

# Zenith<sup>®</sup> Plate Lip GET Solutions

Bradken's Zenith<sup>®</sup> Plate Lip ground engaging tools are engineered to minimise dig energy and extend wear life.

**Interchangeable  
with existing  
lip shrouds**

Bradken Zenith<sup>®</sup> Adapters are available in three options depending on your machine class or dig severity.

Bradken Zenith<sup>®</sup> Points are available in three styles to suit applications; Standard, Long and Heavy Duty.

Compatible with Bradken's current lip shroud range.

**Our unique design eliminates through pins and enables point rotation, plus points are secured with locking pins which are engineered to perform in all climates.**

## Safer Tooth Removal

- Safer install and removal with the hammer-free pin and hammer-free removal tools.
- Point locking pin supplied pre-installed reducing install effort.
- Horizontal pin orientation allows improved ergonomics during removal process.

## Reduced Maintenance and Downtime

- Efficient change-out time at two minutes per point with the hammer-free pin and removal tools.
- Single upper and lower wear caps extend adapter life.
- Flat surfaces allow simple nose maintenance when required.
- Pin design maintains reliability in all mining applications from extreme heat to extreme cold.

## Reduced Total Cost of Ownership (TCO)

- New streamlined design minimises dig energy required.
- Unique reversible hexagonal nose maximises wear life of the point.
- Locking pin pre-installed reduces inventory order requirements.

**Our Innovation. Your Advantage.**

# Our team focus on design enhancements that deliver tangible benefits for our customers.
