however, and the scope of the regulations is not certain. U.S. holders are urged to consult their tax advisors regarding the possible application of the contingent payment debt instrument rules to the Notes.

Backup Withholding and Reporting Obligations

A U.S. holder may be subject to backup withholding with respect to payments received from certain U.S. paying agents of principal and interest made on a Note, or the proceeds of a sale or exchange of a Note before maturity, unless such U.S. holder (a) is a corporation or comes within certain other exempt categories and, when required, certifies to this fact or (b) provides a correct U.S. taxpayer identification number ("TIN"), certifies, under penalties of perjury, that such U.S. holder is not subject to backup withholding, and otherwise complies with applicable requirements of the backup withholding rules. A U.S. holder that does not provide the Company with a correct TIN or an adequate basis for exemption may be subject to penalties imposed by the IRS. Backup withholding is not an additional tax and will be credited against a U.S. holder's U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

Certain U.S. holders that are individuals are required to report information relating to an interest in a Note, subject to certain exceptions (including an exception for a Note held in accounts maintained by certain financial

institutions, such as a U.S. brokerage account). U.S. holders are urged to consult their tax advisors regarding the effect, if any, of the relevant U.S. federal income tax legislation on their ownership and disposition of the Notes.

Additional Tax on Passive Income

U.S. holders that are individuals, estates or trusts, and whose income exceeds certain thresholds, are required to pay an additional 3.8% tax on, among other items, interest income and capital gains from the sale or other disposition of a Note, subject to certain limitations and exceptions. U.S. holders are urged to consult their tax advisors regarding the effect, if any, of the relevant U.S. federal income tax legislation on their ownership and disposition a Note.

Subject to the terms and conditions stated in the underwriting agreement dated the date of this prospectus supplement, each Underwriter named below has agreed to purchase, severally and not jointly, and the Company has agreed to sell to that Underwriter, the principal amount of Notes set forth opposite the Underwriter's name.

The underwriting agreement provides that the obligations of the Underwriters to purchase the Notes included in this Offering may be terminated in their discretion on the basis of their assessment of the state of the financial markets and also upon the occurrence of certain stated events. The Underwriters are, however, obligated to purchase all of the Notes if they purchase any of the Notes under the underwriting agreement. The Underwriters propose to offer some of the Notes directly to the public at the public offering price set forth on the cover page of this prospectus supplement and some of the Notes to dealers at the public offering price less a concession not to exceed 0.500%. The Underwriters may allow, and the dealers may allow, a concession not to exceed 0.250% on sales to other dealers with respect to the Notes. The offering price and the other terms of the Notes have been determined by negotiation between the Company and the Underwriters.

The following table shows the Underwriters' fee that the Company will pay to the Underwriters in connection with this Offering (expressed as a percentage of the principal amount of the Notes):

	Paid by the Company
Per Note	0.875%

After the Underwriters have made a reasonable effort to sell all of the Notes at the initial offering price, the concessions allowed and the offering price of the Notes may be changed (but not in excess of the initial offering price) and the compensation realized by the Underwriters will change accordingly.

In connection with the Offering, the representatives, on behalf of the Underwriters, may, subject to applicable laws, bid for, purchase or sell Notes in the open market. These transactions may include over-allotment, syndicate covering transactions and stabilizing transactions. Over-allotment involves syndicate sales of the Notes in excess of the principal amount of the Notes to be purchased by the Underwriters in the Offering, which creates a syndicate short position. Syndicate covering transactions involve purchases of the Notes in the open market after the distribution has been completed in order to cover syndicate short positions. Stabilizing transactions consist of certain bids or purchases of the Notes made for the purpose of preventing or retarding a decline in the market prices of the Notes while the Offering is in progress.

The Underwriters also may impose a penalty bid. Penalty bids permit the Underwriters to reclaim a selling concession from a syndicate member when the representatives, in covering syndicate short positions or making stabilizing purchases, repurchase Notes originally sold by that syndicate member.

Any of these activities may have the effect of preventing or retarding a decline in the market prices of the Notes. They may also cause the prices of the Notes to be higher than the prices that otherwise would exist in the open market in the absence of these transactions. The Underwriters may conduct these transactions in the over-the-counter market or otherwise. Neither the Company nor any of the Underwriters makes any representation or prediction as to the direction or magnitude of any effect that such transactions may have on the prices of the Notes. In addition, if the Underwriters commence any of these transactions, they may discontinue them at any time without notice.

This prospectus supplement does not constitute an offer of the Notes, directly or indirectly, in Canada or to residents of Canada. Each Underwriter has agreed that it will not, directly or indirectly, offer, sell or deliver any Notes purchased by it in Canada or to residents of Canada and that any selling agreement or similar agreement with respect to the Notes will require each dealer or other party thereto to make an agreement to the same effect. The sale of the Notes offered under this prospectus supplement to purchasers outside of Canada is being qualified under the securities laws of the Province of British Columbia. The Notes will not be qualified for sale under the securities laws of any province or territory of Canada (other than the Province of British Columbia).

Certain of the Underwriters may not be U.S. registered broker-dealers and accordingly will not effect any sales within the United States except in compliance with applicable U.S. laws and regulations, including the rules of the FINRA.

The Company estimates that its total expenses for the Offering will be approximately U.S.\$1,600,000 (not including the Underwriters' fee).

Each of the Underwriters is an affiliate of a financial institution which is a lender to the Company under the 2018 Credit Facility. Each of the Underwriters, other than BofA Securities, Inc., HSBC Securities (USA) Inc., MUFG Securities Americas Inc., Desjardins Securities Inc., J.P. Morgan Securities LLC, and SMBC Nikko Securities America, Inc., is an affiliate of a financial institution which is a lender to TELUS International (Cda) Inc. under the TELUS International Credit Facility. Consequently, the Company may be considered to be a connected issuer of each such Underwriter for purposes of securities legislation of the provinces of Canada.

The 2018 Credit Facility consists of a \$2.25 billion unsecured revolving credit facility maturing May 31, 2023. As of March 31, 2019, no amounts were drawn on the 2018 Credit Facility and approximately \$1.105 billion was utilized to backstop outstanding commercial paper. As at the date hereof, no amounts are drawn on the 2018 Credit Facility and approximately U.S.\$534 million was utilized to backstop outstanding commercial paper.

The TELUS International Credit Facility consists of an approximately U.S.\$461 million bank credit facility expiring on December 20, 2022. As of March 31, 2019, U.S.\$308 million was drawn on the TELUS International Credit Facility. As at the date hereof, approximately U.S.\$308 million has been drawn on the TELUS International Credit Facility.

TELUS is and has been in compliance with the terms of the 2018 Credit Facility and the TELUS International Credit Facility. None of the lenders under the 2018 Credit Facility or the TELUS International Credit Facility or the Underwriters were involved in the Company's decision to distribute the Notes offered hereby. The Underwriters negotiated the terms and conditions of this Offering and will not benefit in any manner from this Offering other than the payment of their fees as described above. The net proceeds will be used for the repayment of outstanding indebtedness, including the repayment of outstanding commercial paper, the redemption of a portion of the \$1.0 billion aggregate principal amount outstanding on the Series CH Notes, and for general corporate purposes. The proceeds of this Offering will not be applied for the benefit of the Underwriters or their affiliates other than as described herein.

As described above, the net proceeds will be used for the repayment of outstanding indebtedness, including outstanding commercial paper, the redemption of a portion of the \$1.0 billion aggregate principal amount outstanding on the Series CH Notes, and for general corporate purposes. Certain affiliates of the Underwriters may be holders of the Company's commercial paper and/or holders of the Series CH Notes. As a result, one or more affiliates of the Underwriters may receive more than 5% of the net proceeds from this Offering in the form of the repayment of indebtedness. Accordingly, this Offering is being made pursuant to Rule 5121 of the Financial Industry Regulatory Authority ("FINRA"). The appointment of a qualified independent underwriter is not necessary in connection with this Offering because the conditions of Rule 5121(a)(1)(C) of FINRA are satisfied.

