

# Health, Safety and Environment Policy

HSE-POL-01

WRITTEN BY: L. Lucke

ENDORSED/CHECKED BY: K. Ussher/J. Oliver

APPROVED BY: Board 17.10.2024

Doc No: HSE-POL-01

Revision No: 2

Revision Date: 17.10.2024

Page: 0 of 4

Approved via Board Memorandum Number: BD-24-10-5.3 (For Board Approved Policies Only)

## 1.0 Policy Statement

This Policy supports Stanwell's Values of *we care*, *we adapt* and *we deliver* so that together we create energy solutions now and into the future.

We work with our people, communities, stakeholders, partners and our suppliers to deliver a secure supply of electricity, in a way that creates and drives a safe and healthy work environment, which safeguards our environmental and social right to operate.

## 2.0 Purpose/Scope

This policy applies to all employees of Stanwell Corporation and its subsidiaries, visitors and contractors while visiting or conducting business at Stanwell workplaces and while participating in authorised activities outside of Stanwell workplaces.

Process Safety is managed separately through Stanwell's Asset Management Policy, Systems and Procedures, and is excluded from the scope of this Policy.

## 3.0 Our Commitments

We demonstrate our vision of ***Safe Today, Better Tomorrow*** and our commitment to our values by acting on the health, safety and wellbeing needs of our people, and by looking after each other, the environment and our community.

This is supported by our commitments to:

### 3.1 Provide a healthy and safe work environment

Stanwell fosters a culture of proactive and effective health, safety and environment management, to achieve our vision of Safe Today, Better Tomorrow. We actively support and deliver health, wellbeing, psychosocial and sustainable environmental improvements in our workplaces, as we strive to enhance the health and wellbeing of our people and ensure our workplace is safe, respectful and inclusive. We identify, consider and mitigate Health, Safety and Environmental (HSE) critical risks and impacts to ensure controls are in place and effective.

### 3.2 Deliver our Sustainability Strategy

We work collectively to achieve our sustainability commitments, which underpin how we do business. We continually challenge and adapt our approach to achieve better outcomes for our people, communities, stakeholders and the environment.

### 3.3 Realise our environmental objectives

We are responsible corporate citizens of the environment in which we operate. We are committed to environmental stewardship, pollution prevention and making informed and sound business decisions with due consideration of environmental impacts and opportunities.

### **3.4 Learn from events and implement measures to prevent re-occurrence**

We are committed to learning from interactions and events by, sharing our learnings, consulting and collaborating across our business and industry, and implementing appropriate measures to prevent re-occurrence. We do this while upholding a balanced approach to a fair and just culture and to ensure trust and credibility is maintained.

### **3.5 Continue to improve our HSE performance**

We set measurable objectives and targets, that are developed by analysing HSE data to ensure that we continue to improve, challenge and enhance our HSE performance, while optimising the systems, processes and resources utilised to achieve them.

### **3.6 Comply with all legal and other requirements**

We comply with all relevant legal and other HSE compliance requirements and work collaboratively with our regulators regarding HSE approvals and commitments.

### **3.7 Ensure asset integrity and effective functional HSE systems**

We have a disciplined set of processes to ensure the integrity of our assets and effectiveness of our functional HSE Systems to prevent harm to people, the environment, assets and Stanwell's reputation.

Stanwell demonstrates continuous improvement through our integrated ISO 45001:2018 and ISO 14001:2016 aligned Health, Safety and Environmental Management System (HSEMS).

## **4.0 Responsibilities**

The Stanwell Board is responsible for the review and endorsement of this Policy and for ensuring the business systematically implements its health, safety and environmental commitments.

The Chief Executive Officer, Chief Operating Officer and Executive General Managers are responsible for providing resources to ensure required compliance, due diligence commitments and endorsement of health, safety and environmental objectives and targets that demonstrate continual improvement.

All employees and contractors are responsible for:

- using the Health, Safety and Environmental Management System to identify, assess and control health, safety and environmental risks in the workplace. If it is determined that effective controls are not in place, our people are empowered to stop work and find a safer way;
- reporting and investigating all events and non-conformances;
- applying fair and just corrective outcomes;
- communicating shared learnings to prevent reoccurrence;
- attending work fit for duty, unimpaired by drugs, alcohol or fatigue; and

- understanding and working in accordance with this Policy and Stanwell’s Health, Safety and Environmental Management System.

## 5.0 Review, Consultation and Communication

### Review:

This Document is required to be reviewed, as a minimum, every 2 year/s.

### Consultation:

The General Manager Health, Safety and Environment is required to undertake the review and appropriate consultation of this policy at least every two years and at other times, if any significant new information or legislative or organisational change warrants a change to this document.

### Communication/Requirements after Update:

This Policy will be:

- communicated to all employees, contractors and visitors at Stanwell;
- made available on Stanwell’s intranet and external website (publicly available) and in hard copy form at sites; and
- referenced in all Stanwell Health, Safety and Environment Inductions.
