The Licensee shall obtain the agreement of the Licensee's insurers to provide proof of such insurance to the Licensor prior to commencement of any construction and to notify the Licensor, in writing, that a policy is cancelled or materially changed at least 30 days prior to such cancellation or material change. Annually, on the anniversary of the Commencement Date, the Licensee shall provide proof of such insurance in the form of insurance certificates signed by the insurers and in form, content, and detail satisfactory to the Licensor, acting reasonably.

11. Release

In no event will the Licensor be liable to the Licensee and the Licensee releases the Licensor for:

- (a) any damage to the Licensee's Equipment, Equipment Room, and Exclusive Use Area or loss of use of such property;
- (b) the quality, adequacy, compatibility or sufficiency of any Building Communication Spaces provided to the Licensee hereunder, it being acknowledged by the Licensee that all Building Communication Spaces

are provided "as is" and "where is", the use of which is at the sole risk of the Licensee;

The Licensee acknowledges that interruptions in the supply of any services, systems or utilities are not uncommon in office buildings and the Licensee further acknowledges that any sensitive Equipment in and on the Building will be protected by the Licensee from any failure in supply or interruptions through the use of a UPS system, surge protectors and other appropriate safety systems.

This release extends to any negligent acts or omissions of the Licensor but not to any grossly negligent or willful acts or omissions of the Licensor.

Other than as expressly provided for in this Agreement, there are no other warranties, representations, conditions or guarantees of any kind provided by the Licensor to the Licensee, either express or implied, whether by statute, agreement, tort, product liability, other theory of law, or otherwise, regarding this Agreement or the privileges afforded to the Licensee pursuant to this Agreement.

12. Indemnification

- (a) The Licensee shall indemnify and hold the Licensor harmless from and against any claims, losses, costs, damages, expenses and legal fees on a solicitor and own client basis for liability resulting from:
 - (i) the construction, installation, operation, maintenance, repair and removal of the Licensee's Equipment; and
 - (ii) the Licensee's use of and access to the Building as provided in this Agreement,

including any claims or demands made by customers of the Licensee or users of the Licensee's Equipment in the Building, arising directly or indirectly from any act, omission or negligence of the Licensee.

- (b) The Licensee shall indemnify and hold the Licensor harmless from and against claims, losses, costs, damages and expenses for liability resulting from bodily injury or property damage and any resultant economic and consequential loss only, made by the Licensee or customers of the Licensee or users of the Equipment, which are a direct result of the acts, omissions or negligence of the Licensor to the maximum amount of Ten Million (\$10,000,000.00) Dollars.

- (d) The provisions of this Section 12 shall survive termination or the expiration of this Agreement for the applicable statutory periods regarding limitation of actions or claims.

13. Expanded Meaning of Licensor - Agency and Trust

Wherever a release or indemnity is provided for under this Agreement in favour of the Licensor, it will be deemed to include the Released Persons. The Licensor acts as agent or trustee for the benefit of the Released Persons, and each of them, to allow them to enforce the benefit of this provision as well as the benefit of each release and indemnity clause in this Agreement that is intended to benefit them.

14. Liens

The Licensee shall be responsible for the satisfaction or payment of any liens for any provider of work, labour, material or services claiming by, through or under the Licensee. The Licensee shall also indemnify, hold harmless and defend the Licensor and Owner(s) of against any such liens, including the reasonable fees of the Licensor's solicitors. The provisions of this Section shall survive termination of this Agreement. All liens shall be removed within five (5) Business Days of notice to the Licensee to do so. The Licensor may, at the cost of the Licensee, pay money into court to obtain removal of a lien if the Licensee fails to do so, as required, and the Licensee will pay the cost to the Licensor including the amount paid into Court plus an administration fee equal to 25% of the amount.

