[HONDA CIVIC TYPE-R (FD2) CUSCO ZERO 3 SERIES SUSPENSION FEATURES]

- **24 Step needle valve adjustment enables a custom fine tune setting for any given type of driving condition.**
- **Mono-tube shock absorber featuring a new caliper piston design. The damper engages smoothly and is immune to fading which makes it ideal for circuit driving**
- **Light-weight aluminum spacer applied to the height adjustment design which combines a secure bump stroke for the rear suspension.**
- **Camber adjustment capability on the front knuckle bracket. Negative camber will aid in front grip to dial in a superb lap time than before.**
- **Completely rebuildable**
