Make your chlorinator more powerful with Maytronics easy upgrades

mineralSwim™

Add Mineral Swim
100% Dead Sea minerals
for health and well-being
benefits

Choosing the perfect Eco Swim Chlorinator

Maytronics Eco Swim chlorinator is covered by a two (2) year warranty on power supply and five (5) year warranty on electrolytic cell for residential use. Enjoy the same optional upgrade across all Eco Swim chlorinators.

*Seek tailored advice from your pool professional for recommended pool size according to your region.

	ES 100	ES 200	ES 300
Pool size	up to 50,000L*	up to 90,000L*	up to 110,000L*
Filter pump	Any single speed pump or variable speed pump up to 1.5 hp / 6.6 amps.		
Optional upgrades	Mineral Swim minerals / Ozone Swim purifier / pH automation dosing system		
Salt / mineral levels	3500 - 4500 ppm		
Cell protection	Low water sensor protects cell against damage if water level falls below cell housing.		
Power supply	240 VAC / 50 Hz		

ozoneSwim®

Add the Ozone Swim upgrade module to deliver the powerful purification of ozone that lets you dial down chlorine production. It is gentle on the eyes and easy on the skin.

pH Drive

Add pH control automation to ensure your pool water's pH level is always optimised, delivering comfort and maximum sanitiser efficiency.