15. Establishment of Central Distribution System ("CDS")

- (a) During the Term or any Renewal Term, the Licensor may undertake to provide or install a CDS to satisfy the collective Cable requirements of all services providers and occupants of the Building or any of them;
- (b) In the event the Licensor provides or installs a CDS pursuant to Section 15(a) above, the Licensor and Licensee mutually agree to enter into good

faith negotiations in an attempt to enter into a CDS usage agreement satisfactory to each;

- (c) In the event the Licensor provides or installs a CDS then the Licensor may purchase from the Licensee those portions of the Connecting Equipment and In-Building Wire installed by the Licensee as mandated by the CRTC or alternatively as agreed to by the parties.
- (d) In the event the parties are unable to enter into a CDS usage agreement, the installation of a CDS during the Term or any Renewal Term shall not affect the rights and access granted to the Licensee or the ability of the Licensee to provide telecommunication services to tenants or occupants of the Building pursuant to the terms and conditions of this Agreement. In the event the parties are unable to enter into a CDS usage agreement, upon an operational CDS being installed in the Building and upon all telecommunication services providers save and except the "ILEC" (as defined by the CRTC), having agreed in writing to participate in the CDS or to pay the same monthly amount as the Licensee, the Licensee shall pay, in addition to the fees as provided in this Agreement, the sum of \$1,000.00 per month as a genuine pre-estimate of the foregone revenue of the Licensor as a result of the non-participation in the CDS by the Licensee. For the purpose of the preceding sentence, wireless service providers, wireless service enhancement providers, redundant service providers, web, or server hosting service providers, and other services not normally considered as telecommunications service providers, will not be considered as telecommunications service providers.

16. Assignment, Sublicensing, Encumbering, and Sharing of Space and Equipment by Licensee.

- (a) The Licensee shall not assign this Agreement in whole or in part without obtaining the prior written consent of the Licensor which consent may not be unreasonably withheld. Despite what is stated above, the Licensee may assign its rights under this Agreement, on a bona fide basis, to an Affiliate of Telus Communications Inc. or to a purchaser of substantially all of the assets of the Licensee if: (i) the assignee executes an agreement with the Licensor to be bound by the terms of this Agreement and agrees to pay the reasonable costs of the Licensor incurred in connection with the preparation, negotiation and finalization of that agreement; (ii) the assignee agrees in the agreement referred to above, that should it cease to be an Affiliate of Telus Communications Inc., an assignment in respect of which the Licensor's consent is required as provided above will be considered to occur; and (iii) the assignee provides to the Licensor those reasonable particulars which the Licensor requires in order to satisfy itself concerning the requirements stipulated above, and provides to the Licensor reasonable advance notice to enable it to prepare, negotiate and

obtain the execution of the agreement mentioned above and to satisfy itself that the requirements stipulated above are satisfied.

- (b) No assignment whether to an Affiliate or otherwise, shall release the Licensee from any liability or obligation under this Agreement, unless the Licensor provides a release in writing.

Except as required or mandated by the CRTC, the Licensee will not sublicense, co-locate, share the use of, or otherwise provide the benefit of this Agreement to any third party telecommunication provider or other communication service provider and will not mortgage or encumber its rights under this Agreement in favour of any Lender without the Licensor's consent.

For the purposes of the restrictions set out above, any corporate change of control, change in partnership, or other dealing with the issued shares of, assets, partnership interests in, or other aspect of the Licensee or its assets which has the result of changing the effective control of the Licensee will be considered as an assignment in respect of which the Licensor's approval is required in advance in writing. This does not apply, however, if the Licensee is a company with its shares listed on a recognized stock exchange nor does it apply if the Licensee is a subsidiary of such a company and, an effective change of control occurs by virtue of dealing in the shares of the parent company.

- (e) Despite what is stated above, the Licensee will be permitted to assign its rights under this Agreement to a bona fide lender, as collateral security for any bona fide, secured financing of all or part of its business undertaking. However, this permission does not imply or allow the inference that the Licensor waives, or is willing to forbear from the exercise of its remedies under this Agreement, should an Event of Default occur, nor that any lender will have any greater rights than the Licensee in respect of this Agreement, including but not limited to the restrictions set out in this Section 16.

