3 RESTRICTIONS UPON USE (Continued)

- L. Where a connection is furnished by the Company to Telesat under this Tariff, the following conditions shall apply:
- (1) The operating characteristics of any equipment or communication system provided by Telesat or by its customer shall be such as not to interfere with any of the services offered by the Company.
  - (2) The equipment or system provided by Telesat or by its customer shall not endanger the safety of Company employees or the public; and shall not damage or interfere with the proper functioning of the Company's equipment or facilities; and shall not impair the operation of the Company's facilities or otherwise injure the public in its use of the Company's services.
  - (3) Upon notice from the Company that the equipment or system provided by Telesat or by its customers is causing or is likely to cause such hazard or interference, Telesat shall take such steps as shall be necessary to remove or prevent such hazard or interference.
  - (4) In the case of customer-provided equipment or facilities, the interface with the Company's equipment or facilities shall comply with the General Tariff, CRTC 1005, Item 200.
- M. All connections provided in this Tariff shall be available to the Company at times mutually agreed upon in order to permit the Company to make tests and adjustments appropriate for maintaining these circuits in satisfactory operating condition. Such tests and adjustments shall be completed within reasonable time.
- N. Where installation or special construction of equipment or facilities is required, such installation or construction shall be considered to have started when the Company incurs any cost in connection with such equipment or facilities. Where Telesat cancels an application for facilities prior to the Company incurring any costs, no charges shall apply. Where Telesat cancels an application for facilities after the Company incurs any costs, the charges to Telesat shall be the lesser of the charge for the initial contract period including the installation charge or the non-recoverable cost of installation and removal including the costs of engineering, labor, supervision, transportation, rights-of-way and any other associated costs.
