FM9000PRO

PROVEN HERITAGE. SMARTER PERFORMANCE.

R65 Emergency LED Lightbar

CD9056BABW

CD9060BARB

The FM9000 has long been trusted by ambulance services, particularly across the UK, where compliance, durability, and performance are essential. The **FM9000Pro** builds on this proven foundation with lighter construction, smarter integration, and enhanced fleet-wide coordination.

FM9000Pro is engineered not just as a lightbar, but as part of a complete warning solution for today's ambulance fleets and tomorrow's emergency response requirements.

Options include:

- Choose from 1422mm, 1524mm or 1905mm lengths
- Fully customisable flash patterns with DNA System
- Polycarbonate lens
- Temperature range: -40°C to +65°C

LED bar options:

- Front Facing - Blue, Amber, Blue, White
- Rear Facing - Blue, Amber, Red, White

Model Number	Colour	Description	Dimensions
CD9056BABW		Front facing, 12 module	1422mm L x 36mm H x 37mm D
CD9060BARB		Rear facing, 13 module, centre brake light, angled work lights	1524mm L x 36mm H x 37mm D
CD9075BABW		Front facing, 12 module	1905mm L x 36mm H x 37mm D
CD9075BARB		Rear facing, 13 module, centre brake light, angled work lights	1905mm L x 36mm H x 37mm D

FEATURES AND BENEFITS

Lightweight and energy efficient for reduced load, and improves safety at incident scenes.

Angled rear work lights deliver wider ground illumination, enhancing crew safety during roadside operations.

High-performance blue flash patterns designed for maximum visibility and safety.

Fully customisable and synchronised flash patterns with DNA System.

WHY CHOOSE FM9000PRO?

Lightweight, intelligent and fleet-ready solution.

- Proven FM9000 platform with next-generation enhancements
- Lightweight and energy-efficient design
- Straightforward installation
- Shielded cabling and heavy-duty connectors ensure long-term reliability
- DNA-enabled interoperability and synchronisation
- Designed for fleet standardisation and tender specification
- Built for the realities of ambulance conversion and front-line use

LIGHTING BUILT FOR EVERY FLEET

Safe, efficient & reliable, designed with your vehicles in mind.

Ambulance Fleets

Optimised weight and payload, energy-efficient, with enhanced on-scene safety and vehicle coordination.

Procurement Managers

Clear compliance, simplified fleet standardisation, and one platform with multiple configurations.

Vehicle Converters

Lightweight design, easy installation, consistent fleet builds, and fewer heavy controllers.

UPGRADE WITH CONFIDENCE

Already running FM9000? Upgrading couldn't be easier.

The FM9000Pro combines enhanced build quality with advanced functionality, helping fleets modernise existing vehicles in a cost-effective way, without major system changes or extended downtime.

SMARTER WARNING WITH DNA TECHNOLOGY

Unlocking a new level of intelligence and coordination.

- No bulky control boxes taking up valuable space
- Integrated flash pattern synchronisation across all DNA-compatible devices
- GPS-based synchronisation ensures multiple vehicles arriving on scene display harmonised warning patterns, even across different fleets and agencies

The result: A clearer visual message, reduced confusion for road users, and safer working environment for emergency personnel.

YOUR SAFETY IS OUR PRIORITY.

Whenever and wherever, professionals in the emergency services are called to put their skills to the test, you'll find Code 3 on the job. That's because there's a bond of trust between operator and equipment that we respect and earn everyday. For 51 years, our products have answered the call of service with the promise of uncompromising performance.

When the best names in Police, Fire, & Emergency manufacturing specify our products, everyone wins. Our relationships with industry-leading original equipment manufacturers (OEMs) have stood the test of time, time and time again as standards have changed and buyer expectations have risen. Without exception, Code 3 equipment on a rig means you've chosen a winning combination.

TRUST

Driven by people, performance, and pride, Code 3 delivers ease, flexibility, and responsive support for dealers and users of our safety equipment.

PERFORMANCE

We respect that dependable performance of our products is one thing that helps emergency services professionals get the job done. That's why we stand behind Code3 products without exception.

SECURITY

Code 3 believes that trust in people and equipment builds lasting relationships. Professionals feel secure in our expertise. Code 3's performance in real-world conditions not only makes people feel more secure, it saves lives every day.
