Ready for What's Next, Now™

Analyze 4.7 for Aptean Industrial
Manufacturing OEE

Easily Visualize and Analyze Enterprise Data

Get actionable insights that drive business results

Analyze 4.7 for Aptean Industrial Manufacturing OEE delivers production analytics quicker so you can spot trends, identify root causes and make better decisions – faster. That's why over 400 organizations, for over 20 years, rely on Aptean to optimize their production forecasting and machine efficiency. Learn more about the many benefits this cloud-based solution can bring to your business:

❯ **Customer satisfaction, improved** – Meeting production goals and quotas with more efficient manufacturing will drive greater customer satisfaction and loyalty.

❯ **Business Results, delivered** – Identifying failures and stoppages is critical. Analyze 4.7 brings interactive, immersive dashboards and reports for actionable insights and drive business results.

❯ **Forecasting, optimized** – With greater fiscal and production forecasting, you have improved overall asset health awareness.

❯ **KPI reporting, enhanced** – Gathering and assessing KPI data is challenging, but with Analyze 4.7, you can customize KPIs and receive powerful dashboard visuals that do the tracking for you.
Key Features

› **Availability Report** – Provides the data of actual production time against planned production with greater visibility into sites, departments, production line, team, time, and more.

› **OEE Report** – Delivers the data on key performance indicators (KPIs) of OEE: availability, performance and quality with measurements over a specified period giving a holistic view of actual attainment against quota or goals.

› **Product & Order OEE** – Provides OEE metrics for products, orders, time and production line over time.

› **Product & Order Report Data** – Delivers the detailed metrics of orders and products in a tabular format.

› **Downtime-1 Report** – Provides downtime metrics of downtime functions, site/department/production place and time.

› **Downtime-2 Report** – Tabular form of downtime data of type and downtime over a period of time.
