

**Aptean Pay – Payment Portal
for Aptean ERP**

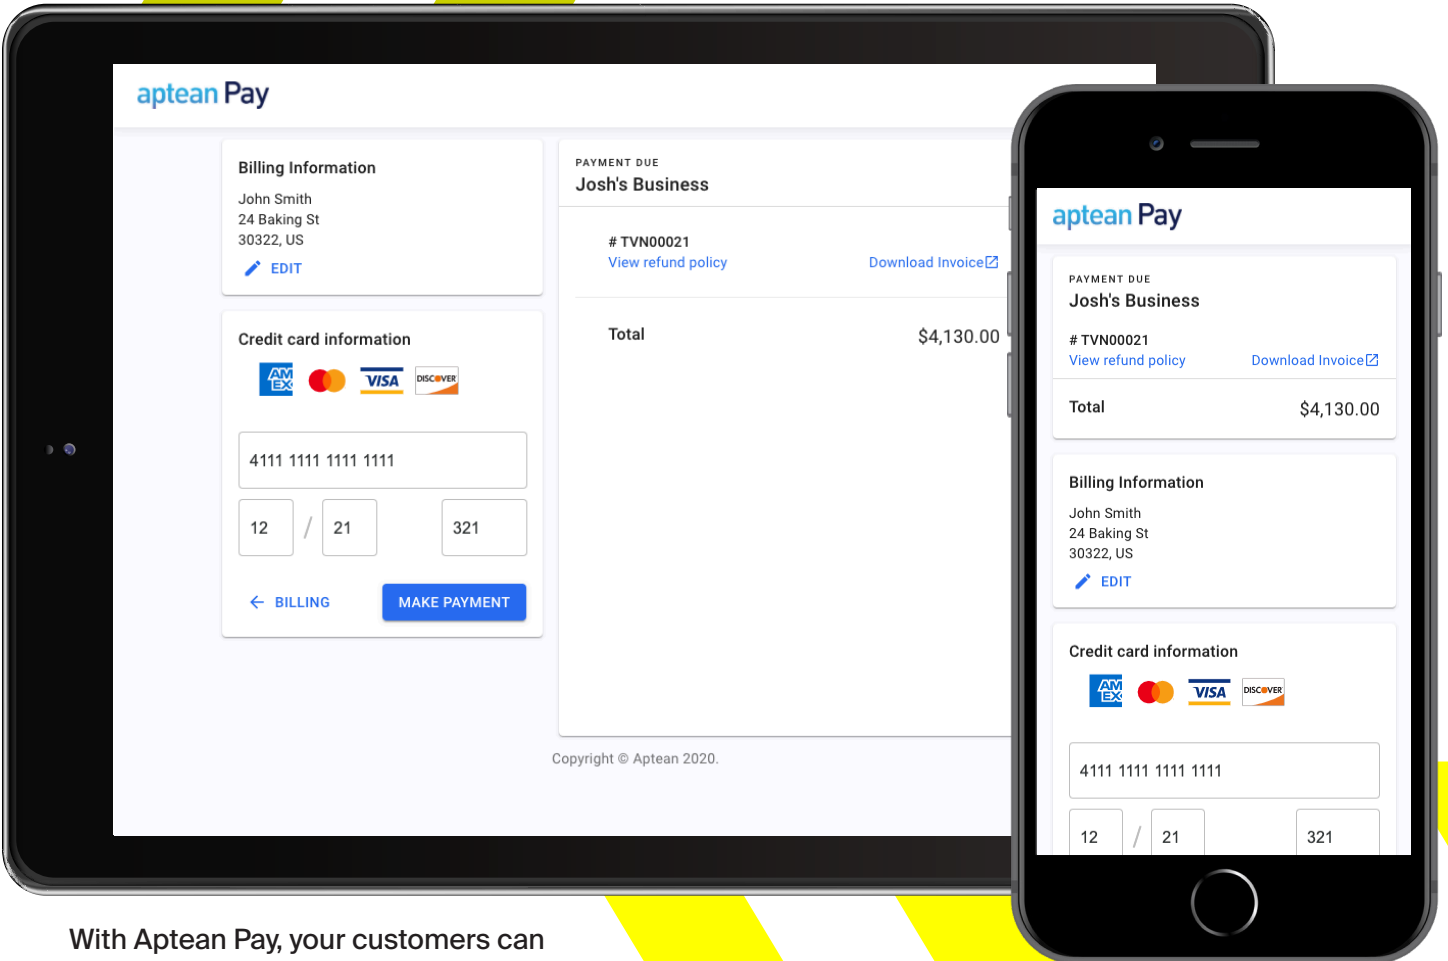

Automate & Streamline Your Payment Processes

A cloud-native payment portal to help you get paid faster

When your customers pay you, you want to recognize that revenue as soon as possible – but traditional payment processes are far from efficient. Whether you're tired of the hassle and delays of processing paper checks, or accepting digital payments but still manually entering them into your ERP, Aptean Pay is here to help.

Aptean Pay is an integrated payment platform that allows you to accept digital payments and capture them automatically in your Aptean ERP.

- ▶ **Get paid faster** – Stop waiting around for checks to arrive. With Aptean Pay, customers can pay you immediately when they receive an online invoice.
- ▶ **Automate time-consuming accounting processes** – With Aptean Pay, payment transactions are automatically captured in your Aptean ERP, automating Accounts Receivable reconciliation.
- ▶ **Improve financial reporting accuracy** – Since Aptean Pay reconciles payment transactions in your ERP nearly instantly, you can pull more accurate, up-to-date financial reports.
- ▶ **Get started in minutes** – Setup is quick and painless. Simply create a merchant account, set your pay-out frequency settings, enter your bank account information, and start accepting digital payments right away.

With Apteon Pay, your customers can pay you quickly and easily through a secure payment portal.

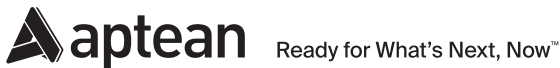

Key Benefits

- › **Automate payment requests** – With Apteian Pay, you can automatically send digital invoices to your customers via email.
 - › **Digital payment portal** – When a customer receives a digital invoice from you, they're directed to a user-friendly payment portal where they can easily make a payment via ACH or credit card.
 - › **Automatic accounts receivable reconciliation** – Apteian Pay transactions are captured in near-real time in your Apteian ERP, enabling automated Accounts Receivable reconciliation.
 - › **Level 2 & Level 3 Processing** – Pay supports Level 2 and Level 3 processing for both Visa and Mastercard corporate cards, allowing your business to significantly reduce the cost of processing commercial credit card transactions.
 - › **PCI DSS compliant** – Apteian Pay is integrated with JP Morgan Chase, a certified Level 1 PCI Compliant Service Provider – the highest level. JP Morgan Chase handles the management of credit card information, tokenization, flow of funds, risk underwriting, and fraud detection. Credit card data is not carried by Apteian Pay, and never comes into contact with your Apteian ERP, removing risk and liability from your organization.
 - › **Fully SaaS-enabled** – Apteian Pay is a fully SaaS-enabled platform, but can be used with both SaaS and on-premise versions of your Apteian ERP.