In addition, in the ordinary course of their business activities, the Underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Company or its affiliates. If any of the Underwriters or their affiliates have a lending relationship with the Company, certain of those Underwriters or their affiliates routinely hedge, and certain other of those Underwriters or their affiliates may hedge, their credit exposure to the Company consistent with their customary risk management policies. Typically, these Underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in the Company's securities, including potentially the Notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the Notes offered hereby. The Underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

The Company has agreed to indemnify the Underwriters against certain liabilities, including liabilities under the U.S. Securities Act of 1933, as amended, or to contribute to payments the Underwriters may be required to make because of any of those liabilities.

Settlement Cycle

It is expected that delivery of the Notes will be made against payment therefor on or about May 28, 2019, which will be three business days following the date of this prospectus supplement. Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade their Notes on the date of this prospectus supplement will be required, by virtue of the fact that the Notes will settle in T+3, to specify an

alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of the Notes who wish to trade their Notes on the date of this prospectus supplement should consult their own advisors.

Selling Restrictions

Canada

The Notes may not be offered or sold in Canada or to residents of Canada.

European Economic Area

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the “EEA”). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation. This prospectus supplement and the accompanying prospectus have been prepared on the basis that any offer of Notes in any Member State of the EEA will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of Notes. This prospectus supplement and the accompanying prospectus are not a prospectus for the purposes of the Prospectus Directive.

Neither this prospectus supplement, the accompanying prospectus nor any other offering or marketing material relating to the offering, the Company or the Notes has been or will be filed with or approved by any Swiss regulatory authority. In particular, this prospectus supplement and the accompanying prospectus will not be filed with, and the offer of Notes will not be supervised by, the Swiss Financial Market Supervisory Authority, and the offer of Notes has not been and will not be authorized under the Swiss Federal Act on Collective Investment

Schemes (the “CISA”). The investor protection afforded to acquirers of interests in collective investment schemes under the CISA does not extend to acquirers of the Notes.

Hong Kong

The Notes may not be offered or sold in Hong Kong by means of any document other than (i) in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap. 32, Laws of Hong Kong), or (ii) to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder, or (iii) in other circumstances which do not result in the document being a “prospectus” within the meaning of the Companies Ordinance (Cap. 32, Laws of Hong Kong) and no advertisement, invitation or document relating to the Notes may be issued or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere), which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong S-44 5 6 (except if permitted to do so under the laws of Hong Kong) other than with respect to Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder

Singapore

Neither this prospectus supplement, the accompanying prospectus nor any other offering or marketing material relating to the Notes or the offering has been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, neither this prospectus supplement, the accompanying prospectus nor any other offering or marketing material relating to the Notes or the offering may be circulated or distributed, nor may the Notes be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore, other than (a) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the “SFA”), (b) to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions specified in Section 275 of the SFA or (c) pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

FORWARD-LOOKING STATEMENTS

This Prospectus, together with the documents incorporated by reference herein and therein, contains forward-looking statements about expected events and the financial and operating performance of TELUS.

Forward-looking statements include any statements that do not refer to historical facts. They include, but are not limited to, statements relating to the Company's objectives and its strategies to achieve those objectives, its targets, outlook, updates, and its multi-year dividend growth program. Forward-looking statements are typically identified by the words "assumption", "goal", "guidance", "objective", "outlook", "strategy", "target" and other similar expressions, or future or conditional verbs such as "aim", "anticipate", "believe", "could", "expect", "intend", "may", "plan", "predict", "seek", "should", "strive" and "will".

By their nature, forward-looking statements are subject to inherent risks and uncertainties and are based on assumptions, including assumptions about future economic conditions and courses of action. These assumptions may ultimately prove to have been inaccurate and, as a result, the Company's actual results or events may differ materially from expectations expressed in or implied by the forward-looking statements. An update to the Company's trends and assumptions for 2018 is presented in the Company's Management's Discussion and Analysis of financial results for the three-month period ended March 31, 2018.

Risks and uncertainties that could cause actual performance or events to differ materially from the forward-looking statements made herein and in other TELUS filings include, but are not limited to, the following:

- Competition including: the Company's ability to continue to retain customers through an enhanced customer service experience, including through the deployment and operation of evolving wireless and wireline networks; the ability of industry competitors to successfully launch their respective platforms and to combine a mix of long distance, high-speed Internet access and, in some cases, wireless services under one bundled and/or discounted monthly rate, along with their existing broadcast or satellite-based TV services; the success of new products, new services and supporting systems, such as Internet of Things services for Internet-connected devices; continued intense rivalry across all services among wireless and wireline telecommunications companies, cable-TV providers, other communications companies and over-the-top ("OTT") services, which, among other things, places pressures on current and future average billing per subscriber unit per month ("ABPU"), average revenue per subscriber unit per month ("ARPU"), cost of acquisition, cost of retention and churn rate for all services, as do customer usage patterns, flat-rate pricing trends for voice and data, inclusive rate plans for voice and data and availability of Wi-Fi networks for data; mergers and acquisitions of industry competitors; pressures on high-speed Internet and TV ARPU and churn rate resulting from market conditions, government actions and customer usage patterns; residential and business network access line losses; subscriber additions and retention volumes, and associated costs for wireless, TV and high-speed Internet services; and the Company's ability to obtain and offer content on a timely basis across multiple devices on wireless and TV platforms at a reasonable cost.
- Technological substitution including: reduced utilization and increased commoditization of traditional wireline voice local and long distance services from impacts of OTT applications and wireless substitution, a declining overall market for paid TV services, including as a result of content piracy and signal theft and as a result of a rise in OTT direct to consumer video offerings and virtual multichannel video programming distribution platforms; the increasing number of households that have only wireless and/or Internet-based telephone services; potential wireless ABPU and ARPU declines as a result of, among other factors, substitution to messaging and OTT applications; substitution to increasingly available Wi-Fi services; and disruptive technologies such as OTT IP services, including Network as a Service in the business market, that may displace or re-rate the Company's existing data services.
- Technology including: subscriber demand for data that may challenge network and spectrum capacity levels in the future and may be accompanied by increases in delivery cost; the Company's reliance on information technology and its need to streamline its legacy systems; technology options, evolution paths and roll-out plans for video distribution platforms and telecommunications network technologies (including broadband initiatives, such as fibre to the premises ("FTTP"), wireless small-cell deployment, 5G wireless and availability of resources and ability to build out adequate broadband capacity); the Company's reliance on wireless network access agreements, which have facilitated the Company's deployment of wireless technologies; choice of suppliers and those suppliers' ability to maintain and service their product lines, which could affect the success of upgrades to, and evolution of, technology that it offers; supplier concentration and market power for network equipment, TELUS TV® and wireless handsets; the performance of wireless technology; the Company's expected long-term

need to acquire additional spectrum capacity through future spectrum auctions and from third parties to address increasing demand for data; deployment and operation of new wireline broadband network technologies at a reasonable cost and availability and success of new products and services to be rolled out using such network technologies; network reliability and change management; self-learning tools and automation that may change the way the Company interacts with customers; and uncertainties around the Company's strategy to replace certain legacy wireline network technologies, systems and services to reduce operating costs.

