

Aptean Ship

Make Your Shipping Process More Efficient and Cost Effective Than Ever

Aptean Ship is an integrated packing and shipping solution that supports both small parcel and LTL carriers.

Shipping should be easy. With so many types of packages, international requirements and carriers, your freight complexity and cost can get out of hand. Aptean Ship makes it simple – smart features and integration with Aptean ERP gives you ultimate flexibility to manage cost, carrier, handle documentation and connect with your warehouse without the hassle of dealing with multiple shipping providers.

Aptean Ship integrates tightly with Aptean ERP making the entire shipping process more fluid and reducing shipping and shipping related expenses. With multi-mode and multi-carrier capability, warehouse visibility and automation options, Aptean Ship will scale with you as your business and shipping needs change.

With Aptean Ship, you can:

- ▶ **Reduce shipping cost and complexity** – Rate shop carriers and modes in one place. Choose the options that best fit your needs or let Aptean Ship auto-select the best carrier/service for you.
- ▶ **Streamline your shipping process** – A tight integration with Aptean ERP ensures a streamlined shipping process by providing the warehouse instant access to orders.
- ▶ **Build brand awareness** – Personalize your shipments by customizing your shipping documents and email notifications to help drive repeat business.
- ▶ **Increase warehouse efficiency** – Access personalized field maps to customize the workflow to match your unique requirements.

Key Benefits

- › **Plug-and-play interface** – Apteian Ship’s integration with Apteian ERP streamlines shipping, accounts receivable and customer service. Your warehouse gets instant access to orders.
- › **Rate shop with ease** – Give the entire office the power of rating small parcel and LTL from one unified view. Consolidate multiple orders into one shipment as well as batch processing orders. Supports multiple levels: carton and pallets.
- › **Multi-carrier, Multi-mode shipping** – Ship small parcel (including regionals) and LTL through a single application. Or let Apteian Ship auto-select the optimal spend and time based on your custom parameters.
- › **Ship complex requirements** – Access line-item detail to automate documentation for international, hazmat, 128 labels or BOL reports.
- › **A dashboard with high-speed information** – Give the front office and management instant access to shipment history, metrics and reporting.
- › **Branding customization** – Customize your shipping documents and emails, and keep customers up to date on their packages, all while staying true to your brand.
- › **Multiple printing options** – Print shipping labels and documents (including international forms) separately or go for an integrated packing list and shipping label.
