# ETHICS AND LEGAL REVIEW GROUP

Information and how to join

---

## What is this and the “why”.

I don't know about you but find it hard to keep up with all of the legal and ethical changes within the US and WA state for my LMHC license. I want to start a FREE quarterly group where LMHC, LMFT, and LICSW who are licensed in WA can meet, review and keep each other up to date on legal and ethical requirements.

## What would we do? How would this benefit everyone?

We all in the MH world have to take ethics and legal courses BUT when we take them changes how or why or what we do to stay in compliance. It also impacts WHEN we do it and in keeping with compliance the WHEN matters a lot.

Small picture goal: get as little of the board or state's attention as possible by comparing notes and helping each other stay compliant.

Big picture goal: we rotate who takes ethics and legal CEs through the year and those people present a “report” for the quarter. the rest of the group takes notes and we take turns keeping everyone informed.

## When would we do this?

Once every 3 months (quarterly) on the first Tuesday of the month (unless it is a holiday) at 9 AM PST.

## Meet your host:

Hello I am Laura. I am an LMHC, sex therapist, state supervisor, and EMDR clinician. I want to create a community where we support each other and “work smarter not harder”.

**If interested email [info@lagniappeemdr.com](mailto:info@lagniappeemdr.com) to be put on the email list!**