- Regulatory decisions and developments including: the potential of government intervention to further increase wireless competition; the potential for appeals of, or government intervention further to, the impact from the Canadian Radio-television and Telecommunications Commission's (the "CRTC") determinations for wholesale GSM-based domestic roaming and the setting of such rates charged to wireless service providers ("WSPs") on a retroactive basis; future spectrum auctions and spectrum policy determinations, including the amount of spectrum TELUS is able to acquire and its cost under the recently announced Technical, Policy and Licensing Framework for Spectrum in the 600 MHz Band, as well as cost and availability of spectrum in the 3500 MHz band; restrictions on the purchase, sale and transfer of spectrum licences; the impact of the CRTC's wireline wholesale services review, with a formal review of rates for wholesale FTTP access still to be commenced for TELUS; changes to the cost burden associated with CRTC-mandated network interconnections; disputes with certain municipalities regarding rights-of-way bylaws; and other potential threats to unitary federal regulatory authority over telecommunications, including provincial wireless and consumer protection legislation; the potential impacts of the CRTC's decision to require pro-rated refunds when customers terminate their services; the CRTC's proposed phase-out of the local service subsidy regime and corresponding establishment of a broadband funding regime to support the enhancement of high-speed Internet services focusing on underserved areas in Canada; the impact of the review of the Minister of Canadian Heritage's new Creative Canada policy framework announced on September 28, 2017; the CRTC's consultation and report on distribution models of the future; vertical integration in the broadcasting industry resulting in competitors owning broadcast content services, and timely and effective enforcement of related regulatory safeguards; the review of the *Copyright Act*, which began in early 2018; the federal government's stated intention to review the *Broadcasting Act* and *Telecommunications Act* as announced in the March 22, 2017 federal budget; the outcome of TELUS' applications for renewal of its broadcasting distribution licences; the North American Free Trade Agreement renegotiation; and restrictions on non-Canadian ownership and control of TELUS Common Shares and the ongoing monitoring and compliance with such restrictions.
- Capital expenditure levels and potential outlays for spectrum licences in spectrum auctions or from third parties, due to: the Company's broadband initiatives, including connecting more homes and businesses directly to fibre; the Company's ongoing deployment of newer wireless technologies, including wireless small cells to improve coverage and capacity and prepare for a more efficient and timely evolution to 5G wireless services; utilizing acquired spectrum; investments in network resiliency and reliability; subscriber demand for data; evolving systems and business processes; implementing efficiency initiatives; supporting large complex deals; and future wireless spectrum auctions held by Innovation, Science and Economic Development Canada. The Company's capital expenditure levels could be impacted if it does not achieve its targeted operational and financial results.
- Human resource matters including: recruitment, retention and appropriate training in a highly competitive industry, and the level of employee engagement.
- Operational performance and business combination risks including: the Company's reliance on legacy systems and ability to implement and support new products and services and business operations in a timely manner; the Company's ability to implement effective change management for system replacements and upgrades, process redesigns and business integrations (such as the Company's ability to successfully integrate acquisitions, complete divestitures or establish partnerships in a timely manner, and realize expected strategic benefits, including those following compliance with any regulatory orders); the implementation of complex large enterprise deals that may be adversely impacted by available resources, system limitations and degree of co-operation from other service providers; the Company's ability to successfully manage operations in foreign jurisdictions, including managing risks such as currency fluctuations; information security and privacy breaches, including data loss or theft of data; intentional threats to the Company's infrastructure and business operations; and real estate joint venture re-development risks.
- Business continuity events including: the Company's ability to maintain customer service and operate the Company's networks in the event of human error or human-caused threats, such as cyberattacks and equipment failures that could cause various degrees of network outages; supply chain disruptions including as a result of

government restrictions or trade actions; natural disaster threats; epidemics; pandemics; political instability in certain international locations; and the completeness and effectiveness of business continuity and disaster recovery plans and responses.

- Ability to successfully implement cost reduction initiatives and realize planned savings, net of restructuring and other costs, without losing customer service focus or negatively affecting business operations. Examples of these initiatives are: the Company's operating efficiency and effectiveness program to drive improvements in financial results, including the future benefits of the 2016 immediately vesting transformative compensation initiative; business integrations; business product simplification; business process outsourcing; offshoring and reorganizations, including any full-time equivalent employee reduction programs; procurement initiatives; and real estate rationalization. Additional revenue and cost efficiency and effectiveness initiatives will continue to be assessed and implemented.
- Financing and debt requirements including: the Company's ability to carry out financing activities, and its ability to maintain investment grade credit ratings in the range of BBB+ or the equivalent.
- Ability to sustain TELUS' dividend growth program through 2019. This program may be affected by factors such as the competitive environment, economic performance in Canada, the Company's earnings and free cash flow, the Company's levels of capital expenditures and spectrum licence purchases, acquisitions, the management of the Company's capital structure, and regulatory decisions and developments. Quarterly dividend decisions are subject to assessment and determination by the Company's Board of Directors based on the Company's financial position and outlook. Shares may be purchased under the Company's normal course issuer bid ("NCIB") when and if it considers it opportunistic, based on the Company's financial position and outlook, and the market price of TELUS shares. There can be no assurance that TELUS' dividend growth program or any NCIB will be maintained, not changed and/or completed through 2019.
- Taxation matters including: interpretation of complex domestic and foreign tax laws by the tax authorities that may differ from the Company's interpretations; the timing of income and deductions, such as tax depreciation and operating expenses; changes in tax laws, including tax rates; tax expenses being materially different than anticipated, including the taxability of income and deductibility of tax attributes; elimination of income tax deferrals through the use of different tax year-ends for operating partnerships and corporate partners; and tax authorities adopting more aggressive auditing practices, for example, tax reassessments or adverse court decisions impacting the tax payable by TELUS.
- Litigation and legal matters including: the Company's ability to successfully respond to investigations and regulatory proceedings; the Company's ability to defend against existing and potential claims and lawsuits, including intellectual property infringement claims and class actions based on consumer claims, data, privacy or security breaches and secondary market liability; and the complexity of legal compliance in domestic and foreign jurisdictions, including compliance with anti-bribery and foreign corrupt practices laws.
- Health, safety and the environment including: lost employee work time resulting from illness or injury, public concerns related to radio frequency emissions, environmental issues affecting the Company's business including climate change, waste and waste recycling, risks relating to fuel systems on the Company's properties, and changing government and public expectations regarding environmental matters and the Company's responses.
- Economic growth and fluctuations including: the state of the economy in Canada, which may be influenced by economic and other developments outside of Canada, including potential outcomes of yet unknown policies and actions of foreign governments; future interest rates; inflation; unemployment levels; effects of fluctuating oil prices; effects of low business spending (such as reducing investments and cost structure); pension investment returns, funding and discount rates; and Canadian dollar: U.S. dollar exchange rates.

These risks are described in additional detail in the Company's Management's Discussion and Analysis of financial results for the year ended December 31, 2017 and the three month period ended March 31, 2018. Those descriptions are incorporated by reference in this cautionary statement but are not intended to be a complete list of the risks that could affect the Company.

Many of these factors are beyond the Company's control or its current expectations or knowledge. Additional risks and uncertainties not currently known to the Company or that it currently deems to be immaterial may also have a material adverse effect on its financial position, financial performance, cash flows, business or reputation. Except as otherwise

indicated in this Prospectus and the documents incorporated by reference herein and therein, the forward-looking statements made herein do not reflect the potential impact of any non-recurring or special items or any mergers, acquisitions, dispositions or other business combinations or transactions that may be announced or that may occur after the date of this document.

Readers are cautioned not to place undue reliance on forward-looking statements. Forward-looking statements in this document describe the Company's expectations and are based on its assumptions as at the date hereof and are subject to change after this date. Except as required by law, the Company disclaims any intention or obligation to update or revise any forward-looking statements.

Additional Amounts

Unless otherwise specified in the applicable Prospectus Supplement, all payments made by the Company under or with respect to the Debt Securities of each series issued under the U.S. Trust Indenture will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge imposed or levied by or on behalf of the Government of Canada or of any province or territory thereof or therein or by any authority or agency thereof or therein having power to tax (collectively, “Taxes”) unless the Company is required to withhold or deduct Taxes by law or by the interpretation or administration thereof by the relevant government authority or agency. For each series of Debt Securities, if the Company is so required to withhold or deduct any amount for or on account of Taxes from any payment made under or with respect to such series of Debt Securities, the Company will pay such additional amounts (“Additional Amounts”) as may be necessary so that the net amount received by each applicable holder of Debt Securities or beneficial owner (including Additional Amounts) after such withholding or deduction will not be less than the amount the applicable holder or beneficial owner would have received if such Taxes had not been withheld or deducted; provided that no Additional Amounts will be payable with respect to:

- any payment to a holder of Debt Securities or beneficial owner who is liable for such Taxes in respect of such Debt Security (1) by reason of such holder of Debt Securities or beneficial owner being a person with whom the Company is not dealing at arm’s length for the purposes of the Income Tax Act (Canada) (the “Tax Act”) or (2) by reason of the existence of any present or former connection between such holder of Debt Securities or beneficial owner (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of power over, such holder of Debt Securities or beneficial owner, if such holder of Debt Securities or beneficial owner is an estate, trust, partnership, limited liability company or corporation) and Canada or any province or territory thereof or therein or agency thereof or therein other than the mere acquisition, holding, use or ownership or deemed holding, use or ownership, or receiving payments or enforcing any rights in respect of such Debt Security as a non-resident or deemed non-resident of Canada or any province or territory thereof or therein or agency thereof or therein;
- any payment to a holder of Debt Securities or beneficial owner who is a “specified shareholder” of the Company or who does not deal at arm’s length with a “specified shareholder” of the Company as defined in subsection 18(5) of the Tax Act;
- any Debt Security presented for payment more than 30 days after the later of (1) the date on which such payment first becomes due or (2) if the full amount of the monies payable has not been paid to the holders of Debt Securities on or prior to such date, the date on which the full amount of such monies has been paid to the holders of Debt Securities, except to the extent that the holder thereof would have been entitled to such Additional Amounts on presenting the same for payment on the last day of such period of 30 days;

