SMART ALARM® Surface / Grommet Mount

ECCO's range of Smart Alarms® were the world's first self-adjusting back-up alarms. Smart Alarms constantly measure ambient noise and adjust their sound level, creating a volume that is safe without being annoying or contributing to noise pollution. Smart Alarms eliminate the need for constant manual adjustment and help prevent intentional alarm disconnection.

Design Features

- Smart Alarm technology adjusts output to 5dB above surrounding noise
- Sealed in epoxy for protection against dust, moisture and vibration
- Reduces irritation and noise complaints
- Eliminates confusion on which alarm to choose
- Temperature range: -40°F to +185°F (-40°C to +85°C)

Models

PART NO.	TYPE	VOLTS	DECIBELS	AMPS
