## Disclosure of Transfers of Value Methodological Note for Diurnal 2021

### Diurnal methodology, 2021

Diurnal is a small predominantly research-based company with two licensed products. During 2021 Diurnal marketed medicines in the United Kingdom, Germany, Austria and Italy. During this period the Diurnal medicines were also marketed in the United States, Sweden, Denmark, Norway and Iceland by partner organisations who disclose transfers of value as separate entities.

Diurnal has agreed to comply with the ABPI Code of Practice to document and publicly disclose payments or other transfers of value made directly or indirectly to HCPs, ORDMs and HCOs. This note describes Diurnal's method of disclosure of Transfer of Value (ToV) for 2020 in accordance with the requirements of the ABPI code. All payments made during 2021 to external sources were reviewed, relevant payments for disclosure under the ABPI 2021 Code of Practice, were identified according to categories described in the table below.
