# Work Smarter, Not Harder

From shop floor to delivery, Aptean Industrial Manufacturing ERP *WorkWise Edition* gives you complete visibility into your manufacturing processes to help streamline operations, improve efficiencies, manage complexity and grow your business.

Run a lean, responsive operation with ERP and CRM software that's developed, implemented, and supported by Aptean.

## **Benefits**

- » Streamline operations by shortening cycle times, optimizing supply chain management and accelerating planning.
- » Give decision-makers accurate, real-time insights to support critical decisions.
- » Analyze financial performance to improve efficiencies and cut costs.

## For Discrete To-Order, Mixed-Mode and Engineer-to-Order Manufacturers

Aptean Industrial Manufacturing ERP WorkWise Edition is a revolutionary application assembled to meet the individual needs of each user. Industrial Manufacturing ERP is made up of role-based WorkBenches—views configured to match each user’s role within the company. Using WorkBenches, a workflow is configured for each user’s role and designed specifically for his or her job. This way, users don’t have to move in and out of applications – everything they need is just a click away. In this environment, you’re guaranteed to work smarter and faster.

- ▶ **Full-Featured ERP** – Select from 8 suites and over 45 applications such as Shop Floor Control and Visual Scheduling, CAD integration, CRM, Product Configurator, Capacity Requirements Planning, Mobile Metrics and more
