

Tailor Your Education Benefits for Today's Talent and Tomorrow's Growth

Your workforce is your greatest competitive advantage and investing in their growth is one of the smartest moves you can make. But too often, generic, off-the-shelf programs fall short of meeting the real-world needs of your people and a tangible ROI for your business. That's why our **Education as a Benefit** solution is built to align individual growth with organizational strategy. We deliver customizable reporting and learning pathways that close talent gaps, boost employee engagement, accelerate growth, and evolve with your changing business needs.

Partners

Give your employees access to over 300 associate, bachelor's, master's, PhD, credential, licensure, professional and leadership development, and test prep programs across our established university network and Kaplan programs.

Personalization

Consider a hybrid approach, combining our network with your preferred institutions. If your goal is to upskill employees in specialized areas, we can deliver fully managed, custom education programs.

Possibilities

Bring us your challenges so that we can explore the possibilities. With our unparalleled reputation and deep relationships in global education, anything is possible.

Broad Range of Offerings. Targeted Skills.

Unlock employee potential through an extensive array of degree, credential, micro-credential, and certification programs covering such areas as:

Artificial Intelligence	Cybersecurity	Nursing
