R65 LED WARNING BEACONS

The ultimate in EMC Noise Protection with CISPR25 Lvl 5 BEACONS

ECCO's R65/Class 1 LED Warning Beacons deliver exceptional performance and reliability. With CISPR-25 Level 5 certification, the highest rating possible is to ensure that there will be no electrical noise interference with other electrical items in the vehicle. Complying with ECE Regulation 65, they offer superior output and visibility.

Featuring an IP69K rating, the highest rating possible, they ensure operation in harsh environments and against close-range, high-pressure, high-temperature water jets. With 15 versatile flash patterns, they adapt to various applications.

Installation is easy with the ADR-approved 300mm cable and 3-bolt mounting system or magnetic mount with switched power plug adapter. Synchronization capable, they integrate seamlessly with other beacons. Operating on a 10-30V multi-voltage system, they are compatible with various vehicles. Backed by a 3-year Warranty, they provide long-term reliability.

Model				
PART NO.	VOLT	AMPS	FLASH	MOUNT
EB8970A	10-30V	2.3	15	3-Bolt
EB8965A	10-30V	2.3	15	3-Bolt
EB8965A-MG	10-30V	2.3	15	Magnetic
