Add to cart and order!

We want to make sure you're happy so before we print anything, we'll send you a visual of your custom design to sign off.

Print Perfect Checklist

- Add your design to the template available on the next page.

- If you want your design to have a **continuous pattern**, the end and start design should connect seamlessly.
- We recommend using **5pt font size** (0.8mm height) or larger.
- Thickness of lines, strokes and gaps should be no less than **0.2mm**.
- All colors should be converted to **CMYK**.
- For best results, your design should be in **vector** format, but if an image will be used, it should be no less than **300 DPI**.
- In order to ensure your custom tape prints correctly, we require that **all fonts be converted to outlines**.

- Please export as a '**CMYK**' PDF. No crop marks needed.