- any estate, inheritance, gift, sales, transfer, excise or personal property tax or any similar tax;
- any Taxes imposed as a result of the failure of a holder of Debt Securities or beneficial owner to comply with certification, identification, declaration or similar reporting requirements concerning the nationality, residence, identity or connection with Canada or any province or territory thereof or therein or agency thereof or therein of the holder of Debt Securities or beneficial owner of such Debt Security, if such compliance is required by statute or by regulation, as a precondition to the reduction of, or exemption from, such Taxes;
- any Taxes which are payable otherwise than by withholding or deduction from any payment made under or with respect to the Debt Securities; or
- any combination of the above items,

nor will such Additional Amounts be paid with respect to any payment on any Debt Security to a holder of Debt Securities or beneficial owner who is a fiduciary or partnership or other than the sole beneficial owner of such Debt Security to the extent that a beneficiary or settlor with respect to such fiduciary, or a member of such partnership or a beneficial owner thereof would not have been entitled to receive a payment of such Additional Amounts had such beneficiary, settlor, member or beneficial owner received directly its beneficial or distributive share of such payment.

Where Tax is payable pursuant to Section 803 of the Income Tax Regulations by a holder of Debt Securities or beneficial owner of the Debt Securities in respect of any amount payable under the Debt Securities to the holder of Debt Securities (other than by reason of a transfer of the Debt Securities to a person resident in Canada with whom the transferor does not deal at arm's length for the purposes of the Tax Act), but no Additional Amount is paid in respect of such Tax, the Company will pay to the holder of Debt Securities an amount equal to such Tax within 45 days after receiving from the holder of Debt Securities a notice containing reasonable particulars of the Tax so payable, provided such holder of Debt Securities or beneficial owner would have been entitled to receive Additional Amounts on account of such Tax but for the fact that it is payable otherwise than by deduction or withholding from payments made under or with respect to the Debt Securities.

Whenever in the U.S. Trust Indenture or in any Debt Security there is mention, in any context, of the payment of principal of, or premium, interest or any other amount on any Debt Security, such mention shall be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

The obligation to pay Additional Amounts will survive any termination or discharge of the U.S. Trust Indenture or the redemption, repayment or purchase of the Debt Securities.

Tax Redemption

Unless otherwise specified in the applicable Prospectus Supplement, the Debt Securities of each series issued under the U.S. Trust Indenture may be redeemed, in whole, but not in part, at the option of the Company at any time, on not fewer than 30 nor more than 60 days' prior written notice, at 100% of the outstanding principal amount, together with accrued and unpaid interest thereon to the redemption date, in the event the Company delivers to the Trustees an opinion of independent Canadian tax counsel experienced in such matters to the effect that the Company has become or would become obligated to pay, on the next date on which any amount would be payable with respect to the applicable series of outstanding Debt Securities any Additional Amounts (as defined herein) as a result of a change in the laws (including any regulations promulgated thereunder) of Canada, or any province or territory thereof or therein or any agency thereof or therein having the power to tax, or any change in any official position regarding the application or interpretation of such laws or regulations, which change is announced or becomes effective on or after the date of the original issuance of the applicable series of Debt Securities; provided that the Company determines, in its business judgment, that the obligation to pay such Additional Amounts cannot be avoided by the use of reasonable measures available to the Company (not including substitution of the obligor under the applicable series of Debt Securities).

aggregate constitute a Principal Property, of the Company or any Restricted Subsidiary, to secure Indebtedness (as defined under “– Certain Definitions” below) of the Company or a Restricted Subsidiary (the “Negative Pledge”) unless the Debt Securities, other than Debt Securities which by their terms do not have the benefit of the Negative Pledge (together with, if the Company shall so determine, any other Indebtedness of the Company or any Restricted Subsidiary ranking at least equally with the Debt Securities then existing or thereafter created), shall be concurrently secured equally and ratably with (or prior to) such other Indebtedness so long as such Lien is outstanding.

The restrictions set forth above shall not apply to “Permitted Liens”, which are defined in the Trust Indentures to include:

- (i) with respect to any series of Debt Securities, Liens existing on the Closing Date (as defined under “– Certain Definitions” below) for such series;
- (ii) Liens on any Property of any Person existing at the time such Person becomes a Restricted Subsidiary, or at the time such Person amalgamates or merges with the Company or a Restricted Subsidiary, which Liens are not created in contemplation of such Person becoming a Restricted Subsidiary or effecting such amalgamation or merger;
- (iii) Liens on any Property, including any improvements from time to time on such property, existing at the time such Property is acquired by the Company or a Restricted Subsidiary, including any acquisition by means of amalgamation, consolidation or merger, or Liens to secure the payment of all or any part of the purchase price of such Property upon the acquisition of such Property by the Company or a Restricted Subsidiary or to secure any Indebtedness incurred prior to, at the time of, or within 270 days after, the later of the date of acquisition of such Property and the date such Property is placed in service, for the purpose of financing all or any part of the purchase price thereof, or Liens to secure any Indebtedness incurred for the purpose of financing the cost to the Company or a Restricted Subsidiary of improvements to such acquired Property or to secure any indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of construction of the Property subject to such Liens;
- (iv) Liens securing any Indebtedness of a Restricted Subsidiary owing to the Company or to another Restricted Subsidiary;
- (v) Liens on Property of the Company or a Restricted Subsidiary securing indebtedness or other obligations issued by Canada or the United States of America or any province, state or any department, agency or instrumentality or political subdivision of Canada or the United States of America or any state, or by any other country or any political subdivision of any other country, for the purpose of financing all or any part of the purchase price of, or, in the case of real property, the cost of construction on or improvement of, any property or assets subject to the Liens, including Liens incurred in connection with pollution control, industrial revenue or similar financings;
- (vi) Liens securing any extension, renewal or replacement (or successive extensions, renewals or replacements) in whole or in part of any Permitted Lien pursuant to the Trust Indentures; provided, however, that such new Lien is limited to the Property which was subject to the prior Lien immediately before such extension, renewal or replacement, and provided, further, that the principal amount of Indebtedness secured by the prior Lien immediately prior to such extension, renewal or replacement is not increased;
- (vii) any other Liens not otherwise qualifying as a Permitted Lien provided that, at the applicable time, the aggregate principal amount of the Indebtedness secured by all such other Liens, when added to the Attributable Debt (as defined under “– Certain Definitions” below) determined at such time of the then outstanding Unrestricted Sale and Lease-Back Transactions (as defined under “–Limitation on Sale and Lease-Back Transactions” below) to which the Company or a Restricted Subsidiary is a party, does not exceed 15% of the then applicable Consolidated Net Tangible Assets (as defined under “– Certain Definitions” below);
- (viii) any interest or title of a lessor in the property subject to any capitalized lease or operating lease; and
- (ix) any other Liens identified in the Prospectus Supplement relating to the series of Debt Securities issued.

