### 1 Pico

1 Pico Blvd., Santa Monica | 310.587.1717

A meal at 1 Pico comes with the best element of staying at Shutters on the Beach: the view. You know where the sidewalk ends and the sand begins? That's where you're sitting. Or rather one floor up in the breezy, wood-beamed dining room. And judging from the hamachi tartare, squid-ink pasta, and simply, beautifully prepared market fish, chef David Almany designed the menu with the scenery in mind.
