## Choosing the perfect Eco Swim® Chlorinator

Maytronics Eco Swim® chlorinator is covered by a two year warranty on power supply and five year warranty on electrolytic cell for residential use. Enjoy the same optional upgrade across all Eco Swim® chlorinators.

\*Seek tailored advice from your pool professional for recommended pool size according to your region.

	ES 100	ES 200	ES 300
<b>Pool size</b>	up to 50,000L*	up to 90,000L*	up to 110,000L*
<b>Filter pump</b>	Any single speed pump or variable speed pump up to 1.5 hp / 6.6 amps.		
<b>Optional upgrades</b>	Mineral Swim minerals / Ozone Swim purifier / pH automation dosing system		
<b>Salt / mineral levels</b>	3500 - 4500 ppm		
<b>Cell protection</b>	Low water sensor protects cell against damage if water level falls below cell housing.		
<b>Power supply</b>	240 VAC / 50 Hz		

## ecoSwim®

Add the Eco Swim® upgrade module to deliver the powerful purification of ozone that lets you dial down chlorine production. It is gentle on the eyes and easy on the skin.

## pH Drive

Add pH control automation to ensure your pool water's pH level is always optimised, delivering comfort and maximum sanitiser efficiency.