Limitation on Sale and Lease-Back Transactions

The Trust Indentures contain provisions to the effect that neither the Company nor any Restricted Subsidiary may enter into any Sale and Lease-Back Transaction (as defined under “– Certain Definitions” below), except for:

- (i) any Sale and Lease-Back Transaction constituting a Permitted Lien under the Trust Indentures (other than clause (vii) or (viii)) under “Negative Pledge” above;
- (ii) any Sale and Lease-Back Transaction that is not otherwise permitted under clause (i) above or (iii) below, and in respect of which the Company or such Restricted Subsidiary would be entitled, in the manner described under “Negative Pledge” above, to incur Indebtedness secured by a Lien on the applicable Property at least equal in amount to the Attributable Debt in respect of such Sale and Lease-Back Transaction without equally and ratably securing the Debt Securities (any Sale and Lease-Back Transaction entered into in compliance with this clause (ii) being an “Unrestricted Sale and Lease-Back Transaction”); or
- (iii) any Sale and Lease-Back Transaction if the Company or such Restricted Subsidiary shall apply or cause to be applied, in the case of such sale or transfer for cash, an amount equal to the greater of the fair market value of the Principal Property sold or transferred and leased back pursuant to such Sale and Lease-Back Transaction or the net proceeds of such Sale and Lease-Back Transaction and, in the case of such sale or transfer otherwise than for cash, an amount equal to the fair market value of the Principal Property sold or transferred and leased back pursuant to such Sale and Lease-Back Transaction, to (a) the retirement (other than any mandatory retirement), within 180 days after the effective date of such Sale and Lease-Back Transaction, of Indebtedness of the Company (which may but need not include any Debt Securities) ranking on a parity with, or prior to, such Debt Securities and owing to a Person other than the Company or any Affiliate (as defined under “– Certain Definitions” below) of the Company, or (b) the purchase, construction or improvement of real property or personal property used by the Company or its Restricted Subsidiaries in the ordinary course of business.

- (iv) if any representation or warranty made by the Company in relation to a series of Debt Securities was incorrect in any material respect when made and, if it is capable of being corrected with reference to the presently existing facts and circumstances, such representation or warranty is not corrected within 60 days after written notice to the Company by the applicable Trustee or the holders of at least 25% of the unpaid aggregate principal amount of the outstanding Debt Securities of such series;
- (v) any failure by the Company or any Subsidiary to pay when due or within any applicable grace period, any payment of Indebtedness of the Company or any Subsidiary in an aggregate principal amount in excess of US\$75 million (or its equivalent in any other currency or currencies), or any default occurs in respect of any Indebtedness of the Company or any Subsidiary in respect of any series of Debt Securities having an aggregate principal amount exceeding US\$75 million (or its equivalent in any other currency or currencies) after the expiration of any applicable grace period, if such default has resulted in such Indebtedness in excess of such aggregate principal amount becoming due prior to its stated maturity;
- (vi) a distress, attachment, execution or other similar legal process for any amount exceeding US\$75 million (or its equivalent in any other currency or currencies) is levied or enforced against any part of the Property of the Company or any Subsidiary and such distress, attachment, execution or similar legal process has not been paid out, satisfied or withdrawn within 60 days of the date of such levy or enforcement; or
- (vii) certain events of bankruptcy, insolvency or reorganization of the Company or any Subsidiary.

Under each of the Trust Indentures, the Company is required to file with the applicable Trustee an annual officers' certificate as to the absence of certain defaults under the applicable Trust Indenture.

The Canadian Trust Indenture provides that if an event of default (other than an event of default specified in clause (vii) above in relation to the Company) shall occur and be continuing with respect to a series of Debt Securities issued thereunder, the Canadian Trustee may in its discretion and shall upon request of the holders of not less than 25% in principal amount of the outstanding Debt Securities of such series declare the principal of, together with accrued interest on, all Debt Securities of such series to be due and payable. In certain cases, the holders of a majority in aggregate principal amount of such series of Debt Securities or a majority in principal amount of such series voted at a duly constituted meeting may on behalf of the holders of all such Debt Securities waive any past default or event of default and rescind and annul any such declaration and its consequences.

The Canadian Trust Indenture further provides that if an event of default specified in clause (vii) above in relation to the Company occurs, the principal of and any accrued interest on the Debt Securities then outstanding shall become immediately due and payable; provided however that at any time after an automatic acceleration with respect to the Debt Securities has been made, the holders of a majority in aggregate principal amount of such series of Debt Securities or a majority in principal amount of such series voted at a duly constituted meeting may, under certain circumstances, rescind and annul such acceleration and its consequences.

The Canadian Trust Indenture contains a provision entitling the Canadian Trustee, subject to its duty during a default to act with the required standard of care, to be indemnified by the holders of Debt Securities of such series before proceeding to exercise any right or power under the Canadian Trust Indenture at the request of such holders. The Canadian Trust Indenture provides that no holder of Debt Securities of any series may pursue a remedy with respect to the Canadian Trust Indenture except in the case of failure of the applicable Canadian Trustee to act.

The U.S. Trust Indenture provides that if an event of default under the U.S. Trust Indenture occurs and is continuing with respect to any series of the Debt Securities issued thereunder, then and in every such case the Trustees or

the holders of not less than 25% in aggregate principal amount of the outstanding Debt Securities of such affected series may, subject to any subordination provisions thereof, declare the entire principal amount (or, if the Debt Securities of that series are original issue discount Debt Securities, such portion of the principal amount as may be specified in the terms of that series) of all Debt Securities of such series and all accrued and unpaid interest thereon to be immediately due and payable. However, at any time after a declaration of acceleration with respect to any series of the Debt Securities has been made, but before a judgment or decree for payment of the money due has been obtained, the holders of a majority in principal amount of the outstanding Debt Securities of that series, by written notice to the Company and the Trustees under certain circumstances, may rescind and annul such acceleration.

With respect to Debt Securities issued under the U.S. Trust Indenture, reference is made to the applicable Prospectus Supplement or supplements relating to each series of the Debt Securities which are original issue discount Debt Securities for the particular provisions relating to acceleration of the maturity of a portion of the principal amount of such original issue discount securities upon the occurrence of any event of default and the continuation thereof.

Defeasance

Defeasance of Certain Obligations under the Canadian Trust Indenture

If the supplement to the Canadian Trust Indenture so provides, the Company may elect, with respect to any series of Debt Securities, either to be (a) discharged from its obligations in respect of such Debt Securities, or (b) released from its obligations under positive and negative covenants (other than its covenant to maintain its existence and pay the principal, premium, interest and other amounts on such Debt Securities) and the occurrence of certain events will be deemed not to be or result in a default or event of default. Following such election, the Company will be so discharged or released, provided:

- (i) the Company has, at least 91 days prior to such discharge becoming effective, irrevocably deposited with the Canadian Trustee, as specific security pledged for, and dedicated solely to, the due payment and ultimate satisfaction of all of its obligations under the Canadian Trust Indenture with respect to the Debt Securities of the series affected, and free and clear of any Lien, (a) funds in the currency or currencies in which such Debt Securities are payable, and/or (b) an amount of direct obligations of, or obligations the payment of principal of and interest, if any, on which are fully guaranteed by, the government that issued the currency or currencies in which Debt Securities of such series are payable, and that are not subject to prepayment, redemption or call, as will together with the predetermined and certain income to accrue thereon without consideration of any reinvestment thereof, be sufficient (in the case of such obligations, through the payment of interest and principal thereunder) to pay (x) the principal of (and premium, if any) and interest and other amounts on the outstanding Debt Securities of the particular series on their stated due dates or maturity, as the case may be, and (y) any mandatory prepayments on the day on which such prepayments are due and payable;
- (ii) the Company shall have delivered to the Canadian Trustee an opinion of counsel to the effect that the holders of the Debt Securities affected will not recognize income, gain or loss for Canadian federal income tax purposes as a result of such defeasance in respect of the Company's obligations and will be subject to Canadian federal income tax on the same basis as if such defeasance had not occurred;
- (iii) such defeasance will not result in a breach or violation of, or constitute a default under, the Canadian Trust Indenture or any other material agreement or instrument to which the Company is a party or by which it is bound;
- (iv) no event of default with respect to the Debt Securities of such series or event that, with notice or lapse of time, would become such an event of default shall have occurred and be continuing on the date of such deposit;
- (v) if the Debt Securities affected are listed on any stock exchange or securities exchange, the Company shall have delivered to the Canadian Trustee an opinion of counsel to the effect that such deposit and defeasance will not cause such Debt Securities to be delisted; and
- (vi) the Company shall have delivered to the Canadian Trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent to the defeasance have been satisfied.

