

PRIVATE SERVICES

Item

395 TOLL ACCESS SERVICE

A. GENERAL

1. Toll Access Service provides a dedicated local facility for purposes of direct connection from a customer's premises to a toll operating center.
2. Toll Access Service is provisioned as Private Line Service - Voice/Local Channel(s) between the customer's premises and the serving central office, or a competitive service provider's Point of Presence.

B. RATES

The following rates and charges apply:

	<u>Rate Per</u> <u>Month</u>	<u>Service</u> <u>Charge</u> <u>(Note)</u>	
1. For Toll Access channels terminating within the same exchange (Note 1)			
Access, each	\$ 34.10	400 B.1.a	A
2. For Toll Access channels terminating outside of the exchange area		General Tariff CRTC 21461 Item 522.3.4.1	

C. CONDITIONS

1. Toll Access Service does not provide access to the Public Switched Telephone Network (PSTN) and is provided solely for the purpose of establishing connection to an outgoing long distance network.
2. Toll Access Service is only available from the premises of a customer in the hotel/motel industry and the serving central office or a competitive service provider's Point of Presence, and is to be used solely for the purpose of allowing billing or call completion for guest-originated long distance calling which requires operator interception.

- Notes:
1. When the local channel terminates within the same exchange but at a location served by a central office other than the customer's serving central office, mileage rates and service charges apply as specified in General Tariff CRTC 21461 Item 522.3.2.1.a for the interoffice facility.
 2. Local channel rates for Toll Access Service is as specified in B.1. above.
 3. All applicable service charges as identified in the referenced tariff apply to Toll Access Service.
