

CODE 3 CONNECT™ PLUG-AND-PLAY VEHICLE WARNING KIT

Code 3 Connect™ revolutionizes vehicle upfitting, reducing warning light install times by 75% or more. It features our proprietary, ultra-slim QuickLink™ connectors that measure just ¼" in diameter and install in seconds – no cutting, wire tapping, crimping, soldering, or heatshrink required. This system is fully customizable with a-la-cart options for warning lights, QuickLink™ jumper cables and optional components. When maintenance is needed, damaged lightheads can be swapped in minutes, keeping you mission-ready. Code 3 Connect™ is the ultimate plug-and-play system that redefines and simplifies vehicle upfitting, getting vehicles on the road faster.

3PMF.3B - 1' (.3m) Jumper Cable
3PMF.6B - 2' (.6m) Jumper Cable
3PMF1B - 3.3' (1m) Jumper Cable
3PMF2B - 6.5' (2m) Jumper Cable
3PMF3B - 9.8' (3m) Jumper Cable
3PMF5B - 16.4' (5m) Jumper Cable
3PMF7B - 23' (7m) Jumper Cable

C3C08: Front SUV Harness
C3C10: Front SUV Harness + Switch Node
Jumper cables not needed

C3C09: Rear SUV Harness
C3C11: Rear SUV Harness + Switch Node
Jumper cables not needed

C3C12: Z3 B Outputs
Pair with jumper cables

SWITCHNODE-C3C
Switch Node & Output Harness
Requires a SIB or Z3 for control

3 OPTIONAL COMPONENTS

2PCB
QuickLink Cover

3P3WB
Output Splitter

2P3CB
Splitter Cover

DETAILS

- Proprietary plug-and-play QuickLink™ connectors install in seconds, reducing install times by 75% or more compared to traditional methods — no cutting, wire tapping, crimping, soldering or heatshrink required
- Fully customizable with a-la-cart options for warning lights, jumper cables and optional components
- SWITCHNODE-C3C supports eight outputs (add more as needed) and connects to a Z3 siren or SIB with provided CAN wiring harness
- 3P3WB splitter allows for multiple lights to be controlled by one output
- QuickLink™ and splitter cover provide up to 55lbs of breaking strain between connection points
- Heavy-duty, water-resistant cables and connectors built to withstand demanding environments
- Easily replace damaged lighting with minimal downtime