Defeasance of Certain Obligations under the U.S. Trust Indenture

Unless otherwise specified in the applicable Prospectus Supplement, the U.S. Trust Indenture provides that, at the Company's option, the Company will be discharged from any and all obligations in respect of the outstanding Debt

Securities of any series upon irrevocable deposit with the Trustees, in trust, of money and/or Government Obligations (as defined under “– Certain Definitions” below) which will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent chartered professional accountants (as evidenced by an officer's certificate delivered to the Trustees) to pay the principal of (and premium, if any, and each instalment of interest, if any, and, to the extent applicable, any Additional Amounts on) the outstanding Debt Securities of such series (hereinafter in this section referred to as a “defeasance”) (except with respect to the authentication, transfer, exchange or replacement of the Debt Securities or the maintenance of a place of payment and certain other obligations set forth in the U.S. Trust Indenture). Such trust may only be established if among other things:

- the Company has delivered to the Trustees an opinion of counsel in the United States stating that (i) the Company has received from, or there has been published by, the Internal Revenue Service a ruling, or (ii) since the date of execution of the U.S. Trust Indenture, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that the holders of the outstanding Debt Securities of such series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred;
- the Company has delivered to the Trustees an opinion of counsel in Canada or a ruling from the Canada Revenue Agency (or successor agency) to the effect that the holders of the outstanding Debt Securities of such series should not recognize income, gain or loss for Canadian federal or provincial income tax purposes as a result of such defeasance and should be subject to Canadian federal or provincial income tax on the same amounts, in the same manner and at the same times as would have been the case had such defeasance not occurred (and for the purposes of such opinion, such Canadian counsel shall assume that holders of the outstanding Debt Securities of such series include holders who are not resident in Canada);
- no event of default or event that, with the passing of time or the giving of notice, or both, shall constitute an event of default shall have occurred and be continuing on the date of such deposit;
- the Company is not an “insolvent person” within the meaning of the *Bankruptcy and Insolvency Act (Canada)* on the date of such deposit or at any time during the period ending on the 91st day following such deposit; and
- the Company shall have delivered to the Trustees an officers’ certificate and an opinion of counsel, each stating that all conditions precedent to the defeasance have been satisfied.

The Company may exercise its defeasance option notwithstanding the Company’s prior exercise of its covenant defeasance option described in the following paragraph if the Company meets the conditions described in the preceding sentence at the time it exercises the defeasance option.

The U.S. Trust Indenture provides that, at the Company’s option, unless and until the Company has exercised its defeasance option described in the preceding paragraph, the Company may omit to comply with the “Negative Pledge” covenant, certain aspects of the “Amalgamation, Consolidation, Conveyance, Transfer or Lease” covenant and certain other covenants and such omission shall not be deemed to be an event of default under the U.S. Trust Indenture and the outstanding Debt Securities upon irrevocable deposit with the Trustees, in trust, of money and/or government securities which will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent chartered professional accountants (as evidenced by an officer's certificate delivered to the Trustees) to pay the principal of (and premium, if any, and each installment of interest, if any, and, to the extent applicable, any Additional Amounts on) the outstanding Debt Securities (hereinafter in this section referred to as “covenant defeasance”). If the Company exercises its covenant defeasance option, the obligations under the U.S. Trust Indenture other than with respect to such covenants and the events of default other than with respect to such covenants shall remain in full force and effect. Such trust may only be established if, among other things:

- the Company has delivered to the Trustees an opinion of counsel in the United States to the effect that the holders of the outstanding Debt Securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred;
- the Company has delivered to the Trustees an opinion of counsel in Canada or a ruling from the Canada Revenue Agency to the effect that the holders of the outstanding Debt Securities should not recognize income, gain or loss for Canadian federal or provincial income or other tax purposes as a result of such covenant defeasance and should

be subject to Canadian federal or provincial income and other tax on the same amounts, in the same manner and at the same times as would have been the case had such covenant defeasance not occurred (and for the purposes of such opinion, such Canadian counsel shall assume that holders of the outstanding Debt Securities include holders who are not resident in Canada);

- no event of default or event that, with the passing of time or the giving of notice, or both, shall constitute an event of default shall have occurred and be continuing on the date of such deposit; and
- the Company is not an “insolvent person” within the meaning of the *Bankruptcy and Insolvency Act (Canada)* on the date of such deposit or at any time during the period ending on the 91st day following such deposit.

Other Defeasance Arrangements

If so described in the Prospectus Supplement related to Debt Securities of a specific series, the Company may enter into certain other arrangements providing for the due payment and ultimate satisfaction of its obligations with respect to such series of Debt Securities by the deposit with the applicable Trustee of funds or obligations of the type referred to under “– Defeasance of Certain Obligations” under the Canadian Trust Indenture” and “– Defeasance of Certain Obligations under the U.S. Trust Indenture” above, as applicable. The Prospectus Supplement will more fully describe the provisions, if any, relating thereto.

Amalgamation, Consolidation, Conveyance, Transfer or Lease

- (i) the Person formed by such consolidation or amalgamation or with which the Company is merged (or the Person that leases or that acquires by conveyance, sale or transfer the Property of the Company substantially as an entirety) (such Person being referred to as the “Successor Corporation”) is a corporation organized and validly existing under the laws of Canada or any province thereof;
- (ii) the Successor Corporation shall expressly, by supplemental indenture, assume and become bound by the obligations of the Company under the terms of the Canadian Indenture or U.S. Indenture, as applicable;
- (iii) after giving effect to such transaction no default or event of default is or will be occurring under the applicable Trust Indenture or in respect of the Debt Securities of any series issued pursuant to the applicable Trust Indenture; and
- (iv) the Company delivers to the Trustees an officer’s certificate and opinion of counsel confirming that the foregoing conditions have been met.

DESCRIPTION OF SHARE CAPITAL

General

The following sets forth the terms and provisions of the existing capital of the Company. The particular terms and provisions of the Equity Securities offered by a Prospectus Supplement and the extent to which these general terms and provisions apply will be described in such Prospectus Supplement. The Company is authorized under its Notice of Articles to issue up to 1,000,000,000 shares of each class of first preferred shares (the “First Preferred Shares”), second preferred shares (the “Second Preferred Shares”) and up to 2,000,000,000 Common Shares. Certain of the rights and attributes of each class are described below.

First Preferred Shares

Shares Issuable in Series

The First Preferred Shares may be issued at any time or from time to time in one or more series. Before any shares of a series are issued, the Board of Directors of the Company shall fix the number of shares that will form such series and shall, subject to the limitations set out in the articles of the Company, determine the designation, rights, privileges, restrictions and conditions to be attached to the First Preferred Shares of such series, except that no series shall be granted the right to vote at a general meeting of the shareholders of the Company or the right to be convertible or exchangeable for Common Shares, directly or indirectly.

Priority

The First Preferred Shares of each series shall rank on a parity with the First Preferred Shares of every other series with respect to dividends and return of capital and shall be entitled to a preference over the Second Preferred Shares and the Common Shares and over any other shares ranking junior to the First Preferred Shares with respect to priority in payment of dividends and in the distribution of assets in the event of liquidation, dissolution or winding-up of the Company, whether voluntary or involuntary, or any other distribution of the assets of the Company among its shareholders for the purpose of winding-up its affairs.

Voting Rights

Except as required by law, holders of the First Preferred Shares as a class shall not be entitled to receive notice of, to attend or to vote at any meeting of the shareholders of the Company, provided that the rights, privileges, restrictions and conditions attached to the First Preferred Shares as a class may be added to, changed or removed only with the approval of

the holders of the First Preferred Shares given in such manner as may then be required by law, subject to a minimum requirement that such approval be given by resolution signed by the holders of not less than two-thirds of the First Preferred Shares then outstanding, or passed by an affirmative vote of at least two-thirds of the votes cast at a meeting of the holders of the First Preferred Shares duly called for that purpose.

Second Preferred Shares

Shares Issuable in Series

The Second Preferred Shares may be issued at any time or from time to time in one or more series. Before any shares of a series are issued, the Board of Directors of the Company shall fix the number of shares that will form such series and shall, subject to the limitations set out in the articles of the Company, determine the designation, rights, privileges, restrictions and conditions to be attached to the Second Preferred Shares of such series, except that no series shall be granted the right to vote at a general meeting of the shareholders of the Company or the right to be convertible or exchangeable for Common Shares, directly or indirectly.

Priority

The Second Preferred Shares of each series shall rank on a parity with the Second Preferred Shares of every other series with respect to dividends and return of capital and shall, subject to the prior rights of the holders of the First Preferred Shares, be entitled to a preference over the Common Shares and over any other shares ranking junior to the Second Preferred Shares with respect to priority in payment of dividends and in the distribution of assets in the event of liquidation, dissolution or winding-up of the Company, whether voluntary or involuntary, or any other distribution of the assets of the Company among its shareholders for the purpose of winding-up its affairs.

