

The Pitcher, started in the year 2000 as a studio project, has grown to a highly respected act in the Hardstyle scène. With over 75 releases and an award winning album, The Pitcher is now signed at Brennan Heart's label I AM HARDSTYLE.

Paradoxical as an "underdog", Luc and Michel dictated the sound of Hardstyle with their famous signature sound from the early beginnings of Hardstyle. Always thinking outside the box, they shaped the genre to what it is today. A musical style ultimate designed for partying, with themes that address the struggles of the ordinary life but always celebrating this life to the fullest.

All cumulated in their latest multilayered project called "THIS IS MY SOUND". Incorporating live sets with their newest productions, and classic sets with edits never heard before & unreleased tracks from the early days. Always including a personal statement that shows where they stand; close to the fans with their undying love for Hardstyle.
