All

Huge thanks for your attendance and input at the meeting today I thought it was really productive and helpful and showed just how much work has gone into this.

[REDACTED] as you may have heard the meeting overran so we're sorry we didn't join you in the other BI meeting!

My notes re docs for a bundle are as follows:

Lic lines 4,5,13,41 of Index Labs. 3,6,13,14,59, 75, 85 and 87 of BI tab plus the PML tab. I may have.

Compl – 8, 10, 20, 25 and then 27 to 31 (I think), 42,43,45, 47, 49, 50, 52 and 54 plus I have noted 18 Feb onwards but not sure why. I may have missed some docs though and again if I missed some lines that had GC/FCA engagement so they would need to go in

Enf – unhelpfully I haven't put lines in but noted CMP, [REDACTED]

Policy – 5,7,8,13 and 20 – there may be more.

[REDACTED] you took an action to look at the docs [REDACTED] pulled together for [REDACTED] which set out our reg framework.

I will have a separate small bundle which contains the reports for Ministers.

If you could all look through your schedules from the perspective of the reviewer – are things phrased in a way someone outside of the GC would understand, including acronyms, and are we disclosing any, say critique of ourselves which we don't need to as lessons learned will come later.

We will end up with a bundle as follows:

- 2 page cover note for context setting including our risk based approach and fees received from this operator – I will draft
- Reg framework docs
- Lic schedule and key docs
- Compl schedule and key docs
- Enf schedule and key docs
- Policy schedule and key docs

This is our highest priority work at the moment given the external reputational issues so if I could

have the above asap and let me know if we need to move other work for you if you are pushed.

Many thanks all.

■