Voting Rights

Except as required by law, holders of the Second Preferred Shares as a class shall not be entitled to receive notice of, to attend or to vote at any meeting of the shareholders of the Company, provided that the rights, privileges, restrictions and conditions attached to the Second Preferred Shares as a class may be added to, changed or removed only with the approval of the holders of the Second Preferred Shares given in such manner as may then be required by law, subject to a minimum requirement that such approval be given by resolution signed by the holders of not less than two-thirds of the Second Preferred Shares then outstanding, or passed by an affirmative vote of at least two-thirds of the votes cast at a meeting of the holders of the Second Preferred Shares duly called for that purpose.

Common Shares

Priority

The holders of Common Shares shall be entitled to participate equally with each other as to dividends and the Company shall pay dividends thereon, as and when declared by the Board of Directors of the Company out of monies properly applicable to the payment of dividends, in amounts per share and at the same time on all such Common Shares at the time outstanding as the Board of Directors of the Company may from time to time determine. In the event of the liquidation, dissolution or winding-up of the Company or other distribution of assets of the Company among its shareholders for the purpose of winding-up its affairs, all the property and assets of the Company which remain after payment to the holders of any shares ranking in priority to the Common Shares in respect of payment upon liquidation, dissolution or winding-up of all amounts attributed and properly payable to such holders of such other shares in the event of such liquidation, dissolution or winding-up or distribution, shall be paid and distributed equally, share for share, to the holders of the Common Shares, without preference or distinction.

Voting Rights

The holders of the Common Shares shall be entitled to receive notice of and to attend (in person or by proxy) and be heard at all general meetings of the shareholders of the Company (other than separate meetings of the holders of shares of any other class of shares of the Company or any other series of shares of such other class of shares) and to vote at all such general meetings with each holder of Common Shares being entitled to one vote per Common Share held at all such meetings.

Ownership and Voting Restrictions

Non-Canadian persons shall not beneficially own or control, otherwise than by way of security only, in the aggregate more than the Restricted Percentage (as defined below) of the issued and outstanding voting shares of the Company (the “non-Canadian share constraint”). The Restricted Percentage is the maximum percentage of the issued and outstanding voting shares of the Company that may be beneficially owned or controlled, otherwise than by way of security only, by non-Canadian persons without rendering any subsidiary of the Company ineligible to operate as a telecommunications common carrier pursuant to the *Telecommunications Act*, or to be granted a licence under the *Broadcasting Act* or the *Radiocommunication Act*.

The power of the Company to issue any voting shares and to restrict the right of any holder of voting shares of the Company to transfer or vote such voting shares is as provided in the Telecommunications Regulations, the Broadcasting Direction and the Radiocommunication Regulations, as amended from time to time (collectively, the “Applicable Regulations”) or in the articles of the Company. The Company has the power to suspend voting rights, to refuse the transfer of shares, to redeem or purchase, or to sell or to require the sale of voting shares of the Company as provided in the Applicable Regulations or the articles of the Company, for the purpose of ensuring that any subsidiary of the Company is not ineligible to operate as a telecommunications common carrier pursuant to the *Telecommunications Act*, or to be granted a licence under the *Broadcasting Act* or the *Radiocommunication Act*.

In addition to declarations which may be requested by the Company pursuant to the Applicable Regulations, the Company may request that a person who: (1) is or proposes to be a registered holder of voting shares of the Company; (2) holds or proposes to hold or is believed by the Company to hold voting shares of the Company on behalf of another person, other than as a registered holder; (3) subscribes for voting shares of the Company; (4) requests registration of a transfer of voting shares of the Company; (5) requests a change in registration of voting shares of the Company; or (6) elects to convert or exchange any securities into or for voting shares of the Company, file a declaration with the Company or its transfer agent within the time limit prescribed in the request. The person to whom a request is made pursuant to the articles of the Company shall submit the declaration in a form authorized by the Company, and shall contain the information requested by the Company to enable the Company to determine whether the non-Canadian share constraint is being or may be contravened.

Notwithstanding any other provision of the articles of the Company or the rules or operating procedures established pursuant to the articles of the Company, a contravention of the non-Canadian share constraint shall have no consequences except those that are expressly provided for in the articles of the Company or the Applicable Regulations. For greater certainty but without limiting the generality of the foregoing: (1) no transfer, issue or ownership of, and no title to, voting shares of the Company; (2) no resolution of shareholders (except to the extent that the result thereof is affected as a result of a determination pursuant to the Applicable Regulations to suspend the voting rights of any voting shareholders); and (3) no act of the Company, including any transfer of property to or by the Company, shall be invalid or otherwise affected by any contravention of the non-Canadian share constraint or the failure to make the adjustment in voting as may be required or permitted pursuant to the Applicable Regulations.

In administering the ownership restriction provisions of the articles of the Company and the Applicable Regulations, including, without limitation, in making any directors’ determination, the Company and any of its directors, officers, employees and agents may rely on, among other things, the Company’s central securities register.

The ownership restriction provisions of the articles of the Company shall cease to be binding on the Company and its shareholders upon the repeal of the Applicable Regulations, and shall cease to be applicable and binding to the extent permitted by all of the *Telecommunications Act*, the *Radiocommunication Act* and the *Broadcasting Act*, from time to time.

TELUS Shareholder Rights Plan

TELUS first adopted a shareholder rights plan in March 2000. In May 2010, the holders of the Common Shares and Non-Voting Shares ratified a substantially similar shareholder rights plan. On May 9, 2013, the holders of the Common Shares approved the amendment of, and reconfirmation of, the shareholder rights plan (the “Rights Plan”), which among other things, reflects the elimination of the Non-Voting Share class from TELUS’ authorized share structure, and at the annual general meeting held on May 5, 2016, the holders of the Common Shares approved the reconfirmation of the Rights Plan. Under the Rights Plan, TELUS issued one right (a “Right”) in respect of each Common Share outstanding as at such date. The Rights Plan expires upon the conclusion of TELUS’ annual meeting in 2019. The Rights will separate from the Common Shares and will be exercisable eight trading days after a person has acquired, or commences to acquire, 20% or more of the Common Shares, other than by acquisition pursuant to a takeover bid permitted by the Rights Plan (a

“Permitted Bid”). The acquisition by any person (an “Acquiring Person”) of more than 20% of the Voting Shares (as defined in the Rights Plan), other than by way of a Permitted Bid, is referred to as a “Flip-in Event”. Any Rights held by an Acquiring Person will become void upon the occurrence of a Flip-in Event. Eight trading days after the occurrence of the Flip-in Event, each Right (other than those held by the Acquiring Person), will permit the purchase of \$320 worth of Common Shares for \$160 (i.e. at a 50% discount).

DESCRIPTION OF WARRANTS

This section describes the general terms that will apply to any Warrants for the purchase of Equity Securities (the “Equity Warrants”) or for the purchase of Debt Securities (the “Debt Warrants”).

Warrants may be offered separately or together with Equity Securities or Debt Securities, as the case may be. Each series of Warrants will be issued under a separate Warrant agreement to be entered into between the Company and one or more banks or trust companies acting as Warrant agent. The applicable Prospectus Supplement will include details of the Warrant agreements covering the Warrants being offered. The Warrant agent will act solely as the agent of the Company and will not assume a relationship of agency with any holders of Warrant certificates or beneficial owners of Warrants. The specific terms of the Warrants, and the extent to which the general terms described in this section apply to those Warrants, will be set forth in the applicable Prospectus Supplement.

Original purchasers of Equity Warrants or Debt Warrants (if offered separately) will be granted a contractual right of rescission against the Company in respect of the conversion, exchange or exercise of such Equity Warrant or Debt Warrant. The contractual right of rescission will entitle such original purchasers to receive the amount paid upon conversion, exchange or exercise, upon surrender of the underlying securities gained thereby, in the event that this Prospectus (as supplemented or amended) contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus. This contractual right of rescission will be consistent with the statutory right of rescission described under section 131 of the *Securities Act* (British Columbia), and is in addition to any other right or remedy available to original purchasers under section 131 of the *Securities Act* (British Columbia) or otherwise at law.

