Accelerated Installation Service

ITEM
409.1

Service Description

The Accelerated Installation Service offers business Customers (either retail or wholesale customers) requesting provisioning and installation of an Eligible Service in the Company's operating territory in Alberta or British Columbia a shorter service order delivery interval (the "Accelerated Installation Due Date") than the standard service order delivery interval normally provided by the Company for an Eligible Service.

ITEM			
409.3	Conditions of Service		
	1. The Company shall negotiate with each Customer, on a case-by-case basis, an Accelerated Installation Due Date that takes into account both the Customer's requirements and the Company's ability to deliver the Accelerated Installation Service in consideration of the Company's other workload activities at the time.		
	2. The Accelerated Installation Service charge shall be billed to Customers when the service order is completed and the Company has met the Accelerated Installation Due Date negotiated with the Customer.		
	3. The Accelerated Installation Service charge shall be billed in the event the Customer is responsible for causing the missed Accelerated Installation Due Date. This includes, but is not limited to, situations where the Customer is not ready on or before the negotiated Customer Accelerated Installation due date, and cancellation by the Customer after the Accelerated Installation Service request was initiated.	C	
	4. An Administrative Fee shall be billed for all requests including those where the Customer, after having requested an Accelerated Installation due date, decides not to proceed with or discontinues negotiation of an Accelerated Installation due date with the Company.	N