17. Hazardous Materials

The Licensee shall not install, bring upon, or use any Hazardous Substance into or on the Building. The Licensee shall indemnify and hold the Released Persons and any party the Licensor is responsible for at law, harmless from any claim, loss, cost, damage, or expense resulting from any breach regarding the installation or use of any Hazardous Substance brought into or on the Building by the Licensee, including any and all costs incurred in remedying such breach.

the revocation of the Licensee's permission to provide regulated or non-regulated telecommunications services by any governing entity authorized to permit or regulate the Licensee's providing of such services;

the Licensee's becoming insolvent, or the filing, execution, or occurrence of a petition in bankruptcy or other insolvency proceeding by or against the Licensee; or an assignment for the benefit of creditors; or a petition or proceeding by or against the Licensee for the appointment of a trustee, receiver or liquidator of the Licensee or of any of the Licensee's property or a proceeding by any governmental authority for the dissolution or liquidation of the Licensee;

- (v) the appointment of a receiver, receiver and manager, or other representative in connection with any default by the Licensee under any loan or debt obligation;

if the Licensee shall default in the observance or performance of any of the Licensee's other obligations under this Agreement and such default shall continue for more than ten (10) Business Days, (or Two (2) Business Days in the case of a failure to insure) after written notification of such default by the Licensor to the Licensee.

- (b) Upon or after the occurrence of an Event of Default the Licensor may elect to terminate this Agreement and the Licensor may sue for any other damages to which they may be entitled at law or in equity including fees due after the date of termination.

19. Restoration Obligations

At the expiration or earlier termination of this Agreement the Licensee shall, at the Licensee's sole cost and expense, without liens, remove the Entrance Cable, and all other items of the Licensee's Equipment except any part of it that by agreement between the Licensee and the Licensor has been acquired by the Licensor, and all of the Licensee's personal property from the Building. Any property not so removed within twenty (20) Business Days after the termination may at the Licensor's sole option (i) be removed and stored by the Licensor at the Licensee's expense (and the Licensee will pay an administration fee equal to 25% of the expense), or (ii) become the property of the Licensor without compensation to the Licensee. As of the date of such removal, neither party shall have any claim against the other, except for claims or obligations that may have arisen or accrued prior to such termination or arise by reason of the Licensee's Equipment and other equipment or property removal, which claims or obligations shall survive such termination. The Licensee further covenants, at its sole cost and expense, to repair or refinish all damage caused by the operation or removal of the Licensee's Equipment. If the Licensee fails to repair or refinish any such damage, the Licensor may, in its sole discretion, repair or refinish such damage and the Licensee shall reimburse the Licensor of all costs and expenses incurred in such repair or refinishing and will pay to the Licensor an administration fee equal to 25% of the cost. If the Licensor elects to retain some or all of the Licensee's Connecting Equipment and In-Building Wire, in accordance with Section 15(c), the Licensee shall execute a bill of sale or other document necessary to effect such transfer of ownership, at no additional cost or consideration from the Licensor to the Licensee, within ten (10) days after receiving such written notice. The Licensee will provide to the Licensor upon completion of the removal of the Licensee's Equipment an engineer's report confirming completion of the removal in accordance with this Agreement.

20. Licensor's Alterations

Despite anything else in this Agreement, the Licensor may, at any time, make any changes in, additions to or relocations of any part of the Building; may grant, modify or terminate easements and any other agreements pertaining to the use or maintenance of all or any part of the Building, may close all or any part of the Building to such extent as the Licensor considers necessary to prevent the accrual of any rights in them to any persons; and the Licensor may also make changes or additions to the pipes, ducts, utilities and any other building services in the Building (including areas used or occupied by the Licensee) which serve any part of the Building. (Denis, already dealt with in release provision) No claim for compensation shall be made by the Licensee by reason of any inconvenience, nuisance or discomfort arising from work done by the Licensor but the work will be done as expeditiously as is reasonably possible.

23. Subordination

The Licensee accepts this Agreement subject and subordinate to any mortgage, deed of trust or other lien presently existing or hereafter arising upon the Building or the lands upon which the Building is located and to any renewals, modifications, consolidation, refinancing, and extensions thereof. This provision is self-operative and no further document shall be required to effect the subordination of this Agreement.

