Manufacturing ERP**
Made2Manage Edition

Automate your workflows and stay on top of your business

Efficiency is the name of the game. Your organization must move quickly to respond to customer questions, deliver finished products, and deescalate problems before they're out of hand. Aptean Smart Hub for Aptean Industrial Manufacturing ERP *Made2Manage Edition* covers all these bases. Aptean Smart Hub is easily integrated into your existing business system infrastructure, putting all of its power at your fingertips.

Workflow Categories

Aptean Smart Hub supports automated workflows that you can easily build yourself. Below are a few of our favorites (but the possibilities are endless).

- ▶ **Exception notifications** – Receive alerts when an operation is late or an item quantity goes negative
- ▶ **Routine activity automation** – Automatically send invoices to customers, send late material notices to vendors, or send order shipping notices with FedEx/ UPS tracking numbers to customers
- ▶ **Ask Industrial Manufacturing** – Email Industrial Manufacturing ERP a question from your mobile device to get a real-time status update for a job, customer, or vendor
- ▶ **Integration** – Build and manage integrations and data imports/exports with other internal and external systems.
