Unless you have a pre-existing agreement between you and the relevant Network Operator, you acknowledge and agree that by entering into the Contract for the supply of electricity to the Meter Point(s), you are also entering into the National Terms of Connection (NTC) in respect of such Meter Points, the terms of which are deemed to be incorporated into this Contract in full.

The NTC is a legal agreement. It sets out rights and duties in relation to the connection at which your Network Operator delivers electricity to, or accepts electricity from, your Premises.

You acknowledge that we are acting as an agent of the relevant Network Operator to enter into an agreement with you that the conditions of the NTC will apply in respect of the Meter Point(s) under this Contract. You are deemed to have entered into such an agreement from the date on which you enter into the Contract, and this affects your legal rights.

If you would like a copy of the NTC or have any questions about it, please write to: Energy Networks Association, 1st Floor, 4 More London Riverside, London, SE1 2AU, phone 0207 706 5137, or see the website at connectionterms.org.uk

18.3.2. The purchase of Renewable Energy Certificates demonstrates the purchase of electricity generated from a Renewable Source. We make no promise or representation as to any environmental benefits from the relevant underlying Renewable Source. In addition, the purchase of this electricity does not create any additional environmental benefit as this renewable energy is already going to be produced.

18.3.3. In the event there is a change in law or regulations which (directly or indirectly) affects the availability of renewable energy certificates or energy from a renewable source or where we cannot purchase renewable energy certificates for any reason whatsoever, we may, where possible, and at our sole discretion, substitute this with a comparable product and/or vary the Charges to reflect the change or comparable product.
