Experience

Nansen

Senior Frontend Web Developer

2012-Present

- Build accessible, performant and responsive sites using a variety of Frontend frameworks.
- Develop sites using headless as well as traditional CMS.
- Collaborate with clients, creative team, developers and managers to help gather requirements and provide estimates.
- Leverage testing tools to ensure critical parts of the site function sprint after sprint.
- Help onboard and mentor new hires.
- Integrate personalization tools to A/B test features.
- Helped develop internal projects: Worked with a group to create a scaffold CSS framework for use on some of our sites. Helped to standardize internal project documentation.
- Created various types of animations using both CSS and JS. From small micro-animations to full screen user interactive animations.

Main sites developed:

- <https://www.affirm.com>
- <https://www.uspoloassnglobal.com>
- <https://www.pacificsurfliner.com>
- <https://www.frigidaire.com>

American Eagle

Frontend Web Developer

2010-2012

- Built new sites while maintaining existing for 50+ clients.
- Supported clients by investigating bugs and documenting new feature requests.
- Collaborated with team members in order to identify and solve clients problems.

Chicago Public Schools - IT Department

Web Designer

Frontend Web Developer

2003-2010

- Designed interfaces and iconography for internal and public web sites.
- Integrated designs into static HTML/CSS.
- Generated wire frames, designing comps and functional mockups.
- Interface with clients and backend team to determine site requirements and to develop project scope.
- Gained beginning experience in backend C# .NET programming.
- Ensured sites met Section 508 accessibility compliance.

Education

Bachelor of Fine Arts - Multimedia and Web Design

Illinois Institute of Art, Chicago, April 2003

Accolades

- Accidentally small talked with popular web teacher, [Wes Bos](#), and I had no clue it was him until a few hours later.
- “King for the day” in kindergarten. Got to bring in my favorite toys and snacks to share with the class for the day.
