

WHAT SIZE STORAGE UNIT DO YOU NEED FOR A CAR?

Need a place to store your car but don't know which storage unit size to get? Extra Space Storage has a variety of vehicle storage options for you!

TYPES OF AUTO STORAGE

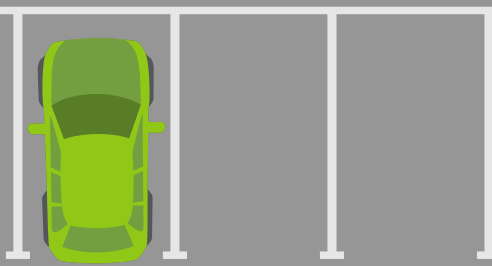

INDOOR STORAGE

- Variety of sizes available
- Similar to home garages
- Provides protection from the elements

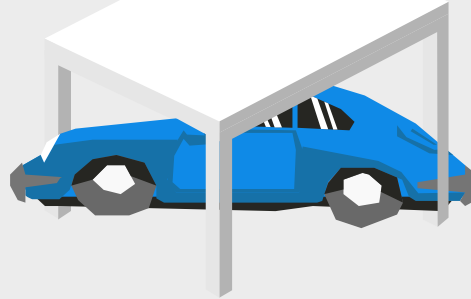

OUTDOOR STORAGE

- Typically 20-foot parking spaces
- Store cars of all types and sizes
- Most affordable option

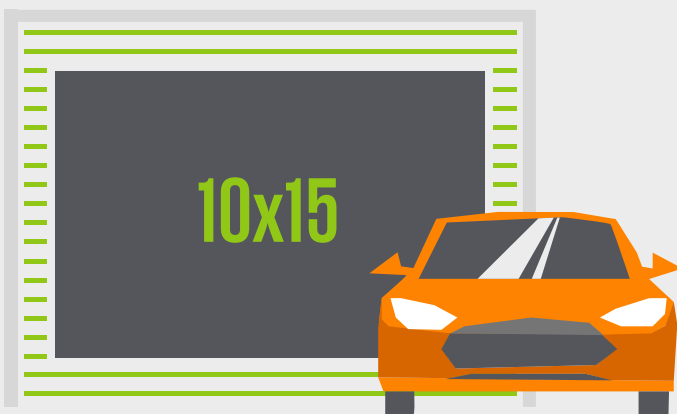

COVERED STORAGE

- Typically 20-foot parking spaces
- Roof provides protection from hail, snow, and sun
- More cost-effective than indoor storage

POPULAR INDOOR STORAGE UNIT SIZES FOR CARS

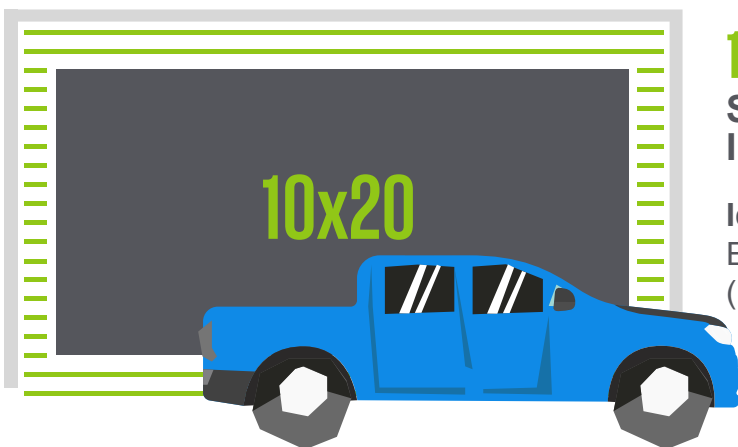

10x15 (150 SQ FT)

Size of a small one-car garage
Indoor vehicle storage

Ideal For: Compact cars

Ex: Mini Cooper (12.6 ft), Honda Fit (13.3 ft)

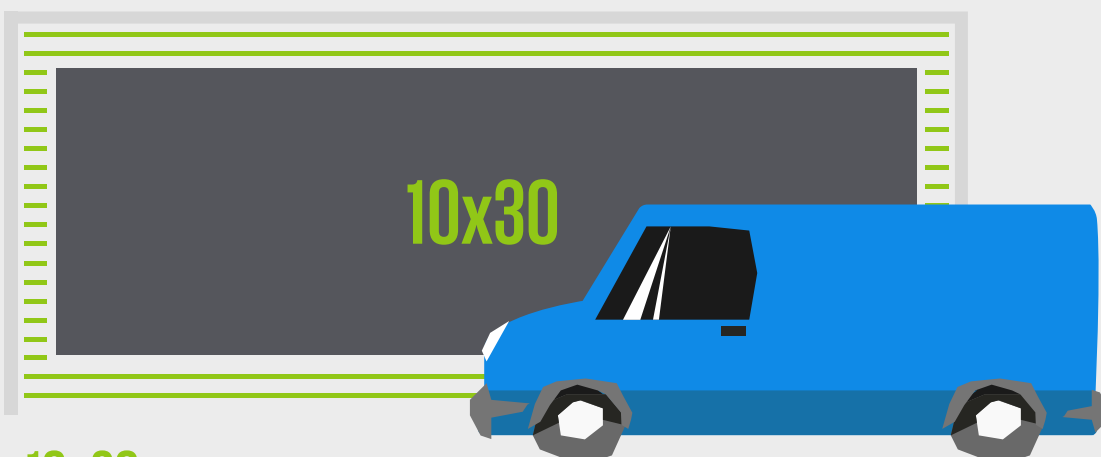

10x20 (200 SQ FT)

Size of a standard one-car garage
Indoor vehicle storage

Ideal For: SUVs, minivans, pickup trucks

Ex: Ford F-150 (17.5 ft), GMC Yukon XL (18.8 ft)

10x30 (300 SQ FT)

Size of a one-and-a-half-car garage
Indoor vehicle storage

Ideal For: Large pickup trucks, commercial cargo vans

Ex: Chevrolet Express (20.3 ft), GMC Sierra 3500 (21.5 ft)
