

# Electric Rope Shovel Undercarriage

*Machine compatibility;*  
7295, 7495HD, 7495HR, 7495HF

Bradken has a proud history of specialising in the design and manufacture of superior performing undercarriage for Large Mining Hydraulic Excavators (HEX) and Electric Rope Shovels (ERS), direct to customers around the globe. Bradken's innovative range of undercarriage for Caterpillar® electric rope shovels has consistently delivered superior performance, proven capability, and reliable solutions for the toughest environments.

## Proven Track Record

For over 25 years Bradken was the supplier of choice for Bucyrus ERS crawler shoes and other structural castings. Since 2013, Bradken has been directly supplying our customers around the world with a complete range of undercarriage components for Caterpillar® ERS, leveraging decades of manufacturing experience, and featuring Bradken's more recent design enhancements that reduce costs and improve performance in the toughest environments on earth.

## Proven Capability

Customer focus, rigorous design, expert metallurgy and materials engineering, and state-of-the-art manufacturing processes are combined by Bradken to deliver our customers undercarriage products that consistently outperform the OEM and other aftermarket competitors.

## Reliability

Bradken's crawler shoes for Caterpillar® ERS undercarriages feature Bradken's patented 'Pillar of Strength' and other design enhancements providing superior strength and support to critical areas. Bradken's crawler shoes deliver consistent and dependable performance, especially in the worn condition and under extreme applications, giving our customers the confidence to schedule condition-based maintenance while minimising the risk of unplanned downtime events.

## Interchangeability

Bradken undercarriage components are fully interchangeable with OEM components and compatible with OEM installation requirements. Our customers have the security of Bradken warranty support even when Bradken components are installed alongside competitor components.
