INDUSTRY ADVISORY

Network-to-Network Interface Disclosure

Jan. 14, 2004
No. TIA-2004-02
Subject:
Provincial 9-1-1 Service - TELUS (Alberta and British Columbia)
Issue update to TELUS Interface Documents: TID-02, TID-03, TID-05, and TID-06

TELUS announces an issue update to the following existing interface documents:

- TID-02 Provincial E9-1-1 Service Network-to-Network Interfaces Between Competitive Local Exchange Carriers (CLECs) and the TELUS Communications Inc. Alberta Network, dated December 1999
- TID-03 Provincial 9-1-1 Service Network-to-Network Interfaces Between Competitive Local Exchange Carriers (CLECs) and the TELUS COMMUNICATIONS Inc. British Columbia Network, dated December 1999
- TID-05 Provincial E9-1-1 Service Network to Network Interfaces Between Wireless Service Providers (WSPs) And TELUS Communications Inc. (TCI) In The Province Of Alberta, dated October 2000
- TID-06 Provincial 9-1-1 Service Network to Network Interfaces Between Wireless Service Providers (WSPs) And TELUS Communications BC Inc. (TCBC) In The Province Of British Columbia, dated October 2000

These documents have all been updated to replace the **Entrust/Solo™** requirement with a secure web interface.

Compatibility Impact:
TELUS will continue to support the existing **Entrust/Solo™** requirement until July 30th 2004, a period of six months at the same time encouraging the use of the more efficient secure web interface.

Documentation:
The above TELUS Interface Documents can be downloaded from the web at:
http://about.telus.com/publicpolicy/disclosures.html.
