FOCUS360 SERIES

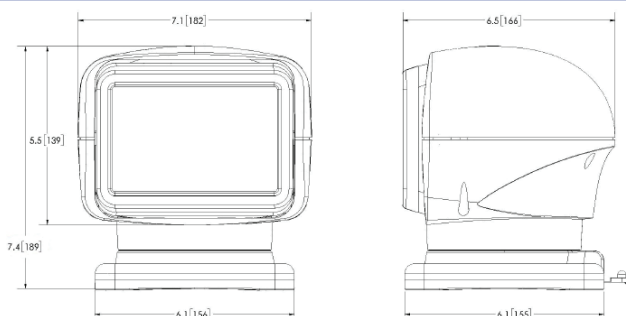

Wireless Remote Control Spotlights

The ECCO EW3010-WK and EW3011-WK Focus360™ Series Remote Spotlights combine powerful illumination with advanced wireless control. Featuring upgraded 2.4 GHz wireless technology, 360° continuous rotation, 135° tilt range, simultaneous pan and tilt operation, and a dedicated Return to Home function, these motorised searchlights provide precise, reliable lighting control for demanding applications. Available in permanent or magnetic mount configurations and supplied with a hand-held wireless remote.
