

Changes to LCY traffic and parking.

We're making some changes to the parking and traffic arrangements at London City Airport. These changes are needed as part of the early works for our airport transformation programme.

The changes will occur in a number of stages and will provide a dedicated pick up lane and alter the existing configuration and flow of traffic in the forecourt area. Please note that:

- Bus stops will move slightly, but stay within the forecourt area.
- Taxi drop off will remain in the forecourt area and there will be a dedicated one way pick-up operation outside of City Aviation House.

The following images illustrate the sequence of changes that will be made and the provisional dates when they are anticipated to occur.

If you would like to keep informed on the latest construction developments at LCY, please email: thefuture@londoncityairport.com

Existing Arrangement

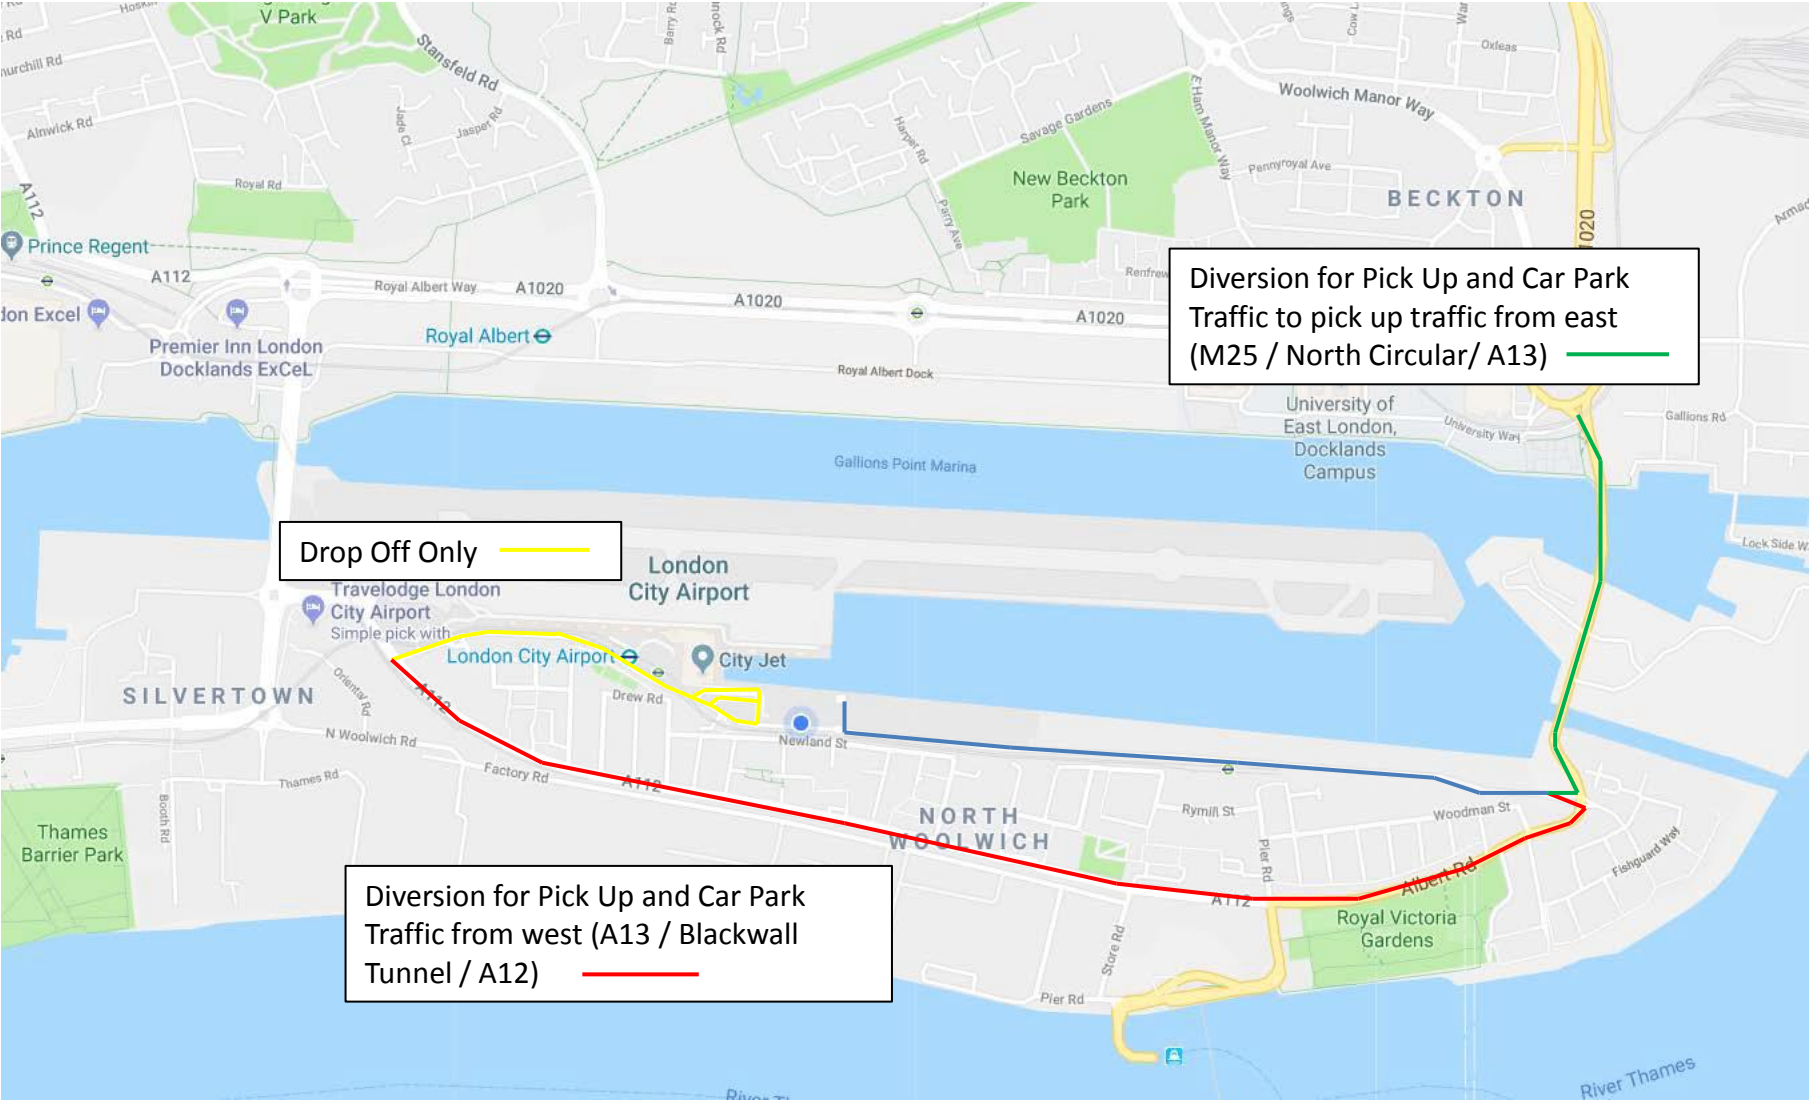

From Monday 30th April 2018, for approximately 6 weeks

- 1 Temporary pick-up location accessed from existing entrance off Hartman Road.
- 2 CAH Section of Hartmann Road Closed except for Taxis/CAH Deliveries/Emergency Vehicles. Drop Off to become one way and traffic to pick up/car parks to enter/exit LCY via Eastern Gate

From Monday 30th April 2018, for approximately 6 weeks

From mid-June 2018, for approximately 3 weeks

- 1 Revised Taxi, Drop-off and Bus entrance
- 2 Pickup location accessed from new ramp access off Hartman Road.
- 3 Duct installation to continue within Hartmann Road under 2 way lights

From early July 2018, for approximately 4 weeks

1 Revised Taxi entrance and exit

From early August 2018

Car Hire building moved

Revised Pedestrian walkway
