EXPERIENCE

The School of Cool.

For five decades, we've been turning drivers' seats into personal classrooms, and we're not stopping. On track, with your skills and our experts, the Porsche Track Experience comes alive when theory becomes action.

Make it Yours.

“Sportfahrschule” at heart.

Celebrating 50 years of shared driving passion.

In 2024, the Porsche Track Experience hits a monumental milestone as it celebrates 50 years since its start in 1974 with the introduction of the 911 Turbo. What began as the “Porsche Sportfahrschule” (Porsche Sport Driving “School”) has since evolved into the internationally acclaimed Porsche Track Experience, captivating Porsche enthusiasts worldwide. And while five decades is an impressive span of time, the exhilaration of the track, the joy of driving extraordinary Porsche vehicles and the sense of community continue to fascinate and thrill.

With this in mind, we want to pay tribute to five decades of joint success, commemorate this rich history and express gratitude to our customers and everyone involved in this unique journey. We invite you to join us in celebrating our special anniversary year worldwide.

One family. On track.

LET'S CELEBRATE.

Half a century in the fast lane. Time for a paddock party and birthday donuts!

Fasten your seatbelts and celebrate our birthday with us! In the spirit of our former Porsche Sport Driving School: accompanied by the "school" vibes from 50 years ago. Reinterpreted - but as usual "turbo-fast" with plenty of racetrack flair.

Paddock atmosphere, show drives, exciting workshops and inspiring panel talks - a birthday party just the way we like it. And of course with our racetrack cars - to marvel at, touch, experience and line up on the starting grid for a special kind of birthday serenade. Together with our companions from the Porsche cosmos and, of course, our Porsche Track Experience team! A "school" excursion that will even excite our grown-up guests.

Excited? So are we! Stay tuned for more information.
Happy Birthday, Porsche Track Experience.
