Designed by Mahli Seden for
O'Loughlin Catholic College

‘The meaning behind the design is one of friendship and community. There are two main Indigenous symbols included: the arches with five points are footsteps, and the arches with dots around them are people. This is a representation of the year 12 cohort all being on a journey together.’

Helping you celebrate in a more sustainable way

We are working on moving our business and products to be more sustainable by focusing on three key areas.

Recycled fabric

Made from polyester yarn produced from recycled PET bottles, our recycled fabric allows us to not only recycle plastic normally bound for landfill, but also reduce our carbon footprint through a more energy-efficient production process.

Greener packaging

Made using 100% recycled plastics, we are helping to re-purpose and re-use post-consumer plastic waste by thoughtfully packing your made-to-order products in recycled bags.

Reduce waste

We create what you need, only when you need it. All our products are made to order, greatly reducing the risk of materials or products going to waste.

What our customers are saying

I am more than impressed with Reform. They met all our needs, were always quick and supportive with their communication and delivered high quality Jackets!

ELLEN OSBORNE
Gymea Technology High School

Easy, smooth process, clear instructions and so lovely to deal with an actual person, and the same person across the whole duration of the process.

MICHAELA MCMAHON
MacRobertson Girls High School

Customer service was prompt, and helpful, and the quality of the hoodie was very high. Service of receiving samples before the final order for sizing is a great addition!

YOHEI TANG-YAMAOKA
Huntingtower School

The quality of the jerseys and jackets is excellent and I was pleasantly surprised at how soft the jerseys are compared to other brands. Would highly recommend.

KELLY GADEN
Glen Innes High School
