activation of the Licensee's Equipment in the relocated area prior to dislocation from the existing POP Space.

Where a relocation is required by Applicable Laws, the allocation of the cost of such relocation shall be as agreed to by the parties, and if the parties are unable to agree, such allocation shall be determined pursuant to Section 29.1.

26. Liens

Each party shall be responsible for the satisfaction or payment of any liens for any provider of works, labour or materials, or services claiming by, through or under such party regarding each party's interest pursuant to this License. Upon notice from the other party any lien shall be removed within ten (10) Business Days of the request by the other party, by payment of sufficient money to the Court to obtain the removal of such lien.

Interference

The Licensee Equipment and the equipment of those for who the Licensee controls and is responsible for at law, shall not interfere with the use and enjoyment of the Building by the Licensor, or Building tenants or occupants. If such interference shall occur, the Licensor shall give the Licensee written notice thereof and the Licensee shall use commercially reasonable efforts to correct the same, forthwith after receipt of such notice. In the event Licensee fails to correct such conditions after proper notification and waiting period, Licensor reserves the rights to take any reasonable actions to correct the interference including deactivation or removal of any Licensee Equipment.

The Licensor's Building systems or any of the tenants or occupants in the Building for whom the Licensor controls and is responsible at law installed after the Licensee Equipment shall not interfere with the provision of Licensee Services. If such interference shall occur the Licensee shall give the Licensor written notice thereof and the Licensor shall use commercially reasonable efforts to correct same forthwith after receipt of such notice within the time frame as dictated by the nature of the interference. In the event the Licensor fails to correct such interference after using reasonable commercial efforts after written notice, the Licensor shall use its best efforts to correct such interference forthwith. If such interference is not corrected after the best efforts of the Licensor, the resolution of such interference shall be determined pursuant to Section 29.1.

In the event interference is caused by a party to this License the party which did not cause the interference shall be entitled to recover the cost of detection and rectification of the interference from the other party.

The construction, interpretation and performance of this License shall be in accordance with the laws of the Province in which the Building is located and the laws of Canada applicable therein.

29. Dispute Resolution

- 29.1 The parties agree to use commercially reasonable efforts to resolve any dispute, failing which any party may refer the dispute, or the application or performance or obligations of the parties to this License to a single arbitrator to be agreed upon by the parties, provided that if a single arbitrator cannot be agreed upon by the parties hereto within ten (10) days after the appointment of a single arbitrator has been requested by one of the parties in writing, then the dispute shall be referred to a board of three arbitrators, one to be appointed by each of the Landlord and the Tenant and a third arbitrator to be appointed by the first two arbitrators in writing; and if either the Landlord or the Tenant shall refuse or neglect to appoint an arbitrator within ten (10) days after the other party shall have appointed an arbitrator and shall have served a written notice upon the party so refusing or neglecting to appoint an arbitrator requiring such party to make such appointment, then the arbitrator first appointed shall, at the request of the party appointing him, proceed to hear and determine the dispute as if he were a single arbitrator appointed by both the Landlord and the Tenant for that purpose. If two arbitrators are so named within the time prescribed and they do not agree within a period of ten (10) days upon the appointment of the third arbitrator, then upon the application of either the Landlord or the Tenant, the third arbitrator shall be appointed by a Judge of the Ontario Court (General Division). The determination which shall be made by the said arbitrators or a majority of them, or by the single arbitrator, as the case may be, shall be final and binding upon the parties hereto and the costs of the arbitration and remuneration of the third arbitrator, if any, shall be borne equally between the parties hereto, each of the parties bearing the remuneration of the arbitrator appointed by it. The provisions of this paragraph shall be deemed to be submission to arbitration within the provisions of The Arbitration Act of Ontario and any statutory modification or re-enactment thereof; provided that any limitation on the remuneration of arbitrators imposed by such legislation shall not

have application to any arbitration proceeding commenced pursuant to this paragraph.

Applicable Law

This License, including the actions and obligations of the parties are subject to all Applicable Laws.

Severability

Should any provision of this License be illegal, unenforceable, or inconsistent with Section 30.1, that provision shall be considered separate and severable from the remaining provisions of this License and the remaining provisions shall remain in force and be binding upon the parties.

In the event the CRTC issues any Order in respect of the subject matter of this License, and such Order affects the rights and/or obligations of either party, such party shall be entitled to require that this License or portions thereof, as required, be amended in a reasonable manner so as to give effect to such Order and in the event the parties cannot agree upon the appropriate amendment required to make this License consistent with any CRTC Order, then such amendment required shall be determined by the CRTC. Notwithstanding anything contained in this License, in no event shall this License be interpreted as limiting the rights of the Licensee or the Licensor, to avail itself of the provisions of the *Telecommunications Act*.

33. Interest

- 33.1 In the event any Fee is not paid within the time period required by this License, in addition to any other rights and remedies available to the Licensor in law or equity, the Licensor shall be entitled to recover all accrued but unpaid Fees together with interest thereon at a rate equal

to two percent (2.0%) per annum above the prime commercial loan rate most recently published by the Licensor's principal bank.

34. Force Majeure

Without limiting or restricting the applicability of any Applicable Law governing frustration of contracts, in the event either party fails to meet any of its obligations under this License within the time prescribed as a result of Force Majeure, such failure shall be deemed not to be a breach of the obligations of such party under this License, and the time for the performance of such obligation shall be extended accordingly as may be appropriate under the circumstances.