24. Licensee's Equipment to Remain Personal Property

25. Severability

If any part of, or any provision of this Agreement or any other agreement, document or writing given pursuant to or in connection with this Agreement is invalid or unenforceable under applicable law, the part shall be ineffective to the extent of the invalidity only, and the remaining terms and conditions shall be interpreted so as to give the greatest effect possible to them.

The relationship between the Licensor and the Licensee shall not be deemed to be a "landlord-tenant" relationship and the Licensee shall not be entitled to avail itself of any rights afforded to tenants at law.

29. Successors in Licensor's Interest/Limitation of Liability

- (a) This Agreement shall bind and enure to the benefit of the Licensor and the Licensee and, except as otherwise provided in this Agreement to the contrary, their respective successors and assigns.
- (b) The obligations of the Licensor under this Agreement shall no longer be binding upon the Licensor if the Licensor or Owner(s) sells, assigns or otherwise transfers its interest in the Building as owner or lessor (or upon any subsequent licensor or owner after the sale, assignment or transfer by such subsequent licensor). If there is such a sale, assignment or transfer, the Licensor's obligations shall be binding upon the grantee, assignee or other transferee of the interest, and any such grantee, assignee or transferee, by accepting such interest, shall be deemed to have assumed those obligations. A lease of the entire Building shall be deemed a transfer within the meaning of this Section 29(b).

30. Specific Licensor's Termination Rights

In addition to the other termination rights provided to it in this Agreement, either party may elect to terminate this Agreement in each of the following circumstances, subject to giving at least thirty (30) days' prior written notice to the other party:

31 Application of Funds

No acceptance of part payment of Fees or other amounts owed to the Licensor will be considered as an accord and satisfaction; the Licensor despite any direction or restriction endorsed on any cheque or accompanying any payment, may apply any payment, in whole or in part against any amounts owed to the Licensor, in its sole discretion; and no acceptance of any payment, even if it purports to be for any subsequent period, is to be construed as a waiver by the Licensor of its right of termination for pre-existing defaults.

32. Estoppel Certificates

The Licensee will provide to the Licensor from time to time, within ten (10) Business Days of the Licensor's written request in each case, at no cost to the Licensor, a statement duly executed by the Licensee confirming that this Agreement is in good standing confirming, the Fees payable and the Fees actually paid to any date specified by the Licensor for the statement confirming the Commencement Date, the Term, any Renewal Term to which it claims to be entitled, and any other information that the Licensor reasonably requests pertaining to this Agreement or Building.

33. Unauthorized Continued Use

If the Licensee continues to use any part of a Building after the expiry of the Term without the Licensor's prior written consent, then, without limiting the Licensor's other remedies, (including the right to evict the Licensee) the Fees payable in respect of the Building will be double that which applied during the last year of the Term or Renewal Term, as the case may be, subject to pro-rating, however, should the unauthorized use continue for less than the full year.

34. Public Announcements - Marketing and Merchandising Within the Building

Neither party will issue any press release regarding the subject matter herein contained except with the other party's prior written consent.

The Licensee will not be permitted to conduct any merchandising, marketing, or other activities within the Building or to engage in any promotional or similar programs directed specifically to the tenants and occupants of the Building without the Licensor's prior written consent. Without limiting or restricting the applicability of the law governing frustration of contracts, in the event either party fails to meet any of its obligations under this Agreement within the time prescribed, and such failure shall be caused, or materially contributed to, by force majeure, such failure shall be deemed not to be a breach of the obligations of such party under this Agreement, and the time for the performance of such obligation shall be extended accordingly as may be appropriate under the circumstances. For the purpose of this Agreement, force majeure shall mean any acts of God, war, natural calamities, strikes, lockouts or other labour stoppages or disturbances, civil commotion or disruptions, riots, epidemics, acts of government or any competent authority having jurisdiction, or any other legitimate cause beyond the reasonable control of such party, and which, by the exercise of due diligence, such party could not have prevented, but lack of funds on the part of such party shall not be deemed to be a force majeure.
