

CUSCO COMFORT Street ZERO SUSPENSION KIT LEXUS CT200h DAA-ZWA10 (2011 & up)

Front: -30mm, Rear: -30mm ride height pictured

The CUSCO "Street ZERO" coilover suspension provides great stability especially targeted for daily driving and high speed cruising. The suspension kit is designed exclusively for vehicles equipped with a large wheel size low profile tires, such as the Lexus CT200h. The stability is still maintained even after the installation of larger aftermarket wheels, reducing the harsh bumpy feeling by utilizing the factory upper strut mounts. The result is a well balanced suspension setup that provides a stylish look for the new Lexus models.

Product	Part #	MSRP (USD)	Adjustable Height (mm)		Default Ride Height	Adjustable Damper	Spring Rate (Kg/mm)	Upper Mount	Structure
