Hi [REDACTED]

Further to our chat this morning, I have spoken again to [REDACTED] who runs the HSE here.

2024 participants are being visited and they have the option of answering the questions by CAWI (on their own device but done during the interview) or CASI (and the laptop is handed over).

They haven't updated the activity list but agree they probably should.

I asked about the rationale for including the gambling questions in 2024 and essentially they want to continue the time series.

Hi

Update from the HSE team here...

The questions will be CASI or CAWI in 2024 depending on age and internet/device availability. It's a shorter set of questions than previous years consisting of the types of gambling grid and then the PGSI screen (DSM-IV removed).

Hi

I've also asked the HSE team here for more info & will report back when I hear.

Hi [REDACTED]

That is interesting to know, thanks. I presume results wouldn't be available until 2026?

Also, do you know what the methodology will be?

Thanks

Hi,

Just to let you know that I was on a call with DHSC who have confirmed that they are funding the existing gambling questions in HSE 2024.
