Disclaimer: The certification documents, including the Statement of applicability, may refer to national and international standards as source(s) of the control set. These controls may have been reviewed, but this certification is applicable only to ISO 27001:2022 defined controls. To be read in conjunction with the scope above or the attached appendix. This certificate remains the property of ControlCase and shall be returned immediately upon request. This certificate relates to the Information Security Management System and not to the products or services of the certified organization. The certificate reference number, the mark of the certification body, and/or accreditation mark are not to be shown on products or stated in documents regarding products or services. Promotional material, advertisements, or other documents showing or referring to this certificate, the trademark of the certification body, or the accreditation mark, must comply with the intention of the certificate. The certificate does not itself confer immunity to the certified organization from legal obligations.