In an offering of Warrants, investors are cautioned that the statutory right of action for damages for a misrepresentation contained in the prospectus is limited, in certain provincial securities legislation, to the price at which the Warrant is offered to the public under the prospectus offering. This means that, under the securities legislation of certain provinces, if the purchaser pays additional amounts upon conversion, exchange or exercise of the security, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province for the particulars of this right of action for damages and consult with a legal adviser.

DESCRIPTION OF SHARE PURCHASE CONTRACTS AND SHARE PURCHASE OR EQUITY UNITS

The Company may issue share purchase contracts, including contracts obligating holders to purchase from the Company, and the Company to sell to the holders, a specified number of Equity Securities, at a future date or dates, or similar contracts issued on a “prepaid” basis (in each case, “Share Purchase Contracts”). The price per Equity Security and the number of Equity Securities may be fixed at the time the Share Purchase Contracts are issued or may be determined by reference to a specific formula set forth in the Share Purchase Contracts. The Share Purchase Contracts will require either the share purchase price be paid at the time the Share Purchase Contracts are issued or that payment be made at a specified future date. The Share Purchase Contracts may be issued separately or as part of units consisting of a Share Purchase Contract and Debt Securities or obligations of third parties (including U.S. treasury securities) (the “Share Purchase or

Equity Units”), and may or may not serve as collateral for a holder’s obligations. The Share Purchase Contracts may require holders to secure their obligations thereunder in a specified manner. The Share Purchase Contracts also may require the Company to make periodic payments to the holders of the Share Purchase Contracts or vice versa, and such payments may be unsecured or refunded on some basis.

The applicable Prospectus Supplement will describe the terms of the Share Purchase Contracts or Share Purchase or Equity Units. The description in the Prospectus Supplement will not necessarily be complete, and reference will be made to the Share Purchase Contracts, and, if applicable, collateral, depository or custodial arrangements, relating to the Share Purchase Contracts or Share Purchase or Equity Units. Material United States and Canadian federal income tax considerations applicable to the holders of the Share Purchase or Equity Units and the Share Purchase Contracts will also be discussed in the applicable Prospectus Supplement.

Original purchasers of Share Purchase Contracts or Share Purchase or Equity Units will be granted a contractual right of rescission against the Company in respect of the conversion, exchange or exercise of such Share Purchase Contract or Share Purchase or Equity Unit. The contractual right of rescission will entitle such original purchasers to receive the amount paid upon conversion, exchange or exercise, upon surrender of the underlying securities gained thereby, in the event that this Prospectus (as supplemented or amended) contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus. This contractual right of rescission will be consistent with the statutory right of rescission described under section 131 of the *Securities Act* (British Columbia), and is in addition to any other right or remedy available to original purchasers under section 131 of the *Securities Act* (British Columbia) or otherwise at law.

In an offering of Share Purchase Contracts or Share Purchase or Equity Units, investors are cautioned that the statutory right of action for damages for a misrepresentation contained in the prospectus is limited, in certain provincial securities legislation, to the price at which the Share Purchase Contracts or Share Purchase or Equity Units are offered to the public under the prospectus offering. This means that, under the securities legislation of certain provinces, if the purchaser pays additional amounts upon conversion, exchange or exercise of the security, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province for the particulars of this right of action for damages and consult with a legal adviser.

DENOMINATIONS, REGISTRATION AND TRANSFER

The Securities will be issued in fully registered form without coupons attached in either global or definitive form and in denominations and integral multiples as set out in the applicable Prospectus Supplement (unless otherwise provided with respect to a particular series of Debt Securities pursuant to the provisions of the applicable Trust Indenture, as

supplemented by a supplemental indenture). Other than in the case of book-entry only securities, Securities may be presented for registration of transfer (with the form of transfer endorsed thereon duly executed) in the city specified for such purpose at the office of the registrar or transfer agent designated by the Company for such purpose with respect to any issue of Securities referred to in the Prospectus Supplement. No service charge will be made for any transfer, conversion or exchange of the Securities but the Company may require payment of a sum to cover any transfer tax or other governmental charge payable in connection therewith. Such transfer, conversion or exchange will be effected upon such registrar or transfer agent being satisfied with the documents of title and the identity of the Person making the request. If a Prospectus Supplement refers to any registrar or transfer agent designated by the Company with respect to any issue of Securities, the Company may at any time rescind the designation of any such registrar or transfer agent and appoint another in its place or approve any change in the location through which such registrar or transfer agent acts.

In the case of book-entry only securities, a global certificate or certificates representing the Securities will be held by a designated depository for its participants. The Securities must be purchased or transferred through such participants, which includes securities brokers and dealers, banks and trust companies. The depository will establish and maintain book-entry accounts for its participants acting on behalf of holders of the Securities. The interests of such holders of Securities will be represented by entries in the records maintained by the participants. Holders of Securities issued in book-entry only form will not be entitled to receive a certificate or other instrument evidencing their ownership thereof, except in limited circumstances. Each holder will receive a customer confirmation of purchase from the participants from which the Securities are purchased in accordance with the practices and procedures of that participant.

RISK FACTORS

Prospective investors in the Securities should consider carefully the matters set forth in the section entitled “Risks and risk management” in Management’s Discussion and Analysis of financial results in respect of the Company’s most recent annual financial statements and in Management’s Discussion and Analysis of financial results in respect of the Company’s interim financial statements filed thereafter, each of which is deemed to be incorporated by reference in this Prospectus.

PLAN OF DISTRIBUTION

The Company may sell the Securities to or through underwriters or dealers, and also may sell Securities to one or more other purchasers directly or through agents. Each Prospectus Supplement will set forth the terms of the offering, including the name or names of any underwriters or agents, the purchase price or prices of the Securities and the proceeds to the Company from the sale of the Securities. The sale of Common Shares may be effected from time to time in one or more transactions at non-fixed prices pursuant to transactions that are deemed to be “at-the-market distributions”, including sales made directly on the TSX or NYSE or other existing trading markets for the Common Shares, and as set forth in a Prospectus Supplement for such purpose.

The Securities may be sold, from time to time in one or more transactions at a fixed price or prices which may be changed or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices.

Underwriters, dealers and agents who participate in the distribution of the Securities may be entitled under agreements to be entered into with the Company to indemnification by the Company against certain liabilities, including liabilities under securities legislation, or to contribution with respect to payments which such underwriters, dealers or agents may be required to make in respect thereof. Such underwriters, dealers and agents may be customers of, engage in transactions with, or perform services for, the Company in the ordinary course of business.

In connection with any offering of Securities, except as otherwise set out in a Prospectus Supplement relating to a particular offering of Securities, the underwriters or agents may, subject to applicable law, over-allot or effect transactions which stabilize or maintain the market price of the Securities offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time.

PURCHASERS' STATUTORY RIGHTS

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment, irrespective of the determination at a later date of the purchase price of the securities distributed. In several of the provinces, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, damages, if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal adviser. Rights and remedies also may be available to purchasers under U.S. law and purchasers may wish to consult with a U.S. lawyer for particulars of these rights.

In an offering of Securities which are convertible, exchangeable or exercisable securities, investors are cautioned that the statutory right of action for damages for a misrepresentation contained in the prospectus is limited, in certain provincial securities legislation, to the price at which the convertible, exchangeable or exercisable securities is offered to the public under the prospectus offering. This means that, under the securities legislation of certain provinces, if the purchaser pays additional amounts upon conversion, exchange or exercise of the security, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of this right of action for damages or consult with a legal adviser.

Original purchasers of Securities which are convertible, exchangeable or exercisable securities will have a contractual right of rescission against TELUS following the conversion of such convertible or exchangeable such Securities. The contractual right of rescission will entitle such original purchasers to receive the amount paid, if any, upon conversion, exchange or exercise, upon surrender of the underlying securities gained thereby, in the event that this Prospectus, the applicable Prospectus Supplement or an amendment thereto contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of the convertible, exchangeable or exercisable security under this Prospectus. This contractual right of rescission will be consistent with the statutory right of rescission described under section 131 of the *Securities Act* (British Columbia), and is in addition to any other right or remedy available to original purchasers under section 131 of the *Securities Act* (British Columbia) or otherwise at law.
