

XDC Graphic Standards

The **XDC logotype** is the primary expression of the XDC brand. It consists of custom XDC letterforms locked together as one unit.

The **XDC Network logotype** is crafted to represent the network community and accommodate those who want to build on the network.

The **XDC Build It On logotype** should always be applied as a complete, single unit in one of these versions.

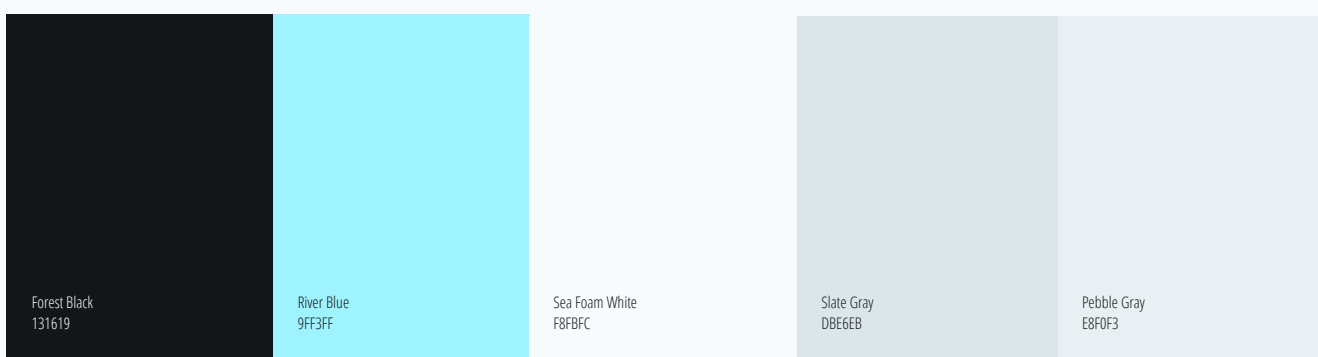

The **XDC Migrate To logotype** should always be applied as a complete, single unit in one of these variations.

The **XDC Icon** should always be applied as a complete, single unit in one of these variations.
